# 1. Introduction

## 1.1. About FLO Ultra

The FLO Ultra™ is a robust station with an aluminum enclosure. It has dual DC fast charger outlets with a modular design that allows you to connect additional chargers together.

The FLO Ultra has the capacity to charge up to 80% in as little as 15 minutes with a 320 kW total capacity (160 kW on each side).

The unique design favors visibility with a highly visible lighting canopy and state of charge indicators so you can spot the FLO Ultra at a distance, and includes easy-to-use features like the FLO EZLift™ motorized cable management system and flexible payment options.

## 1.2. About this Guide

The *FLO Ultra™ Ordering Guide* allows our customers to choose from a selection of parts and warranty coverage plans for their FLO Ultra.

For additional information please call 1 855 543 8356.
