

TRAMONTINA

GURU

Connected Portable Induction GURU Cooktop

The Guru is a connected cooktop that helps you cook. Designed by Tramontina in Brazil, it will transform your cooking experience, delivering the most accurate control of temperature, weight and time when preparing your recipes. If you are taking your first steps with pots and pans or wish to improve your performance in the world of gastronomy, Guru is the ideal cooktop for you!

It comes with the "Tramontina Guru" app with over 160 recipes, and new dishes will be added to it every month.

Bluetooth connection for smartphone or tablet.

Integrated temperature sensor and scale, which provide greater precision when preparing your recipes.

Information about the nutritional data of the dishes.

Temperature sensor

Safe and efficient operation by induction.

Mobility: You can take the Guru anywhere (needs power supply).

Scale sensor
