- Customize with your own kitchen cabinetry or purchase our stainless steel door panel and handle accessories

DIMENSIONS

Height	84"
Width	29 3/4"
Depth	24"

FEATURES & BENEFITS

Variable Temperature Zone

Create the perfect climate and store each type of food at optimal temperature and humidity with Variable Temperature Zone, reducing food waste due to spoiling. You have the choice of four food modes: Pantry, Fridge, Soft Freeze or Freezer. Use the Max cold feature for periods of high refrigerator or freezer use, or full grocery loads.

ActiveSmart™ Foodcare

ActiveSmart™ Foodcare learns how you live. It's technology which understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

Internal water dispenser and ice maker

Both the water dispenser and ice maker are located inside this Integrated model, leaving an uninterrupted exterior. Internal storage space is maximized thanks to a flush-fit slimline water dispenser that gives a continuous flow of temperature-controlled chilled water to fill almost any size or shape of vessel. The dual valve system instantly stops water flow to prevent drips and spills.

Flexible storage

Designed to make it simple for you to store, access and remove food, this refrigerator includes LED-lit adjustable cantilevered shelving and full extension bins in the freezer. The door and veggie bins are family safe, allowing for hands-free operation

thanks to its soft close mechanism

Complementary design

Both the 24" and 30" Integrated Refrigerator Freezers can be installed separately or paired with a Column Refrigerator, Freezer or Wine Column. Customize with your own kitchen cabinetry and handles, or purchase our stainless steel door panel and handle options.

Perfect fit

These models fit flush and have only 1/8" gaps around them with no visible hinges or grilles. Our Integrated models can be seamlessly hidden behind your cabinetry for an understated and clean look with any kitchen layout.

Design quality

The premium design and finish includes a steel interior lining as well as full extension metal shelf runners for easy access, robust glass shelving and quality hinges designed for daily use.

Clever energy

With an Energy Star Most Efficient rating, your refrigerator adapts to daily use by cooling and defrosting only when needed. This means it uses the energy it needs without compromising on food care.
