

Installation Guide

Allure Double Sided Tape FLOOR TAPE

Directions

1. Use for special installation requirements, and repair and replacement of Allure planks and tiles.
2. If your Allure 'GripStrip' has been exposed to dirt or dust, and is not fully adhering: Place Allure Tape along the GripStrip, cut to length, then peel protective backing off. Attach the Allure Plank, and step on edges of plank to press down. For a super bond, use 2 tape strips side-by-side.
3. Allure Tape can act as the 'GripStrip' for replacing damaged planks and for 'GripStrip' portions that may need to be cut away.
4. For optimum performance, use between 65°F and 85°F in the rooms when installing.

Limited Warranty:

CalFlor warrants that this product will be free from manufacturing defects for 12 months from the date of purchase, when applied in accordance with CalFlor's instructions and industry standards. CalFlor's sole liability is to either supply new product or refund the original purchase price.
