BLICK® STUDIO BLACK COTTON CANVAS

If you're looking for an affordable, high-quality substrate for paintings with deeper color palettes, there's no better choice! We start with a medium texture, 7 oz, pre-primed, 100% cotton duck canvas and then add three coats of acid-free black gesso for a final post-primed weight of approximately 10.5 oz. This canvas is then stretched by hand on 3/4" solid wood stretchers and stapled on the back for a clean, paintable edge that allows for future re-stretching.

BLICK®
STUDIO ACRYLICS

"Blick Studio Acrylic gives you the freedom to take risks in your painting simply because it is such a quality yet cost-effective paint. With pricier acrylic paints, I feel compelled to not 'waste' the paint with experimentation. With Blick Studio Acrylic I am completely free to make mistakes.

— Bethany Alsin

Blick® Studio Acrylics

A combination of price and performance makes Blick Studio Acrylics a great value. A buttery texture similar to oil paint holds impasto brush and knife marks, and a high pigment concentration assures strong color power and coverage. Colors dry to a permanent, non-yellowing, lightfast paint film that is non-resoluble and flexible when dry. Available in a palette of 48 bright, intense colors.

Winsor & Newton™ Liquin™ Original

This reliable favorite (formerly known simply as "Liquin") is a general-purpose low gloss medium that improves flow and transparency. It mixes easily with the brush or knife, smooths brushwork, and is also suitable for textured oil techniques. Liquin Original approximately halves the drying time of oil colors, resulting in a drying time of anywhere from one to five days, depending on climate, colors used and film weight. Not recommended as a varnish or final coat. Glass bottles.

BLICK®

ARTISTS' WATERCOLORS

Blick is proud to offer our own line of professional watercolors. Rich, premium pigments are sourced from around the world and uniformly combined in balanced mediums to ensure fluid, controlled washes time after time. Of the 63 colors in the line, 40 are made from a single pigment. We also offer real cadmiums and cobalts, not hues.

"I've used Blick oil paints and canvases for years, so when I started using watercolors I went to Blick because I trusted their products. They did not disappoint. Rich colors and fluid application allowed me to experiment with the spontaneity of the medium and bring the bold color of my oils to my aqua-media works."

I use a few different brands of pastels and Blick pastels are among my favorites. Smooth and velvety, they work well with a variety of supports. I love the richness of the pigments and the fact that they are easy to layer. They are also much more affordable than some of the other brands. I enjoy the shopping experience at Blick because I get the best prices and best customer service. I spend a lot of time just browsing around the Schaumburg, Illinois, store, which always inspires me.

FALL MEANS BIG SAVINGS!

Again this fall, we're featuring the latest additions to our product line in our fall sale flyer rather than in our "Big Book," making it easier for you to find out what's new in the world of art materials. We've pulled together 10 pages of new paints, pads, pastels, markers, canvas, studio supplies and more for your shopping pleasure.

We've also got dozens of deals and free offers that cover the full spectrum of art-making. Look for free paints, brushes, panels, and pads with purchase, plus Value Packs and BUY 1 (or 2) GET 1 deals. You'll also find big savings on printmaking inks, paper, colored pencils, markers, Blick canvas and frames, and much more — all the essentials you need for creating art in the studio, in the field, or on the street.

Be sure to look for keyword search boxes that make it easy to find our deals online (plus additional colors, sizes, and sets). All you have to do is visit DickBlick.com, type the keyword into the search box, and start shopping.

Enjoy the artwork of our featured artists and read what they have to say about our products, our knowledgeable staff, and how we help them create their art. Have you had a great experience using Blick markers, colored pencils, or watercolors? Or perhaps you've created a fabulous mixed media work on a Blick panel or paper? We'd love to feature you using any Blick brand product in an upcoming catalog or on our website. Simply submit your artwork at DickBlick.com/connect to start the process.

Enjoy shopping the Blick Studio Fall Flyer. As always, we thank you for your business.

Free Shipping on orders of $99 or more.

Sale Prices and Free Shipping on orders of $99 or more are effective for this flyer only and cannot be used in conjunction with any other discounts or in our retail stores.

Offers good through October 20, 2013, or while supplies last.

See exceptional conditions listed in yellow box.

PRICES - All prices are subject to change without notice. We reserve the right to correct typographical errors in our catalogs. Due to volatility in world markets for paper, steel, and energy, it may be necessary for our suppliers to increase prices on some items. We will do our best to absorb these increases, but we may need to increase prices on some of our products as a result. In addition, if product-specific trade tariffs or duties are imposed, we may need to pass those increases along to you as well.

SHIPPING METHODS

Depending upon the items ordered and destination, shipments to a residential address may be delivered by the local post office. Oversized or overweight orders may ship via freight line. In those cases average transit times will be extended and a delivery signature is required. Items shipped using FedEx Fast2Day service will be received by the customer in two business days, and will be shipped via air or ground. Please note that hazardous items cannot be shipped to destinations outside the continental U.S.

THIRD-PARTY SHIPPING NOTE

Due to our long-term history of significant shipping volume, Blick has already negotiated very favorable shipping terms with major carriers nationwide for small and large orders, as well as offering free shipping on orders that meet our minimum dollar value. Therefore, it is rarely advantageous to our customers for us to work through a third-party shipping consultant or ship and bill individually or corporate accounts.

FOB FACTORY AND OVERSIZED ITEMS

Items that include **"UF"** in front of the item number will, in most cases, be shipped directly from the factory and will not qualify for our free freight offer unless otherwise stated. Additional shipping charges do apply for these items. If you have any questions call **800.828.4548.** Please allow additional time for delivery. Some items shipped directly from the factory may not be available for express shipping.

Shipping & Handling Charges – Merchandise orders totaling $99 or more ship freight-free via FedEx Best Value whenever possible. EXCEPTIONS: Additional shipping charges will be added to factory-direct (FOB) shipments, oversized or overweight orders that require lift gate and/or inside delivery, international and U.S. Territory orders, and shipments to Alaska, Hawaii, and Puerto Rico. Shipment of the following stocked art materials will be billed at an additional cost: linoleum rolls; stretched canvas 36" x 36" and larger; any combination of clay, plaster, sand, and molding material totaling 50 lbs or more; packages of foamboard; both Quartet Table-mounted Ingento Cutters; the 906 II Etching Press; the 999 and 999 II Etching Presses; the Master Etch Press; the Master Etch II Press; the Master Etch Bench; all kilns; all pottery wheels; and some shelters. Papers and boards sold individually are subject to an additional handling charge regardless of quantity ordered. Some stocked furniture items will be shipped by truck and billed at an additional cost.

å **Truck shipment** delivers your item to your curb or dock. The charge varies and is based on distance, weight, bulk, and other factors. A physical address and destination phone number are required for delivery. The minimum charge is approximately $87. For an additional $30 a smaller truck with a lift gate will lower your merchandise from the truck to the ground. For an additional $20, your order can be moved from the curb to a ground-level location just inside your door. Delivery drivers cannot move items up or down stairs or to a specific location. Uncrating, disposing of packing materials, and installation are not included. Questions? Call **800.828.4548.**

HEALTH & SAFETY

Blick Art Materials cares about your health and safety. An explanation of the icons found in this catalog follows:

Products bearing the AP seal are certified non-toxic and contain no materials in sufficient quantities to be toxic or injurious to humans, or to cause acute or chronic health problems.

Products bearing the CL (Caution Label) seal (or marked with a ●) contain ingredients that are toxic or hazardous, but they can be used safely if the directions on the container or packaging are followed.

The State of California requires clear and reasonable warnings on products and/or storage containers containing chemicals that have been shown to cause cancer, birth defects or other reproductive harm, even if they contain only trace levels. These products bear the Prop 65 seal (or are marked with a ■).

Products marked with a ▼ carry both the CL and Prop 65 label.

Princeton™ Catalyst™ Polytip™ Brushes LONG handle

40% OFF LIST

Another Princeton breakthrough that advances the science of synthetic hair! The tip of each hair has been split to replicate the natural flags on the finest natural bristle, giving each hair two to three distinct tips for holding more paint while providing smoother application. These brushes are super stiff yet extremely responsive. Designed for use with medium- to heavy-bodied acrylics, oil paints, and even heavy gel mediums. Unlike natural hog bristle, which can be useless when water-soaked, Catalyst Brushes have real integrity in water.

Catalyst™

Princeton™ Catalyst™ Blades LONG handle

40% OFF LIST

Not quite a brush. Not quite a palette knife. Catalyst tools are crafted from flexible silicone to give artists new tools for expression. Designed for use with heavy-bodied paints, Catalyst Blades are at home with oils, acrylics, and water mixable oils. And because they're heat-resistant, they also excel with encaustics. Artists are using them with plaster, clay, and even frosting. Made of FDA-approved silicone, Catalyst Blades are great for food crafting.

Blick® Master Synthetic SHORT handle

35% OFF LIST

A distinctive brush made of five diameters and three lengths of an exclusive Polymide filament. Each strand is actually tapered to a precise tip much like a natural hair. The combination of multiple diameters and lengths allows for the formation of color-carrying pockets within the brush. The tapered tips make this the best-pointing synthetic available, especially in the larger sizes. The striking look of this brush is combined with the craftsmanship built into all our Master Series watercolor brushes.

"I was tired of the leads breaking and cores popping out of my other wax-based pencils, so I recently purchased a set of 72 Blick Artists' Colored Pencils, some individual colors, and the fantastic set of 12 Greys. The colors lay down very nicely without any wax bloom. I am sold on these pencils, and I'm not even talking about the low price!"

Sharpie® Pro Permanent Markers

These professional-grade markers mark on almost anything, including wet, oily, abrasive, and non-porous surfaces. Use them on stone, wood, foil, plastic, leather, corrugate, and more. The marks they make are fade-resistant and water-resistant. The metal barrel stands up to heavy use and features a non-slip surface. Its oval shape prevents the marker from rolling off flat surfaces. The cap is easy to remove, even if the user is wearing gloves! The tip on the Chisel Tip Marker lasts 50% longer on abrasive surfaces than regular chisel-tip markers.

H Soft-Kut® Printing Blocks

Soft-Kut is a rubber material that won't skid away, doesn't need a bench hook to hold it down, and cuts without requiring much pressure or force. The block is thick enough (approximately 1/4" thick) so that both sides can be cut, providing two printing surfaces per block. The blocks can also be cut into smaller pieces with scissors, a knife, or a paper trimmer for rubber stamping! For use with waterbased block ink only. Solvents will ruin blocks.

Blick® Simplon Frame

An extremely versatile, beautifully simple frame for paintings, prints, watercolors, photos, or mirrors. A deep 1/2" rabbet allows for multiple mats.

"Blick Simplon frames are beautifully crafted with many different finishes in a variety of sizes. I absolutely love the way they complement my oil and pastel paintings without overpowering the work. They are my go-to frames for a professional, finished look, at a very reasonable cost."

Blick® Maplewood Floater Frames

These unique frames are so named because the illusion they create is that your artwork is "floating" within the frame instead of being covered by it — perfect for displaying a gallery wrap canvas where no staples are visible. The canvas easily attaches to the stretcher bars from the back side with screws. Available in a variety of popular sizes to accommodate 3/4" deep or 7/8" deep canvases, these frames are made from genuine American maple hardwood. Their silky smooth feel and appearance complement your artwork beautifully.
