NOTES p. 15

IMPORTANT SAFEGUARDS

When operating this electric appliance, basic safety instructions should always be followed. Refer to the following for these instructions

1. READ ALL SAFETY & USAGE INSTRUCTIONS BEFORE USING.
2. Do not use appliance on wet or hot surfaces, or near a heat source.
3. To protect against electric shock, do not immerse any part of appliance, power cord or plug in water or other liquid. Unplug from outlet when not in use and before cleaning.
4. To disconnect, unplug power cord from electrical outlet. Do not disconnect by pulling on cord.
5. Do not operate appliance with a damaged power cord or plug. Do not operate appliance if it malfunctions or is in any way damaged. For details, contact Customer Service.
6. Use appliance only for its intended use.
7. Closely supervise children when using any electrical appliance. Do not allow appliance to be used as a toy.
8. The appliance has a polarized plug (one blade is wider than the other). To reduce risk of electrical shock, this plug is intended to fit in a polarized outlet only one way. If plug does not fit fully in the outlet, reverse plug. If it still does not fit, contact a qualified electrician. Do not modify plug in any way.
9. Caution: A short power cord is provided to reduce risks from entanglement or tripping over a longer cord. An extension cord may be used when marked electrical rating is no less than electrical rating of this appliance. All cords should not drape over counter or tabletop where cords can be tripped over or pulled on unintentionally, especially by children.
10. Do not place on or near a hot gas or electric burner, or heated oven. Extreme caution must be used when moving products containing hot liquids.
11. Only use fresh (potable) and cold (moderate) water. Do not use water contained in bathtubs, wash basins or other recipients.
12. Never touch the hot parts of the appliance (be careful, also the warming plate is a hot part!), only touch the plastic parts and pot by the handle.
13. Be careful not to get burned by the steam evaporating from the coffee filter.
14. Never use the appliance if the pot shows any signs of cracks. Only use the pot with this appliance.
15. Handle with care as the glass is very fragile.

16. Never use your coffee machine without water in it if you have a programmable coffee machine, make sure to fill it with water before programming it.
17. Never place the empty (or almost empty) coffeepot on the hotplate when the coffee machine is running, or on any other hot surfaces.

SAVE THESE INSTRUCTIONS

FOR HOUSEHOLD USE ONLY

Electrical 3-conductor Cord Set:

Appliance equipped with a 3-conductor cord set that has a 3 prong grounding-type plug. It should be properly connected to a grounding-type outlet. The plug is designed to fit ONLY a 3-grounding outlet unit, and as such, the grounding prong should never be removed. If needed, purchase a 2-prong adapter and ground it to the outlet. Consult a qualified electrician if in doubt. Do not use an adapter unless you are confident it is grounded. Do not modify this plug. If the plug does not fit the outlet securely, call a qualified electrician for assistance.

Warning: Do not open the lid when the coffeemaker is brewing. If you open the lid, the coffeemaker will automatically stop.

CLEANING THE COFFEEMAKER

Remove the plug from the power before cleaning. Take out the silicone ring. Never immerse the coffeemaker or power base into water.

1. THE POT: Clean immediately after each use. Flush and clean the inner walls with warm soapy water and a non-abrasive cloth. Then wipe dry with a soft cloth.
2. THE LID: Separate the lid and the silicon ring. Wash with warm soapy water.
3. THE BODY: Clean with a soft cloth. Never use sharp cleaning agents, hard nylon brush or metal brush to avoid scratches on the stainless steel surface! Never clean with metal objects and never use abrasives.
7. Use sponge or non metal soft brush to clean the inside and outside of the coffeemaker, then wipe dry with a soft cloth.
8. When cleaning the coffeemaker, never immerse it in water. There are electronic components in the body that will be damaged.
9. NOT dishwasher safe.

WARRANTY & SERVICE

This Limited Warranty is for one full year from the date of purchase. It is applicable to the original purchaser only and is not transferable to a third party user. Repair or replacement of defective parts is solely at the seller's discretion. In the event that repair isn't possible, the seller will replace the product/part. If product repair/replacement won't suffice, the seller has the option of refunding the cash value of the product or component returned.

Product defects not covered under the Warranty provisions include normal wear and damage incurred from use or accidental negligence, misuse of instruction specifications or repair by unauthorized parties. The manufacturing company is not liable for any incidental or consequential damages incurred by such circumstances.
