YORK CENTRAL AIR SYSTEMS

A) Hx™ 3 COMMUNICATING ZONING - Up to four zones of control with a single Hx3 Zone Control

Module features

- Up to eight zones of control with two Hx3 Zone Control Modules
- Intuitive on-screen prompts for easy installation and service
- Fan airflow adjustment by zone to compensate for duct work variability
- Hx3 Zone Control Module damper/hardware test mode
- Four-wire installation from each component in the system
- Hx3 Touch Screen Thermostat designed to act as the Main Control for zoning operation and a zone thermostat sensor (Zone Thermostat-Hx)
- Design for optimum comfort based on achieving both temperature and humidity setpoints
- Complete system integration including whole house humidifier, whole house dehumidifier, ventilation system, whole house air cleaners, and UVC lights. All of these components are controlled from the Hx3 Touch Screen Thermostat acting as the Main Control.
- Programmable fan settings per zone
- Flexible damper timing
- Power open/power close dampers only
- Efficient management of excess airflow
- Optional use of a bypass damper
- Choice of three zone sensor options:
 - Hx3 Touch Screen Thermostat acting as a zone thermostat sensor: Can be used to manage all zones in the zoning system, and allows temperature and humidity control and editing and copying of the schedule for its designated zone
 - Hx3 Zone Thermostat: Allows adjustment of temperature and fan mode and interval time for its designated zone
 - Hx3 Zone Sensor: Senses zone temperature
- Maximum heat and maximum cool functionality available on the Main Control
- Indoor air quality reminders
- Easy to use timed temperature and schedule override.

Warranty

Standard Warranty is 5-year limited parts warranty. Product registration is required to receive the maximum available coverage. Please refer to the Warranty Certificates in the User Manual for additional information.
