

Integrated Column Freezer, 18", Ice

Series 11 | Integrated
Panel Ready | Left hinge

Install it separately or pair with another Column for seamless integration – this model is left hinge with stainless steel interior.

- ActiveSmart™ technology helps keep food fresher for longer by constantly maintaining the ideal temperature
- Two separate Variable Temperature Zones: each with Freeze, Soft Freeze or Deep Freeze
- Internal ice maker with boost for busy times
- Customize with your own kitchen cabinetry or purchase our stainless steel door panel accessory

DIMENSIONS

Height	84"
Width	17 3/4"
Depth	24"

FEATURES & BENEFITS

Variable Temperature Zones

Food is stored in two separate zones. You have the choice of three food modes: Freeze -7°F to 7°F, Soft Freeze 14°F to 18°F and Deep Freeze is fixed at -13°F.

Mix & match

Integrated Column Refrigeration gives you the freedom to mix and match. Different sized Column Fridges and Freezers can be installed separately or paired. Finish them with our stainless steel door panels or customise to match your own kitchen cabinetry.

Clever energy

Our Energy Star certified ActiveSmart™ Foodcare Fridge Freezers adapt to daily use by cooling and defrosting only when needed. This means your fridge uses the energy it needs without compromising on food care.

Appealing illumination

Bright LEDs light up the ceiling, shelves, bins and tray in both fridge and freezer, making it easy to find your food and creating a welcoming glow in your kitchen for those midnight snacks.

Design quality

The premium design and quality finish includes a steel interior lining as well as full extension metal shelf runners for easy access and robust glass shelving.

Easy install

Integrated Column Refrigerators and Freezers have been developed to make their installation easy. The joiner kit is included when pairing fridge and freezers. All models come with front adjustable levelling feet and they've been designed to easily slide into place as separate units.

Perfect fit

These models fit flush and have only 1/8" / 3mm gaps around them with no visible hinges or grilles. Our Integrated Column models can be seamlessly hidden behind your cabinetry or you can purchase our stainless steel door panel.
