GALAXY RANGE
The class leading range of multidecks from TEFCOLD

Multideck Galaxy G10 White

G26 OPEN WHITE

G20 OPEN WHITE

G14 OPEN WHITE

G10 OPEN WHITE

Product Description

The popular Capital Cooling Galaxy Open range is now available from TEFCOLD. The open front design allows easy access to customers for impulse buys with excellent lighting from the horizontal LED light across the top of the unit. The cabinets come with 39mm EPOS ticket strips together with shelf risers as standard. Shelves can be angled at 7 or 15 degrees to give more options for merchandising and creating an attractive display for your customers. The Galaxy Open range is suitable for fresh meat (except the G26), dairy and drinks. It is ideal for use in supermarkets, convenience stores, farm shops, delis and sandwich shops. The range is available in either a black or white finish complete with matching interior. The black exterior helps gives a more modern look in your premises, with the black interior helping the produce stand out to browsing customers, while the classic white cabinet is ideal for fitting alongside existing refrigeration in many establishments.

Features and Benefits

- Fully automatic, fan assisted cooling
- Horizontal LED Lighting
- Solid 40mm endwalls with mirrored interior
- Soft closing nightblind
- Adjustable 400mm deep metal shelves to maximise capacity
- Heavy duty shelving with strengthening bar
- Max shelf weight 160kg/sq metre
- Shelves can be flat or angled to 7° or 14°
- 5th shelf available as an optional extra
- Electronic controller
- EPOS Ticket strips
- Shelf risers
- Suitable for fresh meat
- Adjustable feet
- Can be multiplexed with kit (POA)
- Delivered without canopy and rear stand-offs attached so will fit through doors as narrow as 745mm
- 42mm end walls

Technical Specifications

Temperature Range -1 to +5°C

Refrigerant R290

Type of Defrost Automatic

Multideck With Doors Galaxy G10 FGD White

Product Description

The popular Capital Cooling Galaxy FGD with glass doors is now available from TEFCOLD. The new FGD variant comes with full glass doors that are double glazed for excellent energy efficiency, while helping to keep produce in the optimum condition. Vertical LED lights run down the inside of each end wall, which combined with horizontal LED lighting across the top gives excellent illumination and visibility inside the cabinet. The units come with 39mm EPOS ticket strips together with shelf risers as standard. Shelves can be angled at 10 or 20 degrees to give more options for merchandising and creating an attractive display for your customers. The Galaxy FGD range is suitable for fresh meat (except the G26FGD), dairy and drinks. It is ideal for use in supermarkets, convenience stores, farm shops, delis and sandwich shops. The range is available in either a black or white finish complete with matching interior. The black exterior helps gives a more modern look in your premises, with the black interior helping the produce stand out to browsing customers, while the classic white cabinet is ideal for fitting alongside existing refrigeration in many establishments.

Features and Benefits

- Fully automatic, fan assisted coolings
- Vertical & Horizontal LED Lighting
- Solid 40mm endwalls with mirrored interior
- Hinged Double Glazed Doors
- Adjustable 400mm deep metal shelves to maximise capacity
- Heavy duty shelving with strengthening bar
- Max shelf weight 160kg/sq metre
- Shelves can be flat or angled to 7° or 14°
- 5th shelf available as an optional extra
- Electronic controller
- EPOS Ticket strips
- Shelf risers
- Suitable for fresh meat (except G26FGD)
- Adjustable feet
- Can be multiplexed with kit (POA)
- Door widths match on G14 & G26 and match on G10 & G20
- Delivered without canopy and rear stand-offs attached so will fit through doors as narrow as 745mm
- 42mm end walls
