

Upgrade **Your Asset** and **People Management**

MWC01 Badge Bluetooth Repeater

MBT02 Asset Bluetooth Repeater

MRepeater integration, MWC01 Badge Bluetooth Repeater and MBT02 Asset Bluetooth Repeater. MWC01 performs accurate personnel management, with high accuracy and emergency response abilities. Besides, MBT02 performs asset tracking with efficiency. Improve workplace efficiency and security with these 2 smart gadgets, which provide precise people management, and efficient asset monitoring, and both of them are cutting-edge hardware solutions in IoT industry.

FEATURES ►

MWC01 Badge Bluetooth Repeater

- High positioning accuracy
- Vibration feedback
- Smart magnetic charging
- IP67 dust & water resistance
- Multiple RFID frequencies

MBT02 Asset Bluetooth Repeater

- Broadcasting & scanning supported
- Disassembly alerts reminding
- 3 years service life
- Batch device management
- Flexible deployment
- Lightweight design
