5G COMPATIBLE

WEBOOST PRODUCTS SUPPORT THE LATEST IN 5G TECHNOLOGY

STRENGTHEN CELL SIGNAL FAST.

Introducing weBoost's powerful, turnkey amplifier solution for business.

Office 200 Pro Installed is our best-in-class amplifier solution designed specifically for small and medium-sized businesses and offers complete, professional installation anywhere in the U.S.

- Enables everyone inside the business to enjoy fewer dropped calls, uninterrupted texts, better voice quality, improved hotspot capability, faster internet speeds, better streaming, and more.
- Is 5G compatible and improves cell signal on all U.S. carrier networks, including Verizon, AT&T, T-Mobile, UScellular, and more.
- Is backed by an industry-leading 3-year manufacturer's warranty and a 30-day money-back guarantee.
- Meets all FCC guidelines and won't interrupt or harm any cell carriers' signals to and from the cell tower.

INSTALLATION
INCLUDED

OFFICE 200 PRO INSTALLED

473047

Key Features

Our most powerful commercial-grade amplifier solution with two low-profile inside antennas for extended coverage.

Recommended to improve cell coverage up to 15,000 sq. ft.*

A color LCD touch screen provides greater manual control and usability.

Instructions to schedule professional installation right away are included.

* Coverage claims are based on estimates and can vary depending on factors such as outside signal strength, building construction, and building layout. Wilson Electronics' Office products are the best performing cell signal boosters for smaller buildings. For larger buildings exceeding 15,000 square feet, we recommend considering the WilsonPro product lineup for optimal in-building cell signal performance.
