PARTS

PRODUCT ASSEMBLY

1

Connect the **part A right rear support** to the **part C right corner**, then repeat to connect the **part B left rear support** to the **part D left corner**.

2

Connect the two corner assemblies with the **part N large soccer net bottom support**.

3

Locate and connect **parts F & G upper corner supports**, then attach the upper corners to the **part A & B rear supports**.

PRODUCT ASSEMBLY

4

Use the **part 6 net rope** to attach the **part R large soccer net** to the assembled large net frame (see steps 1-3).

Begin by draping the net over the frame to reach the optimum shape, then thread the **part 6 net rope** through the net ridge around either the **part A or B corners** and tie a knot.

Continue threading the rope around the frame ridges and through the **part R soccer net**, then tie a second knot to secure the net to the frame. Use scissors to cut away excess rope.

5

Locate and attach the **part I small net top support** to the **part J & K side supports**.

Attach the **part M small net bottom support** to the **part J & K side supports**.

NOTE: The the part I small net top support has a fastening hole in it's upper receiver. This hole should face the back of the frame assembly.

PRODUCT ASSEMBLY

6

Use the **part 5 net bungies** to attach one **part S1 small net** to the small net frame assembly.
NOTE: Part S1 net is shown, but interchangeable with **part S small net**.

Begin by draping the net over the frame to reach the optimum shape, then take one bungee, loop the cord around the frame and thread through the net. Insert the end of the bungee back into bungee's knot and pull until taught. Repeat with the remaining bungies until the net is completely secured.

PRODUCT ASSEMBLY

7

Insert two **part H connector rods** into the **part F & G upper corners**, then attach the assembled small net with four **part 2 screws**, two screws per connector. Connect the **part M & N bottom supports** as indicated. Assemble basketball hoop next.

PRODUCT ASSEMBLY

8

Locate the **part Q** basketball hoop frame and attach the **part Q1** basketball hoop net.

9

Locate the **part O** basketball pole and attach the **part P** backboard & **part Q** basketball hoop frame with four **part 3** bolt & washer sets.

PRODUCT ASSEMBLY

10

Attach two **part E** bracing rods to the **part P** backboard with two **part 4** bolt sets.

NOTE: The bracing rods have two hole placements, one round and one slotted; attach the slotted end to the **part P** backboard.

Secure the **part O** basketball pole to the **part P** backboard by attaching two **part E** bracing rods with one **part 2** bolt & washer set, remove the washer for a tighter fit.

The bracing rods have two hole placements, one round and one slotted; attach the slotted end to the part P backboard.

PRODUCT ASSEMBLY

11

Insert the **part O** basketball pole into the opening on the **part I** small net top support and secure with one **part 1** connector knob. Firmly twist the knob to secure the pole.

Attach two **part L** lower bracing rods to the **part O** basketball pole with one **part 2** bolt & washer set. Remove the washer for a tighter fit.

Attach the two **part L** lower bracing rods to **part I** small net top support with two **part 2** bolt and washer sets.

12

Locate the **part T** storage bag and unbutton the straps, loop the straps around one of the **part H** connector rods and button the straps to secure.

RECOMMENDED: The **part O** basketball pole may loosen after multiple impacts, check and tighten the **part 1** knob regularly.

The bracing rods have two hole placements, one round and one slotted; attach the round end to the **part O** basketball pole.
