- Supports full-band OPUS and G.722 wideband codecs for HD audio
- 3 or 6 programmable keys
- Speed dial support
 - GHP610(W) and GHP611(W) include speed-dial labels
- 3-way audio conferencing
- 2 lines / 2 SIP accounts
- Voicemail and multicast paging
- Hearing Aid Compatible (HAC)

ENTERPRISE-GRADE SECURITY

GHP Series

- Secure boot
- Dual firmware images
- Encrypted data storage
- Random default passwords
- Unique security certificates
- SRTP, TLS, 802.1c media access control
- Admin level passwords

CLOUD PROVISIONING & MANAGEMENT

GHP Series

- Zero-touch provisioning and cloud management with GDMS
- Manage and track multiple hotels centrally through one interface
- Setup, provision and manage entire solutions from the GDMS interface, including facility access, intercom, PA, voice endpoints and more
- Integrate with Property Management Systems through the UCM Series

GRANDSTREAM'S END-TO-END HOTEL SOLUTION

PROPERTY MANAGEMENT SYSTEM INTEGRATION

UCM Series of IP PBXs

- Used by hotels to manage front-office tasks and capabilities such as reservations, check-in/checkout, room assignment, room rates, billing, cleaning, mini-bar, etc.
- UCM Series supports direct integration with the most popular property management systems
 - Mitel, HSC and Hmobile
- API available to integrate UCM Series with additional PMS platforms

Thank You!
