

MODEL NO. RPJ205-COMBO_PL **Home Theater Projector**

INSTRUCTION MANUAL

PLEASE READ BEFORE OPERATING THIS EQUIPMENT

This product has been manufactured and sold under the responsibility of Curtis International Ltd.

RCA, the RCA logo, the two dogs (Nipper and Chipper) logo, are registered trademarks or trademarks of Technicolor (S.A.) or its affiliates and are used under license by Curtis International Ltd.

Any other product, service, company, trade or product name and logo referenced herein are neither endorsed nor sponsored by Technicolor (S.A.) or its Affiliates.

Ideal for dark viewing environments for optimal performance. Please note: Projector brightness is measured in ANSI lumens. Your viewing environment is the deciding factor on how many lumens your projector needs.

Important Safety Instructions

- Read these Instructions
- 2. Keep these Instructions.
- 3. Heed all Warnings.
- 4. Follow all instruction
- 5. Do not use this apparatus near water.
- 6. Clean only with a dry cloth.
- 7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- 8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifier) that product heat.
- 9. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 10. Only use attachments/accessories specified by the manufacturer.
- 11. Unplug this apparatus during lightning storms or when unused for long periods of time.
- 12. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or
- 13. Use only with a cart, stand, tripod, bracket, or table specified by the manufacturer or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combi to avoid injury from tip-over.

Additional Warnings and Precautions

- 1. Do not look directly into the projector light.
- Don't touch the project lens.
- 3. Mains adapter is used as disconnect device and it should remain readily operable during intended use. In order to disconnect the apparatus from the mains completely, the mains plug should be disconnected from the mains socket outlet completely.
- 4. CAUTION: Use of controls or adjustments or performance of procedures other than those specified may result in hazardous radiation exposure.
- 5. WARNING: Changes or modified to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment
- 6. WARNING: Use of this unit near fluorescent lighting may cause interference regarding use of the remote. If the unit is displaying erratic behavior move away from any fluorescent lighting, as it may be the
- 7. WARNING: Shock hazard Do Not Open.
- 8. Caution and marking information is located at the rear or bottom of the
- 9. WARNING: To reduce the risk of fire or electric shock, do not expose this apparatus to rain, moisture, dripping, or splashing.
- 10. Objects filled with liquids, such as vases, shall not be placed on the

Remove & Close The Lens Cover

Placing Your Projector

Your projector can be installed in four different configurations (see picture below):

Front Table:

Select this location with the projector placed near the floor in front of the screen. This is the most common way to position the projector for quick setup and portability

Rear Table:

Select this location with the projector placed near the floor behind the screen. NOTE: That a special rear projection screen is required.

Front Ceiling:

Select this location with the projector suspended upside-down from the ceiling in front of the screen. NOTE: A projector mount is required to install the projector in a ceiling.

Select this location with the projector suspended upside-down from the ceiling behind the screen. NOTE: A projector mount is required to install the projector in a ceiling.

A special rear projection screen is required

To Reduce Image Distortion

- screen as possible.
- The light beam from the projector should beperpendicular to the screen for a rectangularor square image.

Distance Between The Projector And Screen

Measure the distance between the projector and where you want to position the screen. This is the projection distance.

Distance	Screen Size
1.16m	37 inch
1.35m	45 inch
1.51m	50 inch
1.81m	60 inch
2.15m	72 inch
2.75m	100 inch
3.43m	120 inch
4.24m	150 inch

Installing your Projector in the Ceiling

When installing the projector in the ceiling, please purchase a projector mount recommended by an installation professional and follow the instructions that come with the mount. Before installing the projector in the ceiling, please check to make sure the ceiling structure can support the weight of the projector and the mount. If in doubt, please ask the advice from an installation professorial.

Adjust The Vertical Location

follow below picture to adjust the vertical location

Adjust The Focus And Keystone

Follow below picture to adjust the focus and trapezoidal screen.

Adjust the focus by turning the knob while observing the image pixels near the center of the screen. Optimal focus is obtained when the pixels are clearly visible. Depending on the projected screen size, the focus near the screen edges may be less sharp than the

Keystone image is created when the projector lens is projected from above or below the center of the screen. Keystone correction restores the distorted image to a rectangular or

Install USB Device And TF card (Micro SD Card)

Follow the below picture to install USB / TF card

Turn off the unit before connect USB / TF card.

To make a warranty claim, please email support@curtiscs.com or call 1-800-968-9853.

90 day Warranty

This product is warranted to be free from defects in material and workmanship for a period of ninety (90) days from the date of original purchase. During this period, your exclusive remedy is repair or replacement of this product or component found to be defective, at our option; however, you are responsible for all costs associated with returning the product to us. If the product or component is no longer available, we will replace with a similar one of equal or greater value. Prior to a replacement being sent, the product must be rendered inoperable or returned to us.

This warranty does *not* cover glass, filters, wear from normal use, use not in conformity with the printed directions., or damage to the product resulting from accident, alteration, abuse, or misuse. This warranty extends only to the original consumer purchaser or gift recipient. Keep the original sales receipt, as proof of purchase is required to make a warranty claim. This warranty is void if the product is used for other than single-family household use or subjected to any voltage and waveform other than as on the specified rating on the label (e.g., 120V~60Hz).

We exclude all claims for special, incidental, and consequential damages caused by breach of express or implied warranty. All liability is limited to the amount of the purchase price. Every implied warranty, including any statutory warranty or condition of merchantability or fitness for a particular purpose, is disclaimed except to the extent prohibited by law, in which case such warranty or condition is limited to the duration of this written warranty. This warranty gives you specific legal rights. You may have other legal rights that vary depending on where you live. Some states or provinces do not allow limitations on implied warranties or special, incidental, or consequential damages, so the foregoing limitations may not apply to you.

For faster service, locate the model, type, and serial numbers on your appliance.

ATTACH YOUR PROOF OF PURCHASE HERE, PROOF OF PURCHASE IS REQUIRED TO OBTAIN WARRANTY SERVICE.

- Please have the following information available when you contact the Support Team: · Name, address and telephone number.
- · Model number and serial number.
- · A clear, detailed description of the problem
- · Proof of purchase including dealer or retailer name, address and date of purchase.

Using TF Card And USB Playback (Media Player)

Install USB / TF device

- 1. Press the power $\mbox{\Large 0}$ button to turn off the unit before install USB / TF card.
- Install the USB device into USB port / Install the TF device into TF slot.
- After connect, press the \circlearrowleft button to turn on unit and the power indicator light GREEN.
- 4. Press the 🗗 / SOURCE button to select Media and press (ox) button. Then go to Home screen to search PHOTO / MUSIC / MOVIE / TEXT icon
- Note: if on the Home screen, use (%) button to search the PHOTO / MUSIC / MOVIE / TEXT icon.

 5. After selection, press the (%) button to select C and press (%) button.

 Note: if both USB device and TF card install, unit will assign first install device as C and last install
- 6. Use (1) buttons to search the correct file to wait for a while for preview playback
- Press the OK button or low button of the remote to start playback file.
- Press ♠ button to fast search rewind or forward.
 Press ♠ button to search previous or next file.

9. During playback, press the **b** button pause and press again to resume. **NOTE:** Remove USB / TF device, press the **b** button twice to standby mode FIRST.
