BUILT-IN 60CM MULTI-FUNCTION OVEN

FEATURES & BENEFITS

FORCED AIR

Seal in the taste. Thanks to the Forced Air technology, the hot air is circulated inside the oven giving you moist, juicy cooking results.

SMART CLEAN

Innovative SmartClean technology cleans the oven thoroughly and efficiently, leaving no odours and without requiring a detergent. SmartClean technology works together with an easy-to clean special enamel and offers a dedicated cycle that always delivers perfect cleaning results.

FAN FORCED SYSTEM

Fan grilling technology that cooks quickly and more evenly with a boost of hot air surrounding the grill zone. This feature has been designed to create a spit roast effect, so even thicker pieces of meat are crisp on the outside and tender on the inside.

AIR FRY FUNCTION

Use the Air Fry function in conjunction with any Air Fry accessory, and enjoy perfectly fried results the healthy way.

WARRANTY

Guarantees peace of mind and value for money knowing that any product fault or defect is covered by full replacement parts and/or a service call to ensure the product works as described.
