USER GUIDE

PRECAUTIONS

- Ensure correct polarity of cells used.
Insert the batteries in the correct direction by aligning the (-) marks on the batteries with the spring in the back cover.
- Use new batteries/cells whenever possible.
- When the megaphone will not be in use for a long period of time, remove the dry cells and replace. Drained cells or rechargeable battery will not give sufficient sound volume.
- Replace cells or charge the battery at regular intervals, for optimum result.

OPERATING INSTRUCTIONS

- Open the back cover by pressing down on the 'Open' Button.
- Insert (6) x 'AA' Batteries then close back cover until locks into position.
Now, you're megaphone is ready for operation.
- To activate the megaphone, press the 'ON/OFF' button on the back cover.
- When using the megaphone, place your lips as close as possible to the megaphone when speaking. Adjust the 'Volume' to the desired level without causing any howling or feedback.
- Press the 'ALARM' button to activate Alarm, press the 'SIREN' button to Siren or press the "WHISTLE" button to whistle.
