No Light	Low Battery	Press the power button, if the unit doesn't turn on then the battery power is too low. Please charge before use.	
Slow Fleshing Light (while plugged in)	Vectorin Charging	To charge the vacuum connect charging condition unit and plug into wall but et. The light will fede in and out slowly as the vacuum charges.	
Fast Flashing Light (in use)	Low Battery	If the light hashes guickly while the unit is in use, the bettery power is low. Recharge the unit.	
Solid Light	Fully Charged	When the vacuum is fully changed, the indicator light will illuminate sheadily, then turn off (ill takes approximately 5 hours for a full therge).	
Five Flashes (after plugging in)	No: Charging	If the wrong charger is used, the light will blink five times and then stoot use the included charger.	

BATTERY REMOVAL AND DISPOSAL

This product uses a rechargeable and reusable lithium-ion battery. When the battery no longer holds a charge, it should be removed. from the vacuum and recycled. Incinerate or compost the battery.

When your lithium ion battery needs to be replaced, dispose of it. or recycle it in accordance with local ordinances or regulations. In some areas, it is illegal to place sport I thium ion batteries in the I trash or in a municipal solid waste stream. Return spent battery to an authorized recycling center or to retailer for recycling. Contact your local recycling center for information on where to propleff the spent battery.

For more information on battery removal for disposal, please visit sharkclean.com/battervsupport

LITHIUM-ION BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY

The RBRC1" (Rechargeable Battery Recycling Corporation) seal on the lithium-ion battery indicates that the costs to recycle the battery at the end of its useful life have already been paid by SharkNin a. In some areas, it is ilegal to place spent lithium-ion. batteries in the trash or municipal solid waste stream and the RBRC program provides an environmentally conscious alternative. RBRC, in cooperation with SharkNinja and other battery users, has established programs in the United States and Canada to facilitate. the collection of spent lithium-ion batteries. Help protect our environment and conserve natural resources by returning the spent lith um-ion battery to an authorized SharkNinia service. center or to your local retailer for recycling. You may also contact. your local recycling center for information on where to propletf the spent battery, or call 1-800-798-7308.
