■ FAQ

❓ Instruction of Wi-Fi indicator

- Indicator flashes quickly
It means device is in factory state and you can configure it via config page of e-Control.
- Indicator flashes from quickly to slowly and at last off (during configuration).
It means configuration is successful.
- Indicator flashes slowly
It means device cannot connect to Wi-Fi. Please check the network connection or re-configure the device.

❓ Functions of universal remote

- Remote control, button timer (long press on a button to set timer) and combo control.

❓ What is scene?

- Scene likes a button which perform several action of several appliances. You can add several remote commands into a scene and once you tap the scene, all the remote commands will be performed.

❓ How to learn?

- Tap the button with black front and it will pop-up a prompt box 'Waiting for button learning'. Meanwhile, orange indicator of device will be on. Press button on appliance remote towards device. If the orange indicator turn to off and APP hints successful message, the code learning succeeds. Tap the learned button on APP and the orange indicator flashes once. It means the learned command has been sent.

❓ How to perform air conditioner learning?

- AC code is more complicated than TV code. One button will trigger a string of code including temperature, mode, fan, and so on. As a result, defined scene button such as cooling, heating, auto is similar to ON button. For instance, if you want to learn the code string of ON, cooling and 22 °C. You should follow the step below.
 1. Adjust AC to 'cooling, 22 °C' with AC remote.
 2. Turn off AC.
 3. Tap a button on remote panel (APP) to enter learning state.
 4. Press 'ON' button of AC remote to finish learning. For the 'OFF' button, it can be learned on any state (You should learn 'ON' and 'OFF' separately).We suggest you to have a trial to comprehend this part.

■ NOTE

- Do not use non-ASCII characters in Wi-Fi name or password. It may cause configuration failure. The device supports Wi-Fi of 2.4G 802.11 b/g/n only.
- Please place the device on open place. Please point remote to the top of the device during learning we suggest the distance is less than 1m.
- Please configure the device according the user guide. If you encounter problems, please contact our authorized distributors or our support team.
- 1 Year Limited Warranty. All the technical details are subjected to the actual product performance.
