Exceptional plaque removal for better gum health

The Philips Sonicare G2 Optimal Gum Care toothbrush head (formerly ProResults gum health) is perfect for those who want a gentle yet optimal plaque removal experience. The outer bristles gently remove plaque from the gumline. All brush heads are interchangeable with all our toothbrushes.

Innovative technology

- Tested to meet your oral health needs
- Automatically selects optimal mode for ultimate results**
- Philips Sonicare's advanced sonic technology

Designed to optimise performance

- Click-on design for simple brush head placement
- Always know when to replace. Always get an effective clean.

For exceptional gum care

- Improves gum health up to 100%*

PHILIPS

sonicare

Highlights

Improves gum health

Densely packed, high-quality bristles give you an extra gentle brushing to remove plaque along the gum line to improve gum health up to 100% more than a manual toothbrush. And the specially curved power tip makes reaching the teeth at the back of your mouth a breeze.

BrushSync™ mode-pairing

You'll always get the best possible clean with our BrushSync™ mode-pairing feature**. The Philips Sonicare G2 Optimal Gum Care brush head syncs with your BrushSync™ enabled Philips Sonicare toothbrush handle*, selecting the optimal brushing mode and intensity level for exceptional gum care. All you need to do is start brushing.

Brush head replacements

Brush heads become less effective after 3 months' use, but with BrushSync™ you'll be reminded before this happens. Your smart toothbrush will track how often and how hard you brush and will notify you

when it's time for a replacement. Don't have a smart Philips Sonicare toothbrush? Just monitor your blue replacement bristles — when they turn white you'll know it's time for a fresh brush head.

The only true sonic technology

Philips Sonicare's advanced sonic technology pulses water between your teeth, and its brush strokes break plaque up and sweep it away for an exceptional daily clean.

Easy to click on

Your Optimal Gum Care brush head fits perfectly with any Philips Sonicare toothbrush handle, except Philips One and Essence. Simply click on and off for easy replacement and cleaning.

Brushing with peace of mind

All Philips Sonicare brush heads are safe and gentle on teeth and gums. During tests, each brush head is put through its paces to ensure durability and an exceptional performance every time you brush.
