

FEEL ALIVE®

Can the soul of a car company touch the heart of its drivers?

We believe so.

And have made it our pursuit.

Our passion.

Each day it inspires us.

To be inventive.

To push the limits.

To perpetually improve.

And guides us.

To breathe life into metal.

Transform light into art.

Tune engines to a feeling.

And form a bond between human and machine.

Over the last 100 years, we've been putting ingenuity before conventional thinking.

Expressed on the road.

And on the track.

Using technology to enhance our touch. Not replace it.

To not just build a car.

But create a connection.

One that begins the moment you see it.

And grows stronger every time you get behind the wheel.

Until you no longer feel like you're driving.

You feel alive.

Mazda CX-9 Signature shown with Parchment Interior and available Machine Gray Metallic (top right) | 1 Available on Signature trim

MAZDA CX-9

Representing a bold translation of our Kodo: “Soul of Motion” design language, the Mazda CX-9 is a sophisticated three-row SUV that invigorates every journey. With its extended hood, elegant profile and a bold new grille, the CX-9 commands your attention. The new Carbon Edition adds stunning exterior accents such as Polymetal Gray paint, a gloss black front grille, black side mirrors and metallic black 20-inch alloy wheels.

Step inside, and you’ll find an abundance of premium touches, including natural materials¹ and elegant finishes hand-selected by our master Takumi craftsmen. With its exquisite attention to detail, the CX-9 elevates your drive every time you get behind the wheel.

KODO: "SOUL OF MOTION"

Our design philosophy is simple yet highly challenging to accomplish: capture energy in motion, even at a standstill. With curves and angles so striking, they command your attention through a mere glance. Eliciting this kind of instant emotional response requires a human touch. Hands on clay, shaping form with warmth and precision. Eliminating all that is unnecessary, leaving only what is beautiful. Transferring the energy of the maker into every nuance. We call this Kodo: "Soul of Motion" design. A dynamic sense of motion created for humans, by humans. This is the inspiration behind the Mazda CX-9.

Machine Gray Metallic shown. Extra cost option available with select trims. Visit [MazdaUSA.com](https://www.mazdausa.com) to see all the vibrant color choices available.

A VIBRANT EXPRESSION

Every detail of our design process is intentional. Including the paint. Before a single drop of color is applied, master painters first perfect their technique by hand. Ensuring the surface of the Mazda CX-9 has depth and saturation. They apply color with precision, illuminating the curves and characteristics of our Kodo design. The machines used to paint the CX-9 are calibrated to replicate the exact movement of this human technique.

Our daring array of lustrous finishes—including the new Polymetal Gray Metallic offered on Carbon Edition models—may be the final touch on the CX-9, but it is the first thing that will catch your eye. And it will continue to draw your gaze, time and time again.

Polymetal Gray Metallic

ENGINEERED WITH A SINGLE FOCUS: YOU.

For decades, we've studied the human body: how it moves, sensations of touch, sound and sight, muscle and skeletal structure. Every consideration has been made so the Mazda CX-9's intuitive interior feels as if it were built just for you. Even the seats are shaped to help you achieve a more comfortable and relaxed posture, helping you feel steadier and more balanced as you maneuver through twists and turns on the road.

We took that same approach with the driving experience. The chassis and powertrain are tuned to the human body's natural sense of motion, resulting in a car that intuitively responds to your inputs to create the effortless feeling of being in control. This is the human-centric design philosophy known as Jinba Ittai—horse and rider as one. You feel as though your Mazda is an extension of your body. To leave you feeling energized. Rejuvenated. You, at one with your Mazda.

¹ Based on EPA estimates for 2021 Mazda CX-9 FWD models, 22 city/28 highway MPG. Mazda CX-9 AWD model shown, 20 city/26 highway MPG. Actual results will vary. ² 250 hp and 320 lb-ft of torque with 93 octane fuel. 227 hp and 310 lb-ft of torque with 87 octane fuel.

POWERFULLY REFINED

Only a company committed to creating the ideal driving experience could engineer Skyactiv® Technology. With this approach in mind, we designed every single aspect of our cars to be powerful, yet efficient! In the Mazda CX-9, that means a potent Skyactiv®-G 2.5 Turbo engine that delivers up to 250 hp,² along with an impressive 320 lb-ft of torque.² So you'll enjoy immediate acceleration every time you merge onto the freeway or pass other vehicles.

AN INGENIOUS WAY TO PREDICT TRACTION LOSS

To extend our Jinba Ittai philosophy—car and driver as one—to almost any driving situation, we engineered an innovative and predictive all-wheel-drive system: i-Activ AWD® with Off-road Traction Assist¹. Even as road conditions change, the system actively monitors everything from outside temperature to the driver's steering and braking inputs to predict changes in traction before they occur. i-Activ AWD® proactively responds to these changes, often before you're even aware. Ingeniously helping you maintain grip, so you can travel with confidence.

No matter where you're driving, G-Vectoring Control Plus actively works behind the scenes to heighten the natural sense of confidence you feel on the road. By seamlessly adjusting engine torque and applying subtle braking pressure to the outside front wheel, this advanced system imperceptibly shifts the vehicle's weight to help stabilize it through each turn in real time. The end result is a more intimate connection between car and driver.

¹ Available Off-road Traction Assist helps free tires that are stuck when the vehicle tires become embedded in mud, sand or deep snow.

MORE CONFIDENCE FOR A MORE INSPIRING DRIVE

The difference between a good drive and an inspiring one is confidence. That's why we equip every Mazda CX-9 with i-Activsense®—an intelligent suite of safety features that alert you to hazards and help you avoid collisions, or lessen their impact. i-Activsense® includes a host of advanced safety innovations, such as Blind Spot Monitoring,¹ an available Driver Attention Alert² that can help reduce accidents caused by driver fatigue, plus standard and available automatic braking systems that can help reduce damage in the event of a collision while driving forward or in reverse.³ Together, these sophisticated adjustments and alerts create a more confident and inspiring experience behind the wheel.

¹ Always check your mirrors. Be aware of the traffic around you. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details. ² Driver Attention Alert operates under certain driving conditions above 40 mph. It is not a substitute for safe and attentive driving. There are limitations to the range and detection of the system. Please see your Owner's Manual for further details. ³ Advanced Smart City Brake Support with Day and Night-time Pedestrian Detection, Smart Brake Support with Collision Warning and available Smart City Brake Support–Reverse are not substitutes for safe and attentive driving and are only designed to reduce damage in the event of a collision. There are limitations to the operation and detection of these systems. Please see your Owner's Manual for further details.

MAKE A SMARTER CONNECTION

The road less traveled is no place to lose touch. Mazda Connected Services,¹ now standard across all CX-9 models, enables you to access your vehicle's health status report, start the engine, lock and unlock the doors remotely and more, all through the MyMazda App on your mobile device. Your CX-9 can also be equipped with in-car Wi-Fi² capabilities and provide access to emergency services like automatic 911³ dialing and roadside assistance. It's technology that stays with you, where and when you need it most. Best of all, it's complimentary for the first three years of ownership!

Always keeping you connected—it's all part of Mazda's driver-centric philosophy. And why we place every control within your reach, so you can stay focused on the road ahead. An intuitive instrument panel places gauges and displays within your line of sight to minimize distraction. And for an enhanced experience, the Mazda Connect™ Infotainment System now features a larger 10.25-inch center display, and includes standard Apple CarPlay™ integration⁴ for your iPhone® (shown) plus Android Auto™ integration⁴

1 Connected services are subject to change at any time without notice. Mazda Connected Services, available Fall 2020, is provided during a 3-year trial period; annual subscription fees apply thereafter. Use of MyMazda App and compatible phone are required. Data fees may apply. **2 3-month/2GB wireless data trial, available Fall 2020,** provides access to AT&T's wireless data services. Eligible vehicle, compatible SIM card and trial activation by customer required. 3-month period begins at time of trial activation; wireless data service expires when 2GB of data is used or when 3-month period ends, whichever comes first. Hotspot connects up to 5 Wi-Fi capable devices, which use data from your plan. Wi-Fi hotspot functionality not available outside of U.S. & Canada. Service in Canada subject to unaffiliated carrier coverage. **Offer, terms and pricing subject to change.** Coverage and service not available everywhere. Visit www.att.com/USTermsandconditions for more. **3 Mobile 911** automatically calls 911 from a paired hands-free device when a moderate to severe collision is detected. Specific phone settings are required. There are limitations to the system. **4 Apple CarPlay** shown while using iOS 13. Android and Android Auto are trademarks of Google LLC. Apple CarPlay, iPhone and Siri are trademarks of Apple Inc. **IMPORTANT SAFETY AND PRIVACY INFORMATION:** Never drive while distracted or while using a hand-held device. Driving while distracted can result in the loss of vehicle control, resulting in a collision causing property damage, serious injury or death. Please see your Owner's Manual for important feature details and related privacy information.

BALANCING SILENCE AND SOUND

Letting the right amount of sound in and keeping distracting noises at bay. This is the very essence of Mazda's approach to sound. In the cabin of the CX-9, our engineers have taken steps to reduce vibrations, while sound insulating materials subdue outside clamor. Measures like this set the stage for a more refined listening experience.

Through extensive research, our engineers calculated the spatial effects and the delay and reflections of sound to discover the optimal speaker placement and calibrations. Bringing this all beautifully to life is an available 12-speaker premium audio system from Bose® Engineered specifically for the unique cabin acoustics of the CX-9, it provides a deeper and more impactful reproduction that creates the perfect soundtrack for your journey.

MAKING EVERY DAY A LITTLE MORE EFFORTLESS

Life is all about discovery. So we designed the Mazda CX-9 to help you bring all those discoveries home with you. With ample cargo room that easily expands—thanks to fold-down 2nd- and 3rd-row seats—and an available hands-free Rear Power Liftgate¹ that can be opened and closed just by waving your foot beneath the rear bumper, the CX-9 makes it easier to bring everything from gear to groceries along for the ride.

¹ Always check the area around the Rear Power Liftgate before opening and closing it. Hands-free capability requires the vehicle's key fob to be in proximity of the liftgate. Please remember to properly secure all cargo. See your Owner's Manual for further details.

THE HUMAN TOUCH

The Mazda Takumi are the artisans and craftsmen who hone their skills for years, even decades, to achieve mastery. From their first sketch to the final stitch, their passion, patience and persistence are poured into every design. The Takumi masters are so highly skilled, they can carve a block of clay into a work of art. Instinctually, they use their sight, as well as their touch, to ensure that every curve is perfectly proportioned to their final vision. A process that continues until this human energy is passed onto the sheet metal, breathing life into the vehicle. From designer to driver, this connection ultimately creates an enriching emotional bond between you and your Mazda.

THREE ROWS OF SOPHISTICATION

The interior of the Mazda CX-9 offers sophisticated details to indulge you and your passengers throughout all three rows. Up front, both the driver and front passenger will enjoy seats with standard heating and available ventilation, helping to keep you at the ideal temperature year-round. For the second row, available captain's chairs¹ feature a convenient center console or walk-through option, while the standard 60/40 split second-row bench seats get an available Easy Slide-and-Tilt feature that eases access for third-row passengers. Plus, everyone on board can enjoy their devices longer, thanks to USB chargers throughout the second and third rows.²

¹ Captain's chairs with center walk-through available with select CX-9 Touring, Grand Touring and Carbon Edition trims; captain's chairs with center console standard on CX-9 Signature. ² Second- and third-row USB charging ports are available features.

REDEFINING REFINEMENT

For an even more enriching driving experience, the Mazda CX-9 Signature offers a distinctively upscale interior that will elevate your mood every time you get behind the wheel. Including elegant Santos Rosewood inlays. Newly updated interior accents. Second-row captain's chairs with a convenient center console. A uniquely stitched leather-wrapped steering wheel. And quilted Nappa leather seats with accent stitching finished in two gorgeous shades—Deep Chestnut and Parchment (shown). Making every inch of the cabin a highly refined space that will truly enhance your driving experience.

Every Mazda is designed to inspire.

We refine, so you can focus on the essential.

Our measurements are emotions. Our stats, stories.

Each decision is made to heighten your mood, your senses and your abilities.

Because to us, the road is a source of discovery, to which there is no end.
