

iA.T.A.K 110

ANGLER KAYAK

The iA.T.A.K 110 inflatable dropstitch fishing kayak has the rigidity of a hardshell kayak, integrated with patented fishbone technology optimizing speed and tracking to get to your fishing spot. With the aluminum accessory rail and integrated Scotty mounts you can customize your fishing accessories to place them at easy reach. Enjoy the comfort of the Ergo Boost Seat, when folded turns into a booster seat making it easy to sit or stand while casting. When the day is done, towel dry, deflate and roll up into the included backpack for easy transport and storage.
