About ecostore

In 1993 Malcolm and Melanie Rands started ecostore in a small New Zealand ecovillage. At ecostore we make it easy to choose safer, effective products to care for your family's home and health, made with respect for the environment. It's all part of our mission to make the world a safer place, one person, and one home at a time.

Plant and mineral-based ingredients

Selected because they are safer, more sustainable and designed by our world-class research and development team to be effective.

Not tested on animals

All our ingredients, formulations and products have been verified as not tested on animals, and are PETA-approved.

Responsible packaging

ecostore's plastic bottles (excluding bulk containers) are made from renewable sugarcane, which is 100% kerbside recyclable. ecostore's cardboard packaging has been certified by the Forest Stewardship Council (FSC).
