

APPLICATION GUIDE FOR: ENGINE **TIMING KIT**

27171

This document is part of the product, keep it for the life of the product passing it on to any subsequent holder of the product. Read all information before operating product.

This guide has been compiled by Draper Tools describing the purpose for which the product has been designed, and contains necessary information to ensure its correct and safe use. By following the information contained in this guide, it will ensure both product and operator safety, together with longer life of the product itself.

All photographs and drawings in this guide are supplied by Draper Tools to help illustrate the operation of the product.

Whilst every effort has been made to ensure the accuracy of information contained in this guide, the Draper Tools policy of continuous improvement determines the right to make modifications without prior warning.

3. GUARANTEE

3.1 GUARANTEE

Draper tools have been carefully tested and inspected before shipment and are guaranteed to be free from defective materials and workmanship.

Should the tool develop a fault, please return the complete tool to your nearest distributor or contact:

Draper Tools Limited, Chandler's Ford, Eastleigh, Hampshire, SO53 1YF. England.

Telephone Sales Desk: (023) 8049 4333 or:

Product Helpline (023) 8049 4344.

A proof of purchase must be provided.

If upon inspection it is found that the fault occurring is due to defective materials or workmanship, repairs will be carried out free of charge. This guarantee period covering parts/labour is 12 months from the date of purchase except where tools are hired out when the guarantee period is 90 days from the date of purchase. This guarantee does not apply to normal wear and tear, nor does it cover any damage caused by misuse, careless or unsafe handling, alterations, accidents, or repairs attempted or made by any personnel other than the authorised Draper warranty repair agent.

Note: If the tool is found not to be within the terms of warranty, repairs and carriage charges will be quoted and made accordingly.

This guarantee applies in lieu of any other guarantee expressed or implied and variations of its terms are not authorised.

Your Draper guarantee is not effective unless you can produce upon request a dated receipt or invoice to verify your proof of purchase within the guarantee period.

Please note that this guarantee is an additional benefit and does not affect your statutory rights.

Draper Tools Limited.

4. GENERAL PRODUCT INFORMATION

This product is designed to be used correctly and with care for the purpose for which it is intended. No liability is accepted by Draper Tools Limited for incorrect use or application of any of our products, and Draper Tools Limited cannot be held responsible for any damage to personnel, property or equipment when using this product. Incorrect use will also invalidate any warranty.

The applications database and any instructional information provided has been designed to offer general guidance for a particular product's use and while all attention is given to the accuracy of the data, no project should be attempted without referring first to the manufacturer's technical documentation (workshop or instruction manual) or the use of a recognised authority such as Autodata.

It is our policy to continually improve our products and thus we reserve the right to alter specifications and components without prior notice. It is the responsibility of the user to ensure the suitability of the product and information prior to use.

5. HEALTH AND SAFETY INFORMATION

GENERAL SAFETY INSTRUCTIONS

Warning: Please read all safety warnings and all details carefully. Failure to follow the warnings may result in serious injury or major component damage.

Important: Draper Tools recommends that this product should not be modified or used for any application other than that for which it was designed.

Save all warnings and instructions for future reference.

1) Personal safety

- a) Stay alert, watch what you are doing and use common sense when using this product. Do not use this product while you are tired or under the influence of drugs, alcohol or any medication. A moment of inattention while using this product may result in serious personal injury.
- b) Use personal protective equipment as necessary.
- c) Check and remove any part of the product before turning/testing the engine. A part left attached to a rotating part of the engine may result in personal injury or major component damage.
- d) Carefully clean the tool components after every use.
- f) Keep the tool components safe and tidy.
- g) Do not use this product for any purpose other than for which it is designed.

Warning! Some of the packaging materials used may be harmful to children. Do not leave any of these materials in the reach of children.

If any of the packaging is to be thrown away, make sure it is disposed of correctly; according to local regulations.

6. CONTENTS

ITEM	DESCRIPTION	OEM	STOCK No.
A	Camshaft Pulley Timing Pin	303-1277 / 0188.M	31707
B	Flywheel Locking Tool-Ford	303-1272 / 0188.F	31741
C	Flywheel Locking Timing Pin	303-1270 / 303-1059	31884
D	Centraliser Spring	0188AH	31906
E	Flywheel Lock	0188.F	31914

7. APPLICATION

The **27171** has been developed as an **engine timing kit** for the vehicles listed below. Comprises of two locking pins for the camshaft and flywheel but also two flywheel locking plates to lock the engine in a 'timed' position.

Used on the following Vehicles:

Land Rover Freelander 2 2006 - 2015

Land Rover Range Rover Evoque 2011 - 2015

Citroen C5/II/III 2000 - 2009

Citroen C6 2007 - 2011

Citroen C8 2002 - 2010

Citroen C-Crosser 2007 - 2012

Citroen Relay/Jumper II 2002 - 2006

Peugeot 508 2011 - 2015 GT HDi

Peugeot 607 2000 - 2009 HDi

Peugeot 807 2002 - 2010 Cross-urser HDi

Peugeot Boxer II 2002 6O 2006 eD4

Peugeot 4007 2007 - 2012 SD4

Peugeot 406/Coupe 2000 - 2006 TD4

Peugeot 407 2006 - 2011 TD4e

8. PREPARATION

The following is for guidance only. Please refer to OEM derived data such as the vehicle manufacturer's own data or Autodata. The use of this product is purely down to the user's discretion and Draper Tools Limited cannot be held responsible for any damage caused what so ever.

9. PROCEDURE AND APPLICATION GUIDE

Depending on manufacture and model, some engine components do change. Please check with Autodata or the manufacturer's data before use.

Components 1 Camshaft Pulley Timing Pin.

N.B. this pin is not designed to lock the cam shaft against the torque of undoing the cam shaft fixing. Use an appropriate pulley holding tool if removal of the pulley is required.

Component 2 = Flywheel Locking Tool-(Ford)

Component 2 is used to lock the flywheel against the torque required to loosen the crankshaft pulley fixings. Component C requires the removal of the starter motor.

Components 3 = Flywheel Locking Timing Pin,

Component 3 is used to set the crankshaft in its timed position by locking the Flywheel as shown. NOTE: do not torque against component 3, use component 2 or 5.

Component 4 = Centraliser Spring.

Component 4 is centralise the crankshaft cam belt sprocket when refitting it.

Component 5 = Flywheel Lock (Citroen/Peugeot)

Component 5 is used to lock the flywheel while tightening or loosening the crankshaft front pulley (PSA vehicles).

Please note images are for guidance only and subject to change.
