Mx4 Adjustable  
feet pad

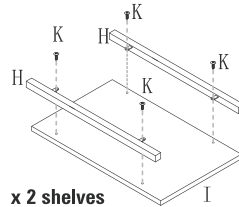

## Assembly

**1** Attach frames to underside of shelves with short screws (K).

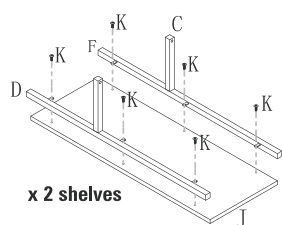

**a** Short T-frames ( 1 each of E & F ) to short shelf (I).

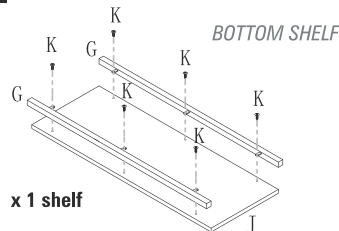

**b** Short straight frames (H) to short shelf (I).

**c** Long T-frames (C & D) to long shelf (J).

**d** Long straight frames (G) to long shelf (J).

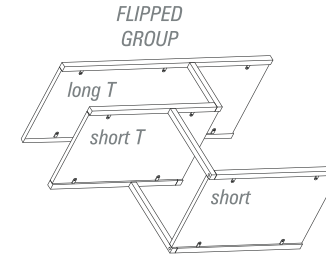

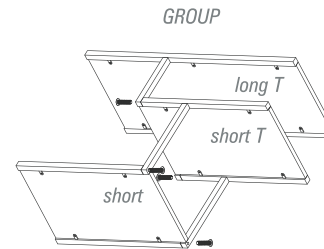

## Assembly can't

**2** Connect shelves to each other with screws (L) to make 2 groups of shelves.

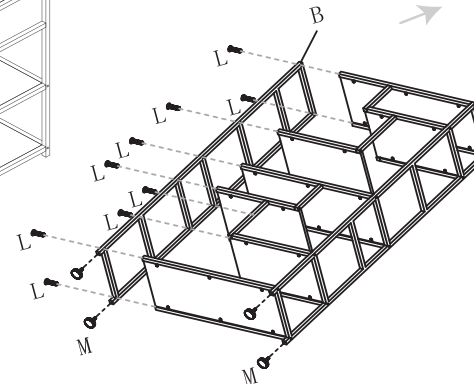

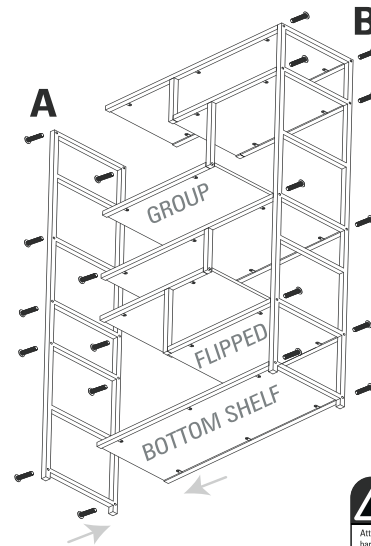

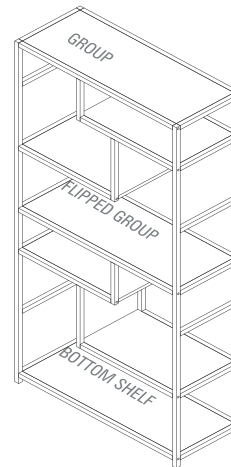

**a** Long T --> to Short T --> to Short Straight.

**b** Repeat step a, then flip the group over.

**3** Attach side frames (A & B) to shelves.  
Group A on top.  
Flipped group B in middle.  
Bottom shelf on bottom.

**4** Once fully assembled, tighten all screws.

## WARNING

Attach the unit to the wall with the Tipping Restraint Kit hardware. Follow the instructions printed on restraint kit's bag to install.

Serious or fatal crushing injuries can occur from furniture's tipping over. To help prevent tipping:

- Avoid climbing on or hanging on product.
- Unless specifically designed to accommodate, do not set TVs or other heavy objects on top of this product.
- Place heaviest items in the lowest position possible.
- Secure product to the wall with tipping-restraint.

The use of tipping restraints may only reduce, not eliminate, the risk of tipping over.
