

# Safer stadiums use case guide

## What if you could enhance your ability to create a secure environment for every fan and staff member at your stadium?

Imagine stepping into a stadium where every cheer, every play, and every moment is cradled in the arms of safety. This isn't just any stadium; this is a safer stadium, empowered by Motorola Solutions' Safety & Security Ecosystem.

From the moment the first fan arrives to when the last fan leaves, our safety & security ecosystem can help empower your team to stay ahead of potential incidents, streamline communication, and respond swiftly to any situation.

Throughout this use case guide, discover how our technology is transforming the standard of stadium security. Read through various scenarios that can help you envision how Motorola Solutions can be the game-changer for your security team.

# Disruptive fan

	Action	Solution(s)	Benefit
If...	Unusual motion detected in the crowd: disruptive fan	 <p><b>Avigilon Unity</b></p>	Easily identify unusual motion and activity with analytics that continuously learn a scene's "usual motion and activity", without the need to set up predefined rules
Then...	Notify security teams of the situation	 <p><b>MOTOTRBO two-way radios</b></p>	Automatically send an emergency alert to/from the radios and to other connected devices.
And...	Activate body cameras on the personnel in the area	 <p><b>VB400 Body camera</b></p>	Enable a smarter response and better protection with VB400 body cameras that can be activated from another device during an emergency
And...	Situation resolved and documented	 <p><b>Ally Incident &amp; records management</b></p>	Enhance incident and records management with multimedia attachments, accessible from web-enabled devices and easily shared with personnel

# Lost individual

	Action	Solution(s)	Benefit
If...	A person is reported lost	 <p><b>MOTOTRBO two-way radios</b></p>	Automatically send alerts to/from the radios and to other connected devices.
Then...	Search initiated with video analytics	 <p><b>Appearance search</b></p>	Quickly initiate a search for a person by specific physical descriptions such as clothing color, gender or age.
And...	Intelligence shared with field	 <p><b>MOTOTRBO two-way radios</b></p>	Automatically send alerts to/from the radios and to other connected devices.
And...	Situation resolved and documented	 <p><b>Ally Incident &amp; records management</b></p>	Enhance incident and records management with multimedia attachments, accessible from web-enabled devices and easily shared with personnel.

# Weapon detection

	Action	Solution(s)	Benefit
If...	A weapon is detected on an individual when entering the gates	 <p><b>Concealed weapon detection (CWD)</b></p>	Screen up to 60 people per minute, eliminating any bottlenecks at points of entry while distinguishing between threats and everyday items like a cellphone, coins or keys
Then...	Notify security teams	 <p><b>MOTOTRBO two-way radios</b></p>	Send emergency alerts to/from the radios and to other connected devices.
And...	Lock all entrances and doors to the stadium	 <p><b>Avigilon Access Control</b></p>	Automatically send alerts to the access control system locking all entry points, allowing no one to enter.
And...	Send mass notification to all staff	 <p><b>Rave Alert - mass notification</b></p>	Notify your teams instantly by text, email or voice message, from laptops or smartphones.

# Restricted access

	Action	Solution(s)	Benefit
If...	Forced entry recognized	 <p><b>Avigilon access control manager</b></p>	Automatically send alerts to the access control system when breached and lock all entry points, allowing no one to enter
Then...	Notify security teams	 <p><b>MOTOTRBO two-way radios</b></p>	Send emergency alerts to/from the radios and to other connected devices.
And...	Situational intelligence gathered	 <p><b>Avigilon video security cameras and control center</b></p>	Quickly gather important details and initiate a search for a person by specific physical descriptions.
And...	Intruder apprehended and incident reported	 <p><b>Ally Incident &amp; records management</b></p>	Maintain an unbiased witness and notify your teams instantly. Enhance incident and records management.
