

GE® Series 30" Free-Standing Electric Range

Receptacle Locations: Locally approved flexible service cord or conduit must be used because terminals are not accessible after range installation. See shaded area in drawing for location of electrical outlet box. Recommended outlet locations allow range to be installed directly against wall.

Installation Information: Before installing, consult installation instructions for current dimensional data and additional requirements.

KW Rating	
240V	11.0
208V	8.3
Breaker Size	
40 Amps [†]	

Note: Rear wall to front of door glass.

For answers to your Monogram, Café™, GE Profile™ or GE Appliances product questions, visit our website at geappliances.com or call GE Answer Center® Service, 800.626.2000.

All GE Appliances ranges are equipped with an Anti-Tip device. The installation of this device is an important, required step in the installation of the range.
