Wireless Adapter Quick installation
Step 1 Hardware connection

Please insert the usb adapter directly into the computer's **USB port.**

Or

laptop

PC

Note: When using the desktop PC, it is recommended to connect the rear interface of the computer chassis, the effect is better!
(Most of the desktop computer's front USB interface is underpowered or unavailable)

Step 2   Plug&Play

Use Guide

Plug–Double Clic "My Computer"–Double Click CD Driver–Click Install
