

Protex™ N95 Particulate Respirator

Model SR9520 – Size M/L

Model SR9520S – Size Small

NIOSH APPROVED | TC-84A-9295

Featuring the Protex™ All-Day-Comfort™ System

FILTER EFFICIENCIES

TYPE		EFFICIENCY	
N Not Resistant	Not for use in atmospheres that contain oil-based aerosols.	95	95% minimum filter efficiency in removing particulates.
R Resistant to Oil	Restricted to 8 hours of service life if used in atmospheres that contain oil-based aerosols.	99	99% minimum filter efficiency in removing particulates.
P Oil Proof	Oil proof. May be used in atmospheres that contain oil-based aerosols.	100	99.7% minimum filter efficiency in removing particulates.

Get Protex™ ADC™ for Advanced Protection and Comfort

Shawmut has put everything we know into our Protex™ N95 respirators, so you can count on them to fit better, protect better, and breathe easier all day long. Designed, engineered, and manufactured in America, the cup-style Protex™ respirators were created with patent pending ADC Protex All-Day-Comfort System® technology for better breathability, fit and seal, and professional comfort.

The Protex™ All-Day-Comfort™ System Gives You:

- **Less breathing resistance** – proprietary filtering technology exceeds N95 standards while allowing for lighter weight and higher breathability
- **Less pressure on the face** for all-day-comfort and wear, Protex™ N95 users feel the softness of the foam with less eyeglass fogging when shaped around the bridge of the nose properly
- **Reduced moisture buildup** inside the respirator
