PISEN-4-in-1 Folding Wireless Charging Stand (TP-C117)

User Manual

We appreciate your purchase of PISEN 4-in-1 Folding Wireless Charging Stand. Please read these instructions carefully to ensure safety and smooth operation, and keep this instructions properly for future reference.

Technical Specifications

PISEN 4-in-1 Folding Wireless Charging Stand	
Model	TP-C117
FCC ID	2BCE20-TP-C117
Input	5V=3A(Max)
Output	Mobile wireless charging: 5W/7.5W/10W/15W Earphone wireless charging: 5W Max Watch wireless charging: 2.5W Max Type-C Input: 1.5A 7.5W Max
Product Size	76*76*27mm(3*3*1.06 in) (Folding stand)
Standby Power	0.3W MAX
Conversion Efficiency	>82%
Transmitting Distance	<1cm
Product Weight	Approx. 165g (3.83oz)
Operation Temperature	0℃~35℃ (32℉~95℉)
Packing List	Wireless Charging Holder *1 User Manual *1

Important Notes

- Do not place this product on carpets, heaters or flammable materials.
- Do not use or store this product in direct sunlight or in a humid environment.
- Do not adjust the holder and phone while driving.
- Please do not disassemble, modify or repair this product by yourself.
- Do not put this product into fire, water or other corrosive liquids.
- It is recommended to use it in conjunction with PISEN or other qualified power adapters.
- When the product is powered on, do not place it near metal products to prevent the product from overheating.
- Do not place magnetic metal items such as magnetic cards or bank cards on the wireless charging panel when positioning. If any abnormal phenomenon such as abnormal high temperature, failure to charge, etc. occurs during use, please stop using it immediately and contact after-sales service.
- Please keep away from children to avoid accidents.
- Unless there is supervision or guidance from a professional, the following persons (including children) are not suitable for using this product: those with reduced physical or mental abilities, those who are not familiar with the device, and those who lack operating experience. Children must be supervised to ensure safe use.

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, this equipment should be installed and operated with minimum distance between 20cm from the radiator your body. Use only the supplied antenna.
