

The Power to Surprise

SONET

Quality time, all the time

View the road from a commanding height, with sufficient comfort and technology to keep your mind at ease. The refined Kia Sonet gives everyone plenty of room to stretch and stow their cargo, and the connectivity to stay informed and entertained.

Big on personality

Along with its tough and dynamic appearance, the new Kia Sonet offers some truly refreshing combinations: Ruggedness and refinement. Roominess and fuel economy. Simple controls and forward-thinking technology. Compact size and endless possibilities.

1. **LED rear lamps** Heartbeat-pattern LED tail lamps across the width of the tailgate are both stylish and functional.

2. **Rear bumper and skid plate** The sturdy bumper surrounds a grooved skid plate that directs airflow while protecting against scrapes.

3. **Sunroof** An electric sunroof adds sunlight and refreshing breezes to the interior experience.

4. **Diamond-cut 16-inch alloy wheels** Alloy wheels with smooth, angled silver spoke elements give the impression of motion, even when standing still.

1. **39.2 cu ft cargo capacity** Segment-leading cargo space means more room for the essentials on your big adventures, and fewer trips when running errands.
2. **4.2-inch supervision cluster** A full-color instrument cluster keeps you abreast of what's going on under the hood.
3. **Wireless smartphone charger** Charge a compatible mobile phone wirelessly on the cooled pad at the front of the center console.
4. **Bose sound system** A 7-speaker BOSE Premium Sound System includes loud Super65 drivers in front and an 8" woofer in the rear for stunning audio performance.
