Tap on this to enable power-saving mode.

Note: Some features may not work when the mode is enabled.

Password
Tap on this to set a password.

Notification Settings
Tap on this to enable light and vibration when a notification is received.

SYNCING YOUR SMARTWATCH TO THE APP

Data Synchronization

- Open the app on your phone.
- Make sure your Lunar Comet is connected to the app.
- Synchronization will start automatically once you enter the app interface.

Note: Synchronize data at least once a day to avoid data loss in the watch.

NAVIGATING THROUGH THE FUNCTIONS

SHORT PRESS THE SIDE BUTTON FOR THE MAIN MENU

Sports
Choose from multiple sports modes like Run, Treadmill, Walking, Cycling, Climbing, Walking, Basketball, Badminton, Football, Yoga and free movement. You can also add or replace the activities according to your preference through the smart watch. Only one activity will be replaced on the watch. Tap on any sport mode to start the activity, click the go button, and the watch will start recording the duration of the activity. Short press the side button to pause or stop the activity. The activity will not be recorded if it is less than 3 mins.

Sports Records
Sync your smartwatch to the app to get a detailed record of your activities.

Screen On Time
Tap on this to set the screen time.

About
Shows the device details.

Swipe down for the shortcut menu
You can access Switch Audio, DND, Flashlight, Brightness, and settings

Swipe left or right to access all data.
You can access activity, heart rate, SpO2, stress, sleep, menstrual tracker, music, weather, and phone.

Swipe up to access the notifications.
You can check all the notifications from here.

Functionality of the Side Button
You can rotate the side button to change the watch faces. Short press the side button to go back to the previous function.

PHONE

Contacts
Add up to 10 contacts from boAt Crest app. You can select any contact to directly dial from the watch.

Call History
You can find recently received, missed, and outgoing call logs in the call history of the watch.

Dialpad
Use a dial pad to dial any number from the watch.

Heart Rate Monitor
Wear the watch on your wrist, then click on the icon to start measurements. You can view the detailed data through the app.

Note: Measurements are for reference only and not for medical purposes

PRODUCT PARAMETERS:

Model	boAt Lunar Comet
Screen type	1.39" TFT
Battery capacity	300mAh
Net weight	56g
Bluetooth version	Bluetooth 5.3
Working temperature	-10°C- 60°C
Charging time	2 Hours
Working time	7-10 Days
Water Resistance	IP67
Frequency band	2.4-2.48GHz

MAINTENANCE:
Regularly clean your wrist and the strap of the smartwatch, especially after sweating during exercise or being exposed to substances such as soap or detergent, which may get stuck on the other end of the product. Do not wash the strap with a household cleanser. Please use soap less detergent, rinse thoroughly and wipe with a piece of soft towel or napkin. For spots or stains that are not easy to remove, scrub the area with rubbing alcohol and then follow the above procedure.

Activity
Click on this to check your daily activity data like step count, calorie and distance covered.

Sleep Monitor
Tap on the icon to review the sleep data of the previous night. Once the asleep criteria are met, your smartwatch will start recording from 8 pm at night to 10 am in the morning the next day. Once you lie down and watch detects no movement for 30 minutes, it will start recording, and will stop recording if it detects excessive movement. You can check the data on the app only after the awake criteria is met. You can also track sleep scores on the watch or through the boAt Crest app.

Note: For accurate sleep data recording, the asleep criteria have to be met, including limited movement, wrist positions and angles, and more. The awake criteria will be met only after it records some noticeable movement

Stress monitoring
Click this option to start the stress monitoring. Make sure you wear your watch on your wrist properly to get accurate results. Analysis of the measurement is Relax: 1-29 Normal: 30-59 Medium: 60-79 High: 80-100

Note: Measurements are for reference only and not for medical purposes.

FAQ

Search for the app to connect keeps failing.

1. Keep the boAt Crest app updated to the latest version
2. Close all the programs on the watch → Stop and restart Bluetooth and GPS → Connect again
3. Check and enable the notification functions of your phone and keep the phone and watch in close contact.

Note: Make sure your phone system meets Android 7.0 and above and iOS 12.0 and above.

My Watch Lunar Comet is receiving no alerts, texts, or phone calls.
Make sure smart reminders on the app are on and synced to Lunar Comet. Also, make sure the notification centre of the phone is displaying messages. Only then will your smartwatch also display those notifications. Make sure app is running in the background and the battery optimization feature on the phone is disabled.

My Bluetooth keeps getting disconnected.
Call & Text Notifications, Find My Phone, music control, camera control, weather forecast, cloud and custom watch faces and Bluetooth calling need Bluetooth connectivity to work.

Will it be okay to take a bath wearing Lunar Comet?
The IP67 water resistance will only work under the following conditions:
(1) Maximum depth of water: 1.5m
(2) Maximum time for exposure to water: 10 minutes
The watch isn't suitable for hot baths, hot springs, saunas, snorkelling, diving, water skiing and other wading or deep-water activities with high-speed water flow.

SAFETY & PRODUCT INFORMATION

Battery

- Do not disassemble, bore or damage the battery.
- Do not disassemble the built-in batteries of non-replaceable battery devices.
- Do not use sharp objects to remove the battery.

Health Warning

- If you are wearing a pacemaker or other implanted electronic devices, please consult your doctor before using the heart rate monitor of the watch.

SpO2 monitoring
Wear the watch on your wrist, then click on the icon to start measurements. You can view the detailed data through the app.

Note: Measurements are for reference only and not for medical purposes.

Alarm
Tap on this to set an alarm on your watch.

Notifications
You can check all the notifications from here.

Camera Control Mode
Tap on the remote camera icon on your smartwatch to click a photo from your phone.

**Note: Turn the camera on from your phone to use this feature*

• The optical heart rate sensor will glow green. If you suffer from epilepsy or are sensitive to blinking light sources, please consult your physician before wearing this device.

• The device tracks your daily activities through sensors. This data is intended to tell you about your daily activities such as steps, sleep, distance, heart rate and calories, but may not be completely accurate.

• The device accessories, heart rate sensor, oxygen level monitor, and other relevant data is designed for fitness and not for medical purposes. They are not applicable to the diagnosis, monitoring, treatment or prevention of any diseases or symptoms. The heart rate and blood pressure data is for reference only. We're not responsible for any deviation in data.

• Avoid wearing the watch too tightly. Make sure you keep your skin dry - the area that comes in contact with the watch. If symptoms such as redness or swelling appear on your skin, immediately stop using the watch and consult the doctor.

THINGS TO KEEP IN MIND

- Sync data everyday days to avoid data loss.
- Water Resistance will not work for seawater, acidic and alkaline solutions, chemical reagents & other corrosive liquid. The damage or defects caused by misuse or improper use are not covered by the warranty.
- Sports modes support up to 6 hours of exercise at a time.
- Avoid wearing the watch too tight in daily use. Keep the parts of skin touching the watch dry.
- Keep your arm still while measuring data for accurate measurement.

Disclaimer: This product is an electronic monitoring product and is not intended as a medical reference. We reserve the right to modify or improve any of the functions described in this manual without any prior notice. At the same time, we hold the right to continuously update the product content.

CAUTION

RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT SUBSTITUTE.

DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort you contribute to recycle valuable raw materials and treatment of toxic substances.
