

Thank you for purchasing the **Windham Corner Media Stand**. This page lists all the contents included in the box. Please take time to identify the hardware as well as the individual components of this product. As you unpack and prepare for assembly, place the contents on a carpeted or padded area to protect them from damage. Note: 2 people are required to safely assemble this product.

HARDWARE

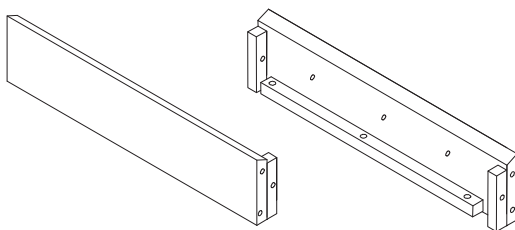

TOOLS REQUIRED

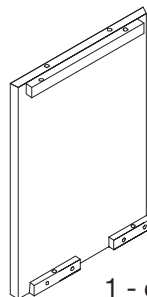

phillips head screwdriver

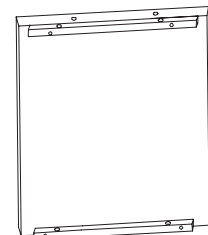

COMPONENTS

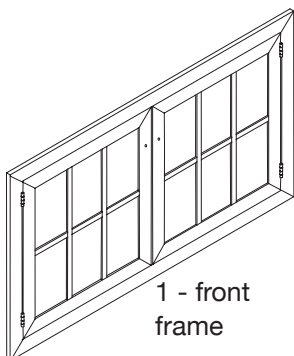

2 - side panels
(1 left, 1 right)

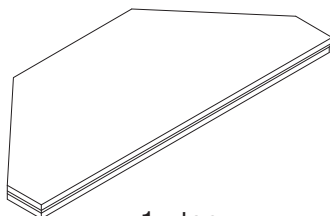

1 - center back panel

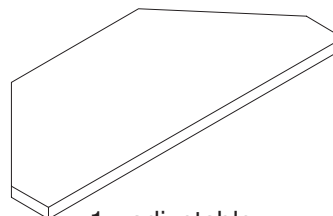

2 - back panels
(1 left, 1 right)

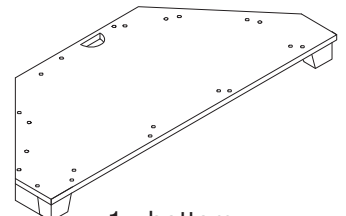

1 - front frame

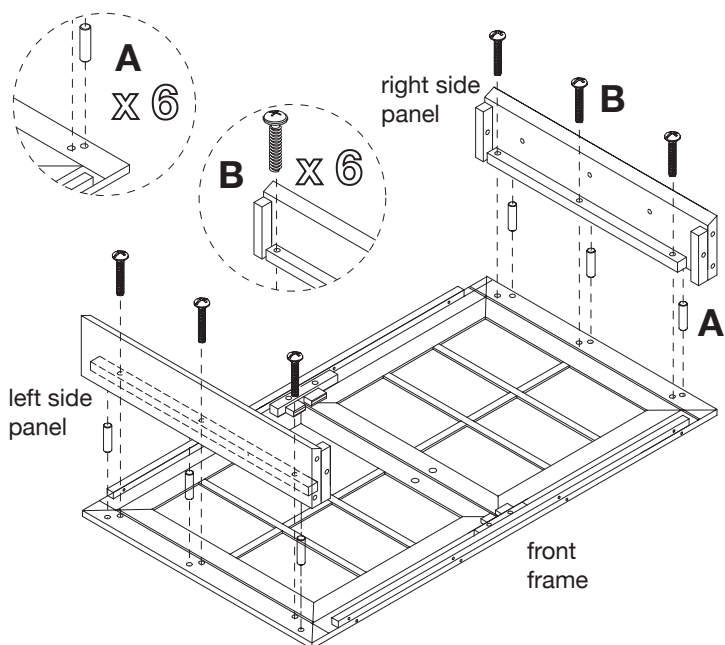

1 - top panel

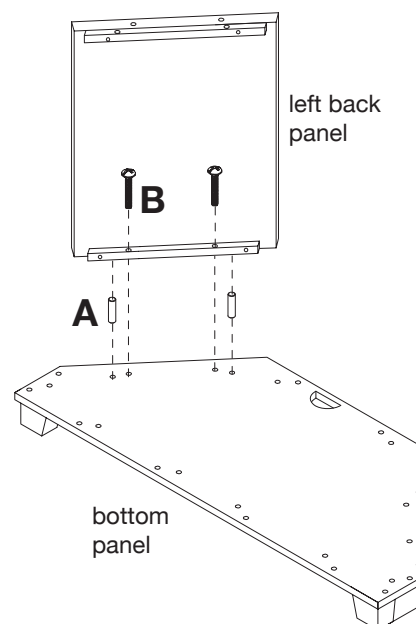

1 - adjustable shelf

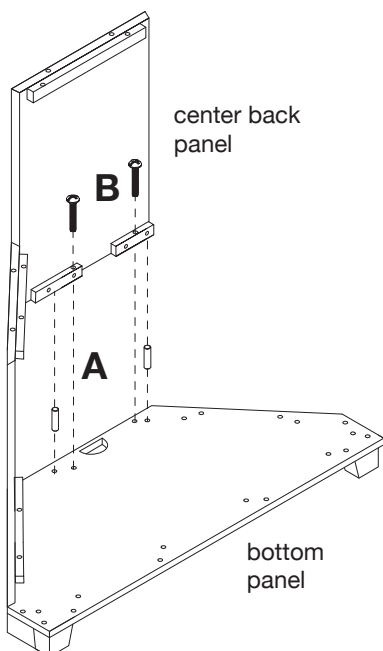

1 - bottom panel

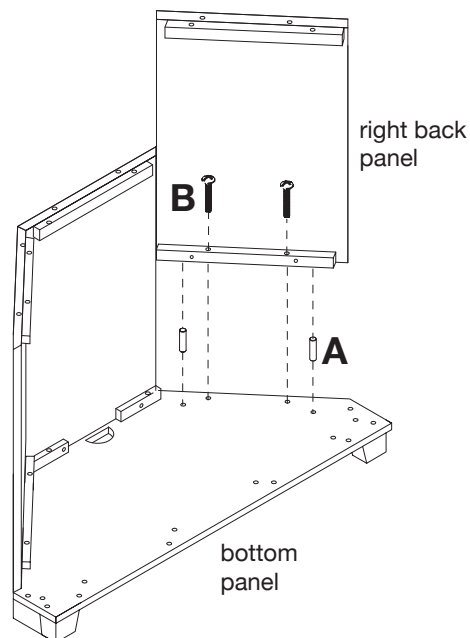

- ① A) Insert 6 **wood dowels** into **front frame** as shown.
B) Fit dowels of **front frame** into corresponding holes of **left and right side panels** as shown. Attach side panels with 6 **large bolts** as shown. Secure bolts with a **phillips head screwdriver**.

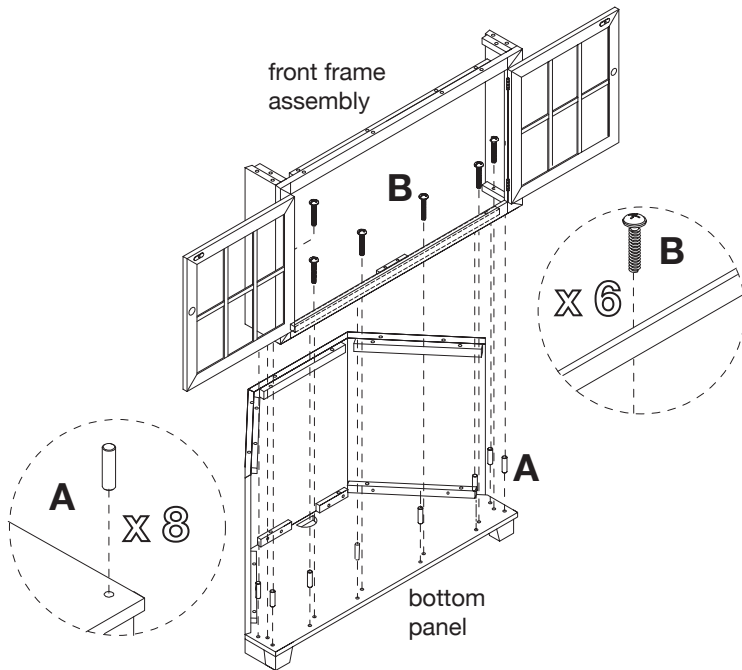

- ② A) Insert 2 **wood dowels** into **bottom panel** as shown.
B) Fit dowels of **bottom panel** into corresponding holes of **left back panel**, and secure left back panel with 2 **large bolts** as shown.

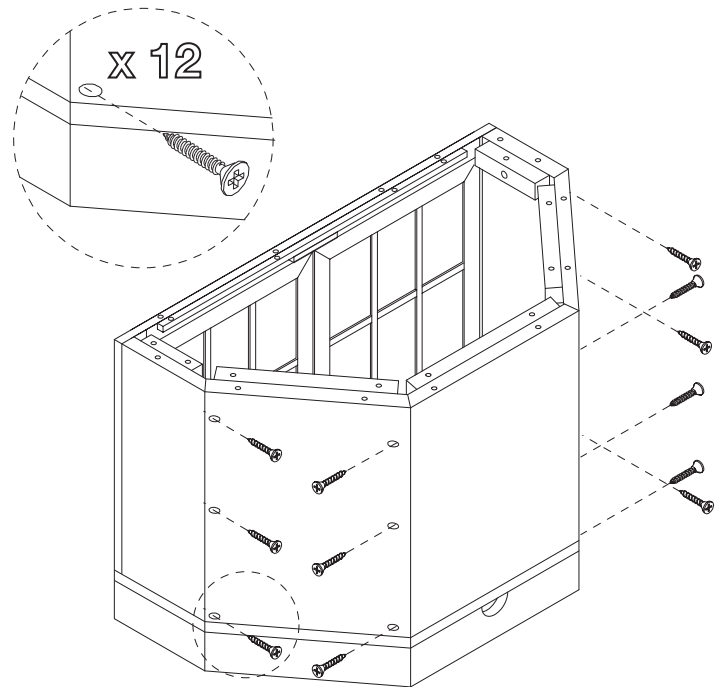

- ③ A) Insert 2 **wood dowels** into **bottom panel** as shown.
B) Fit dowels of **bottom panel** into corresponding holes of **center back panel**, and secure with 2 **large bolts** as shown.

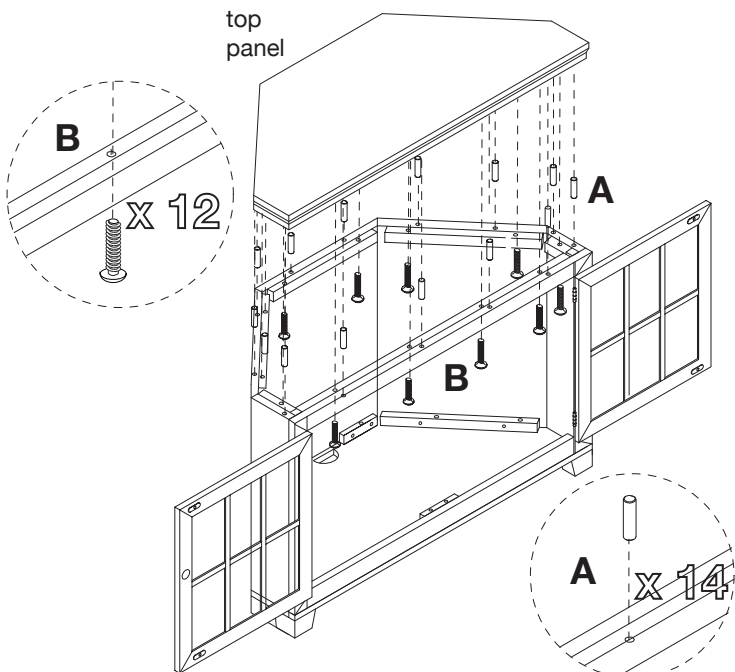

- ④ A) Insert 2 **wood dowels** into **bottom panel** as shown.
B) Fit dowels of **bottom panel** into corresponding holes of **right back panel**, and secure with 2 **large bolts** as shown.

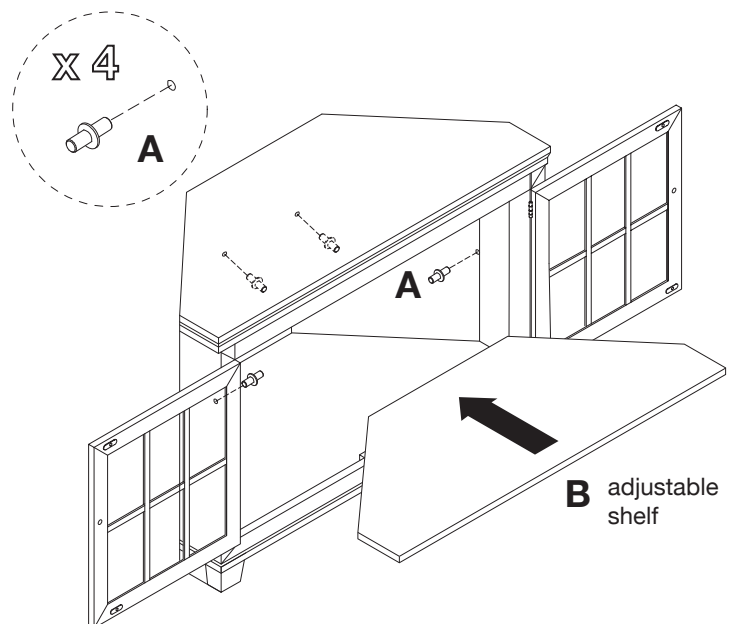

- ⑤ A) Insert 8 **wood dowels** into **bottom panel** as shown.
 B) With the assistance of another adult, fit dowels of **bottom panel** into corresponding holes of front frame assembly. Secure front frame assembly with 6 **large bolts** as shown.

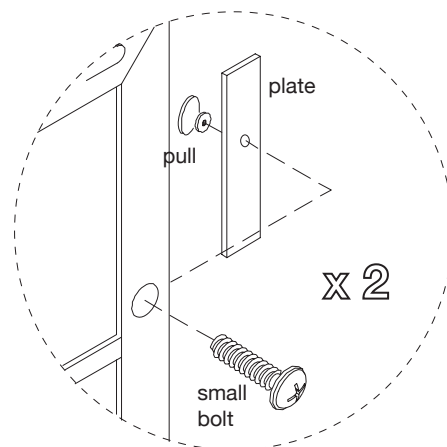

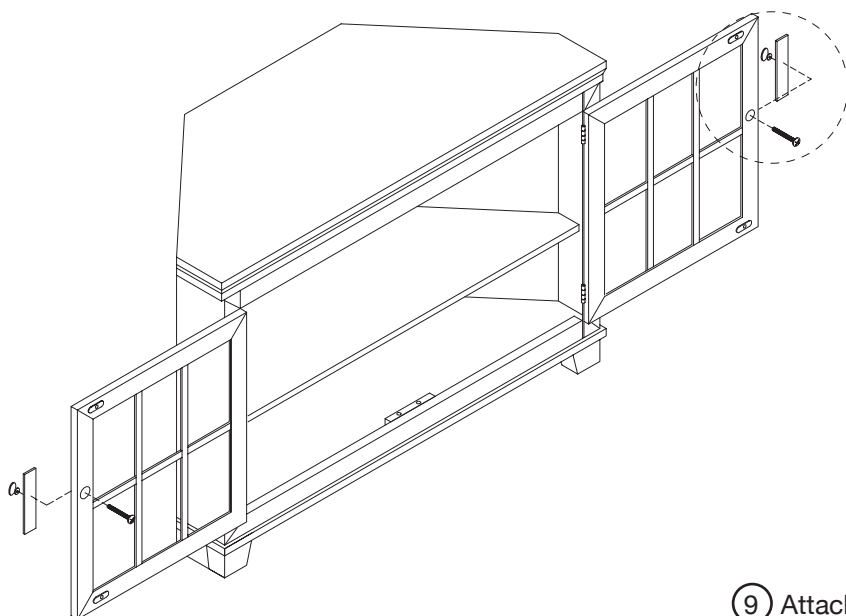

- ⑥ Insert 12 **medium screws** into left and right back panels of assembled unit as shown. Secure screws with a screwdriver.

- ⑦ A) Insert 14 **wood dowels** into top of assembly as shown.
 B) Fit **top panel** onto corresponding dowels of assembly. Secure from the inside with 12 **large bolts** as shown.

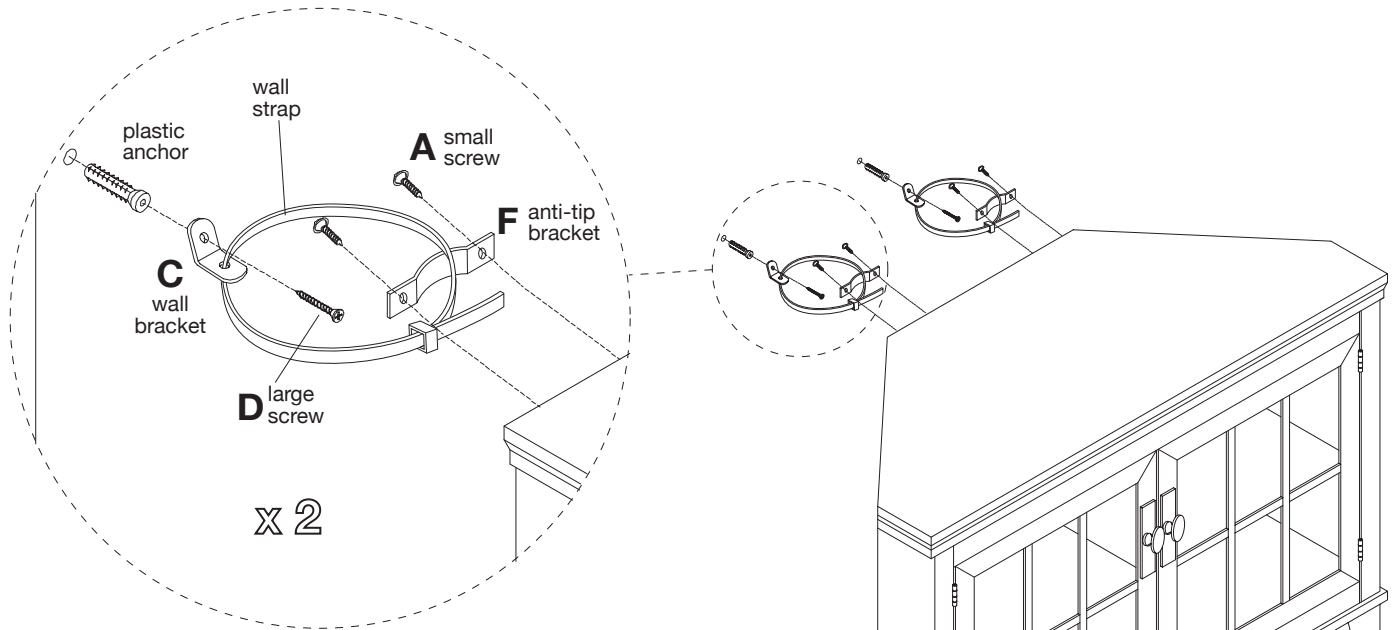

- ⑧ A) Insert 4 **shelf pins** at desired shelf heights as shown.
 B) Place **adjustable shelf** into assembled unit. Make sure each shelf pin is securely supported by each shelf pin.

- ⑨ Attach 2 **pulls** and 2 **plates** to doors of assembled unit with 1 **small bolt** per pull as shown. Secure bolts with a screwdriver. Assembly is now complete.

CLEANING AND CARE

Clean surfaces with a dry or damp soft cloth. Do not use abrasive cleaners. Do not use furniture wax or polish as the wood is finished with a protective clear lacquer.

10 Safety Mounting Instructions

For added safety and stability, it is recommended that the wall mounting hardware be installed. For safe mounting, it is essential to use wall anchors appropriate to your wall type (i.e. plaster, drywall, concrete, etc.). Mount to wood studs whenever possible.

A) Attach **anti-tip bracket** to top of media stand using 2 **small screws** as shown.

B) Determine the final location of media stand. Mark position on the wall, approximately 2" below the anti-tip bracket mounted to the back of the media stand.

C) Drill a hole in the wall stud. If the wall stud is not available, drill a hole in the wall that is slightly smaller in diameter than the anchor. Gently tap the **plastic anchor** until the flange of the anchor is flush with the wall.

D) Attach the **wall bracket** to the wall by inserting 1 **large screw** through the wall bracket and into the wall anchor in the wall.

E) Place the unit so the anti-tip bracket on the back edge is allowed with the wall bracket.

F) Lace one end of the **wall strap** through both brackets, and into the other end of the strap.

G) Pull the strap tightly until secure.

Repeat steps A-G for remaining anti-tip and wall bracket.

NOTE:

If you are unsure about your wall type or what mounting method you should use, consult a qualified professional or your local hardware store.
