

The All-New 2022 Taos

Show the world you're always game

Our all-new compact SUVW is more than big enough for all your adventures, thanks to its excellent packaging efficiency. The German-engineered Taos comes available with a wide range of distinctive features.

Top Features

4MOTION® All-Wheel Drive

To conquer whatever Canadian weather[†] throws at you, available 4MOTION® All-Wheel Drive distributes power between the front and rear wheels as needed. Confidence comes easy in a Taos.

Volkswagen Digital Cockpit

Upgrade your "tech-spectations" with the standard Volkswagen Digital Cockpit. You can choose what essential information you want displayed, and configure it to your needs. From speed and travel time to route guidance and assistance systems, make the digital cockpit uniquely yours, or, choose the available Digital Cockpit Pro for even more personalization options*.

Wireless App-Connect

Be instantly connected to your Taos with standard App-Connect for Apple CarPlay® for iPhone®, and Android Auto™ for Android™. Access your text messages through voice commands so you can stay focused on driving. Plus, charge your device with optional Wireless Charging and connect to your apps cordlessly with available Wireless App-Connect.*

Turbocharged Engine

Enjoy exceptional fuel economy with the highly-advanced 1.5L turbocharged engine. With 158 horsepower, 184 lb-ft of torque, and lightning fast response from the available DSG dual-clutch gearbox, this compact SUVW is seriously fun to drive.

Panoramic Sunroof

The available panoramic sunroof stretches the length of the cabin and lets you easily slide or tilt it open with the touch of a button. Talk about a room with a view!

A fresh, fun look

The bold front end, featuring standard LED headlights and available Adaptive Front-lighting System (AFS), gives the Taos an unmistakably VW look. With short overhangs and a long wheelbase, Taos' tidy proportions contain impressive space for passengers and cargo.

[†]Appropriate all-season or winter-weather tires are required for driving in cold, snowy or icy weather conditions.

*Do not drive distracted. Drivers must pay full attention to the road and safe driving at all times.

Volkswagen Canada is not responsible for errors in typography or photography. Some features may be unavailable when your vehicle is built or available at extra cost. Although we endeavour to ensure that the information is accurate, as errors may occur from time to time, customers should contact their local Volkswagen dealer for details. Tires are supplied and warranted by their manufacturer. The vehicle is sold equipped with four all-season tires. However, please remember that the use of winter tires may be mandatory in your province or territory. Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age. The navigation system depends upon signals from the GPS network and is designed to provide you with suggested routes only. Discrepancies may occur between the mapping and the actual location due to changes in street names, construction or other road system changes which are beyond the control of Volkswagen Canada. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route.
