

Product Evaluation Program

NETGEAR[®]
BUSINESS

Risk-free 30 Day Evaluation:

The NETGEAR[®] Product Evaluation Program enables authorized partners to demo select NETGEAR products at \$0 out of pocket cost! Should you choose to keep product, you can purchase at a significantly reduced price.

Acquire A-grade, full warranty, resalable demo inventory (not NFR) to support your development efforts, customer evaluations, and facilitate product sales with zero risk!

How does the program work?

- Reseller must be a current member of the NETGEAR Solution Partner Program
- Authorized partners are entitled to one (1) evaluation unit with the discount detailed on the attached list of eligible products.
- Submit the online request form to NETGEAR for approval via email confirmation.
- Forward to your NETGEAR Rep to load discount at the partner's preferred distributor.
- Partner may place order for eligible product directly with the preferred distributor.

Terms & Conditions:

- Once one unit of an eligible SKU has been acquired, it will no longer be available to the partner for the life of the program.
- Returns are administered in accordance with the NETGEAR existing RMA process.
- Freight costs both to and from NETGEAR are non-refundable.
- Any new program pricing supersedes and replaces previously posted pricing. All prices are exclusive of applicable freight and sales tax.
- This program is void where prohibited or restricted by law.
- NETGEAR reserves the right to amend, modify, suspend, cancel or terminate program at any time without notice.
- Evaluation Program discount may not be combined with other partner programs, discounts, or rebates.
- Units purchased through this program cannot be advertised online through any reseller, including but not limited to Amazon, eBay, NewEgg or any online reseller market place. Doing so will result in Partner status becoming automatically discontinued.
