COMPACT PA SYSTEMS

Column Loudspeaker

PRODUCT OVERVIEW

LABI1-C100i is a versatile and discreet column loudspeaker, designed for indoor and outdoor fixed installations and portable applications.

It features twelve 3" drivers with 0.75" neodymium voice coil each one, 300W AES. Its versatile profile allows the column to be installed in several ways such as on the LABI subwoofers, on wall, pole, truss, etc. thanks to LABI1 accessories. Stand alone or combined with other LABI1-C100i and LABI1-SP18p to create a complete powerful solution, easy to mount and plug and play.

LABI1 series offers a modular solution to satisfy the most demanding *fixed installations and mobile public address applications*. Combining the different products of the series, it can fulfill any requirement.
