ASSEMBLY INSTRUCTION

Important Note: Unzip the back of the headboard to access all necessary screws and connectors.

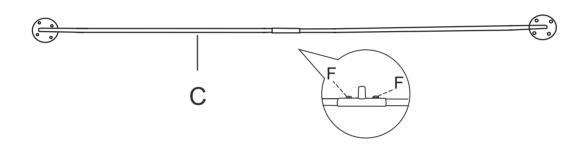

Program A

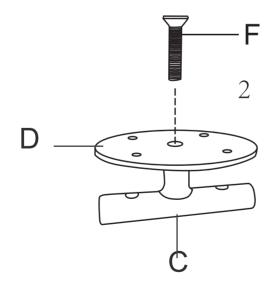

step 1: Connect Part:

- · Employ F screws to connect two D parts and two longer C sections respectively.
- · Proceed to use two F screws to attach shorter C connetor and two longer C sections.

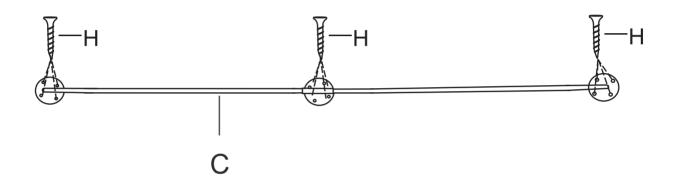

step 2: Connect part D to the shorter C using F screws.

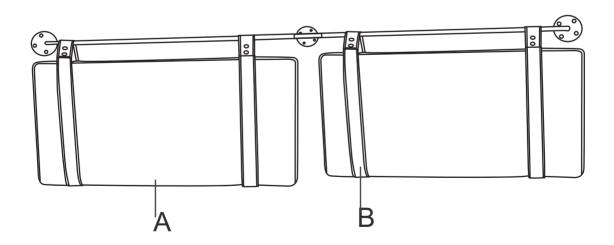

Program A

step 3: Wall Mounting:

- · Locate and mark the hole positions for all three D parts on the wall and drill the holes at the marked positions.
- · Insert the expansion screws G into the drilled holes.
- · Use an electric drill or screwdriver J to securely attach screws H, connected D and C parts into the screws G on the wall.

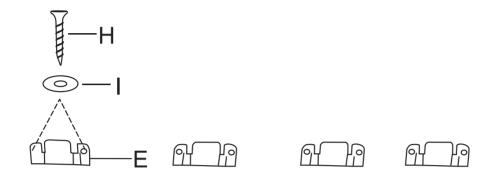

Step 4: Use the belt B to connect the two pieces of headboard to the C parts. Fasten the belts with the Velcro located behind the belt.

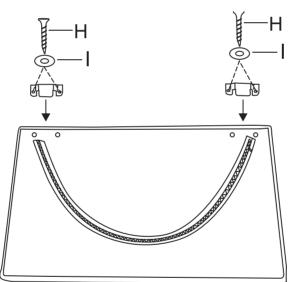

Program B

step 1: Wall Mounting:

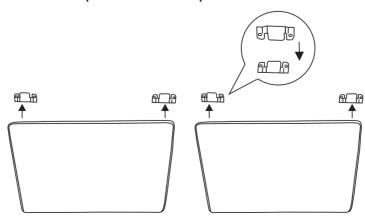

- · Locate and mark the hole positions for four part E on the wall.
- · Drill the holes at the marked positions.
- · Insert the expansion screws G into the drilled holes.
- · Use an electric drill or J screwdriver to fix screws H, pieces I, and four E parts onto the wall, ensuring the E part groove is facing up.

Step 2: Use an electric drill or L screwdriver to fix screws H, pieces I, and another four E parts onto back of the headboard, ensuring the E part groove is facing down

step 3: Securely slide the two pieces of headboard onto the wall by aligning all four pairs of brackets on part E from top to bottom.
