

## WH64 Hybrid Mono & WH64 Hybrid Dual DECT Wireless Headset

Quick Start Guide V1.0

Please update the headset to the latest version via Yealink USB Connect (PC) before using.

# Safety Guide

1. Do not disassemble the product by yourself or bring it near fire and water to avoid short circuit leakage or damage to the product.
2. Do not use the product in high temperature, humidity, and corrosive environment to avoid damaging the circuit and causing failure to charge or other failures.
3. Do not expose the product to corrosive liquids. Otherwise, it will cause severe damage.
4. Do not disassemble or re-equip the product for any reason to avoid secondary failure and burnout.
5. Do not place the product below  $-10^{\circ}\text{C}$  or above  $60^{\circ}\text{C}$ .
6. Do not knock, throw or shake the product because rough methods will damage the internal circuit board structure.

# 1 Package List

## • Standard

WHD642 Headset

or

WHM641 Headset

WDD60 Dongle

USB 2.0 Cable  
(USB-A to USB-C)

Drawstring Bag

Quick Start Guide

## • Optional

BHC70 Charging Stand

Replacement Ear Cushions

Note: We recommend that you use the included accessories, and other accessories may have compatibility issues that prevent them from working properly.

## 2 Overview

# 3 Pairing and Connecting Device

## 3.1 Headset DECT Mode

### 1 Connection

#### • Connect to PC

Power on state

#### • Connect to IP Phone

Power on state

#### Note:

1. The headset and the WDD60 are pre-paired and ready for use. In the event that the WDD60 is unpaired or bought separately, you will need to pair the WDD60 with the headset according to step 2.
2. One WDD60 can only connect to one device at a time.
3. Plug the WDD60 into a PC USB port and select it as the playback device in your operating system's audio settings.

## 2 Pairing (Optional)

### i. Put the headset into pairing mode

### ii. Put the WDD60 into pairing mode

You can connect the WDD60 to the PC or IP phone.

Note: One WDD60 can only connect to one device at a time.

### iii. Pair successfully

## 3.2 Headset Bluetooth Mode

- Put the headset into pairing mode

- Pair with mobile device

## 4 Power on/off

| Power Button                                                                                  | LED Indicator             | Prompt Sound                                                                                                            |
|-----------------------------------------------------------------------------------------------|---------------------------|-------------------------------------------------------------------------------------------------------------------------|
|  Power on  | Solid green for 2 seconds |  "power on, battery low/medium/high" |
|  Power off | Solid red for 2 seconds   |  "power off"                         |

## 5 Charging

USB Charging

Charging Stand (optional)

**Note:** We recommend to fully charge the headset when using it for the first time.

### LED Indicator Status

Charging

Breathing green LED indicator

Fully Charged

Solid green LED indicator

**Note:** It takes 1.5 hours to fully charge the headset.

## 6 Call Control

| Item             | Headset Action                                                                                                                                               |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Mute/unmute call | Press <b>1</b> .                                                                                                                                             |
| Volume up/down   | Press <b>4</b> / <b>5</b> .                                                                                                                                  |
| Answer call      | Press <b>2</b> .                                                                                                                                             |
| End call         | Press <b>2</b> .                                                                                                                                             |
| Reject call      | Double-press <b>2</b> .                                                                                                                                      |
| Hold/unhold call | <ul style="list-style-type: none"> <li>- Press <b>2</b> for 2 sec to hold call.</li> <li>- Press <b>2</b> for 2 sec or press once to unhold call.</li> </ul> |
| Redial           | Double-press <b>2</b> .                                                                                                                                      |

## 7 Fit Headset

Support dual-sided wearing.

## 8 Replace Ear Cushions

## 9 Software Management

Download Yealink USB Connect from the Yealink website <https://www.yealink.com/product/yuc>.
