Info / 参数 / 製品仕様

Model	MCMP2
Model	MagiZ Car Mount Pro 2 Qi2 (MCMP2)
Part	Qty. 30, 30 x 110 x 110 (DxHxW)
Weight	120g
Material	PC+ABS

品名	MCMP2
規格	Qi2規格 (15W/10W)
重量	30個/箱 (30x110x110mm)
材質	PC+ABS

上工程番号	MCMP2
下工程番号	MCMP2-10000000000000000000
品名	MCMP2
規格	Qi2規格 (15W/10W)
重量	120g
材料	PC+ABS

Package Includes:

Quick Guide / 操作指南 / 操作ガイド

1. Adjust the height to fit your vehicle and device. (調整可能な高さに合わせて、車とデバイスの位置を調整します。)

2. Turn the MagiZ to secure the device. (デバイスを固定するためのMagiZを回します。)

3. Adjust your device. (デバイスを調整します。)

FCC Warning

This device is certified under part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance with the party's certification may void the user's warranty.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference to a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used properly, it may cause interference to other electronic equipment. If you experience any interference problems, you are encouraged to try to correct the interference by the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and other electronic equipment.
- Connect the equipment into a different outlet, a circuit different from that to which the receiver is connected.
- Consult the equipment user's manual for more information.

This equipment complies with FCC radiation exposure limits and is designed to be used in accordance with the FCC rules.

IC Warning

This equipment complies with Industry Canada's licensing requirements for Class B digital devices. Operation is subject to the following two conditions: (1) The device must not cause interference, and (2) the device must accept any interference received, including interference that may cause undesired operation of the device.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the IC Rules. These limits are designed to provide reasonable protection against harmful interference to a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used properly, it may cause interference to other electronic equipment. If you experience any interference problems, you are encouraged to try to correct the interference by the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and other electronic equipment.
- Connect the equipment into a different outlet, a circuit different from that to which the receiver is connected.
- Consult the equipment user's manual for more information.

This equipment complies with FCC radiation exposure limits and is designed to be used in accordance with the FCC rules.
