Power Button

Specifications

Model: W1901400
Size: 70 x 39 x 59 mm
(2.8 x 1.6 x 2.4 in.)
Weight: 70 g (2.5 oz.) per plug
Input Voltage: 100 - 125 V AC
Input Frequency: 50/60 Hz
Rated Power: 1875 W
Operating Current:
15 A resistive load maximum
Operating Temperature:
-15 °C to 40 °C (5 °F to 104 °F)
Network Connectivity:
IEEE 802.11 b/g/n, 2.4 GHz Wi-Fi,
Bluetooth Low Energy
Disconnection Means: Type 1B
Pollution Degree: 2
Rated Impulse Voltage: 1500 V
Automatic Action: 50,000 cycles

Preparation

You will need:

- A smartphone or tablet using Bluetooth 4.2 or later.
- The latest version of our app, downloadable via the Apple App Store or Google Play Store.
- A SwitchBot account, you can register via our app or sign in to your account directly if you already have one.

iOS 11.0+

Android OS 5.0+

Safety Information

- For indoor use only.
- Please keep this device dry and away from hot, humid, and/or other extreme environments as this may cause accidents such as fire, burns, injury, electric shock and so on.
- Never use when you are in contact with any kinds of liquid as this may cause electric current damage or erosion.
- Do not attempt to disassemble, repair or modify this device.
- Do not drop, step or throw the device purposefully as this may cause accidents such as fire, burns, injury, electrical shock or other dangerous circumstances.

- Do not insert foreign objects into the device (e.g. metal pieces, pencil lead etc.) or let dust in this device.
- Remove from the power socket if you need to clean the device or if it has not been used for a long time.

Precautions

- Do not connect electric appliances such as electric stoves or electric heaters that may cause fire, electric shock or injury when left unattended.
- Do not connect appliances that may cause life danger in sudden operation, such as ventilators or other life-support devices.

www.switch-bot.com
V1.2-2203

- Do not connect any devices that have a larger power rating.
- Do not connect any devices that may cause harm to objects or persons when remote control failed.

Power Button Functions

- ① Short press: Switch between on/off
- ② Press and hold for 2 s: Enter adding state
- ③ Press and hold for 15 s: Reset to factory settings

FCC Warning

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try

to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- 1) This device may not cause harmful interference.
- 2) This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

This device has been evaluated to meet general RF exposure requirement. This device should be operated with a minimum separation distance of 20 cm between the equipment and a persons body.
