Sleep Mode

- When the keyboard/mouse stops working for 60 minutes, it will automatically enter the sleep mode for energy saving.
- When use the keyboard/mouse again, you only need to press any key, and the keyboard/mouse will wake up within 3-5 seconds.
- The channel indicator lights up and start working.

Memory Function

The keyboard/mouse has a memory function. When a channel is connected normally, the keyboard/mouse defaults to this channel after turning off the device and turn back on, and the channel indicator lights up.

Package Content

- 1* Wireless Bluetooth Keyboard
- 1* Wireless Bluetooth Mouse
- 1* Type-C Charging Cable
- 1* User Manual

Frequently Asked Questions

- How to deal with cracked keyboard edges or dropped keys?**
- If this happens and it cannot be recovered, please do not hesitate to contact our customer service for assistance.

- 8 -

How to deal with disconnection issues, keys repeating or typing & clicking delay?

- Please ensure that the keyboard/mouse is fully charged. A low battery can affect the performance of the keyboard/mouse.
- Delete the Bluetooth name from your device's Bluetooth connection list, and restart your device and repair the keyboard/mouse by following the steps in the user manual.
- If the issues persist, try to connect the keyboard/mouse to other devices to check if the same issues occur and don't hesitate to contact our customer service for assistance.

How to deal with keyboard/mouse won't turn on or stops working?

- The rated charging voltage for the keyboard and mouse is 5V. It is recommended to use the computer's USB port for charging.
- Try to change another Type-C cable to confirm whether it is a cable issue or a fault with the keyboard and mouse.
- If the power indicator of the keyboard/mouse does not light up at all, please do not hesitate to contact our customer service for assistance.

How to deal with keys/mouse buttons stop working or feel sticky?

- Please note the keyboard/mouse is not waterproof. Avoid water/drinks/coffee and other liquids from entering. If this happens, please turn it upside down and clean the liquid.
- Also, avoid eating near the keyboard/mouse as crumbs are also the primary cause of this issue. If this happens, first try to clean the debris with compressed air duster, then wipe it clean with a cotton swab dipped in ethanol or isopropyl alcohol.

Safety Warning

IMPORTANT: To reduce risk of fire, electric shock, or injury, follow these safety instructions.

- Charging Safety:** Use only the provided cable. Charge in a well-ventilated, dry area away from inflammable materials.
- Battery Handling:** Do not attempt to replace the item's lithium battery. Battery replacement should be conducted by qualified personnel to prevent hazards.
- Heat Exposure:** Avoid leaving the item in high-temperature environments or in direct sunlight, which could result in a fire hazard.
- Liquid Exposure:** Keep the item away from water and liquids. Do not use if wet until thoroughly dried.
- Damage and Leakage:** Cease usage and consult customer service if the item is damaged or the battery leaks.
- Correct Disposal:** Follow local regulations for disposing of electronic devices and batteries. Do not dispose of with household waste.
- Radio Frequency Interference:** This device may cause interference with other electronics. Keep a safe distance from sensitive devices.
- Child Safety:** Keep the item and its components out of reach of children to avoid choking or battery ingestion hazards. Never allow children to handle the item unsupervised.

CAUTION: Non-compliance with the above warnings can lead to serious injury or property damage.
