A MESSAGE FROM ED PEPER

As your business grows in the year ahead, we want to partner with you and help you reach your long term goals. We will pay very close attention to what you are trying to accomplish with your business and we will work tirelessly to find specific solutions that are tailored to your fleet needs.

After years of listening, we have honed in on what we think are your biggest concerns as a fleet buyer or manager: Safety, Driver Productivity, Driver Satisfaction (which includes comfort and convenience), Fleet

Efficiency (which includes reducing costs and a positive cost of ownership), and for many, Sustainability (which includes your own Green Fleet Initiatives).

In the pages that follow, you'll get a brief look at the breadth of products we can offer you. But what sets us apart is the extra value we deliver through our team of professionals, the business solutions we provide, and the services in place to keep your fleet up and running efficiently and effectively. It's this combination of offerings that makes us the best partner to address your biggest concerns.

At General Motors Fleet, we promise to deliver on three pillars: Great Products, Innovative Business Solutions and an Exceptional Customer Experience.

We are committed to providing you with a broad range of **Great Products** that have outstanding safety, quality, reliability and value. In 2016, our vehicle offerings get even better, as 39 percent of our global sales are coming from models that are all-new or have been refreshed in the last 18 months. In 2019 and 2020, it will be 40 percent. We can offer you everything from small cars to medium duty trucks with a number of propulsion options.

We are also committed to providing you with **Innovative Business Solutions** that help you save money and provide your drivers with the features and functions they need to get their work done. This includes the latest in vehicle connectivity that helps to make your mobile office more functional, and accessories and storage solutions that can organize your cargo. We also work with professional upfitting partners who can match quality truck bodies and equipment with your specific vocational demands. Basically, we have turn-key solutions to any vehicle and utility issues you may have.

However, our focus goes beyond the great products and innovative business solutions we provide. Just as important is the **Customer Experience** we offer, and at General Motors Fleet, you can count on it being **Exceptional**. Our Fleet Account Executives help you to determine what products best meet your needs. Our production planning group makes sure your vehicles get built and delivered on time, and our service team ensures you get quick responses to any vehicle issues you might have. And when you are done using those vehicles in your fleet, our Remarketing team can help you resell them. We are not just another supplier of vehicles. We are a solid, reliable business partner that offers fleet expertise and responsive service throughout your ownership experience.

The bottom line is that your business is extremely important to us, and my promise to you is that our team will listen. Let us get to know you and your business. I'm confident you'll find that General Motors is the best strategic partner for your fleet today and for years into the future.

Thank you,

A handwritten signature in black ink that reads "Ed Peper". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Ed Peper
U.S. Vice President,
General Motors Fleet

SHAPING OUR INDUSTRY

THE FUTURE OF THE AUTOMOTIVE INDUSTRY

At General Motors, **our No. 1 Priority is to Put You, our Valued Customer, at the Center of Everything We Do.** We want to provide you with great cars, crossovers, trucks and vans, and we want you to be so happy with those vehicles and your GM experience that you return to us time and time again. Basically, we want to earn your business for life.

While staying focused on the customer today, we are also preparing for an auto industry that is changing and changing fast. We see these changes occurring in four basic areas: **Connectivity, Alternative Propulsion, The Sharing Space and Autonomous Vehicles.**

At GM, we intend to ***define and lead the future of personal mobility through the development of game-changing technology.*** Here's what is happening in the industry today and what GM is doing to help shape its future:

FUTURE | CONNECTIVITY

- Statistics show there will be more than 250M connected cars on the road by 2020^a
 - 78% of car buyers globally would delay a new car purchase for a year to get the connected vehicle services from their preferred brand^b
- Thanks to the OnStar system, GM is outpacing the industry in this area and serves more than 5.7 million customers in North America alone
- GM is the leader in 4G-LTE connectivity with nearly 3 million 4G-equipped vehicles on the road today ... more than the rest of the industry combined
 - By 2020, we expect that more than 75 percent of our global sales volume will be actively connected
- Because of OnStar's embedded hardware and advancements in telematics, fleet managers can keep track of everything from when a vehicle needs maintenance, to where each vehicle is located, and how drivers are behaving behind the wheel. Fleet managers will find many ways to use this information to help them better manage their unique fleet

FUTURE | ALTERNATIVE PROPULSION

- GM offers many propulsion options: gas engines, diesels, electric ... and fuel cells are under development
- We are concentrating most on electrification because statistics show that in developed countries with dense cities that have strict emission regulations and consumer incentives, the electric vehicle penetration could be up to 50 percent by 2030^c
- At GM we are proud of the growing number of electrified vehicle options we offer
- With every new electric vehicle introduction, GM is making technological improvements that will benefit not only individual buyers, but companies with fleets as well

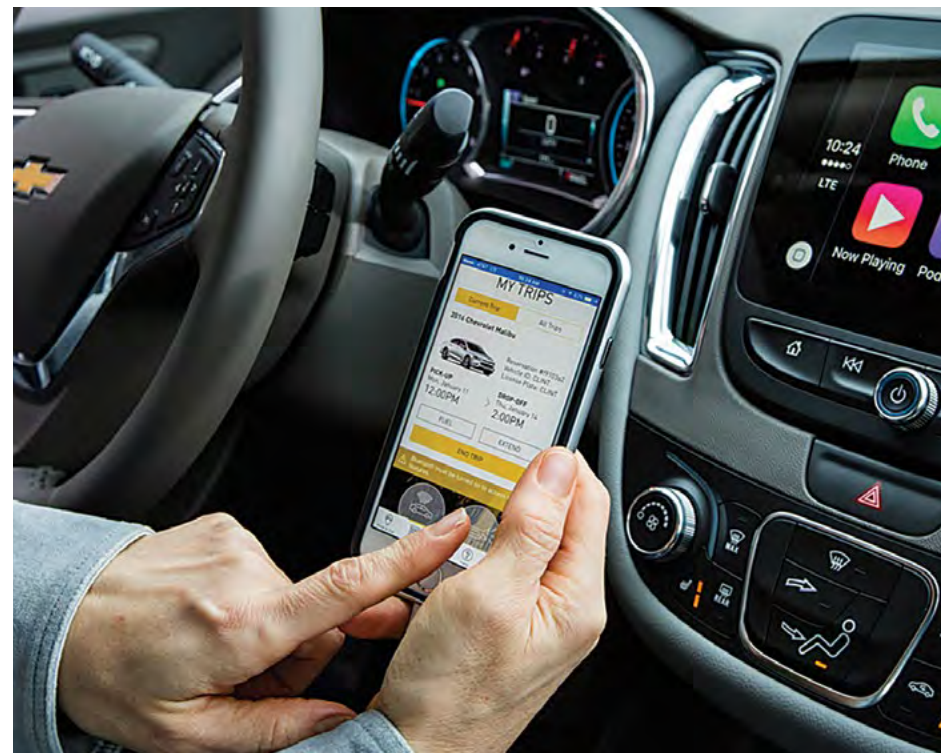

FUTURE | THE SHARING SPACE

- Over the last five years, the sharing space has become an important part of many people's lives. The number of people using some form of shared mobility, such as car-sharing or ride sharing services, has grown significantly
- In response, GM launched Maven^d ... a new brand that includes GM's car sharing programs operating in New York, Ann Arbor and Chicago with Peer-to-Peer car sharing in Germany via Car Unity. GM also engages in campus car sharing in the US, China, Germany and Brazil
 - Customers use an app to select and reserve a vehicle by location or car type, then unlock the vehicle with their smartphone
- GM's efforts in ride sharing also include a new strategic alliance with Lyft; a partnership that could help redefine the traditional car ownership experience
 - Besides the focus on advancing ride sharing services, GM is working with Lyft to create an integrated network of on-demand autonomous vehicles

FUTURE | AUTONOMOUS VEHICLES

- By the year 2030, progressive scenarios estimate that about 50 percent of the vehicles sold will be highly autonomous (where the driver can take control in certain situations) and up to 15 percent could be fully autonomous (where no driver intervention is required for the entire trip)^c
- To accelerate progress in autonomous vehicles, GM acquired Cruise Automation, a company that has deep software talent and rapid development capability in the autonomous space
- Fleets could be the first beneficiaries of this technology, as companies with corporate campuses and repetitive travel routes could provide the perfect testing ground for the advancement of the technology

All of these future automotive trends create exciting new opportunities. At GM, we plan to lead the transformation and we invite you along for the ride.

GREAT PRODUCTS

SHAPING THE FUTURE OF YOUR FLEET

Chevrolet is leveraging our ingenuity and innovation to shape the future of your fleet with the 2017 Malibu and Cruze.

2017 CHEVROLET MALIBU | COMFORTABLE, SAFE, CONNECTED

Malibu is designed to help keep your drivers comfortable.

- Available ventilated front seats and 8-way adjustable driver seat
- Plenty of trunk space with 15.8 cu. ft.

Malibu offers a range of available advanced safety technologies to protect your drivers.

- City-speed front automatic braking (5-50 mph)
- Lane Keep Assist
- Available OnStar® Automatic Crash Response⁴

Malibu is the midsize office for your mobile workers, offering the technology to help keep them productive and connected to customers.

- 4G LTE² with an available data plan offers connectivity¹⁷ for up to 7 devices
- Standard Chevrolet MyLink¹⁹ radio features support for Android Auto^{TM30} and Apple CarPlay^{TM30}

2017 CHEVROLET CRUZE | EVERYTHING YOUR DRIVERS WANT IN A COMPACT SEDAN OR ALL-NEW HATCHBACK (AVAILABLE LATER IN 2016)

Cruze features available advanced safety technologies to help keep your drivers safe.

- Forward Collision Alert
- Lane Keep Assist
- Available OnStar® Automatic Crash Response⁴

Cruze has a comfortable interior that offers your drivers:

- 94 cu. ft. of passenger space
- Available heated cloth front seats

Cruze offers available connected technologies to help keep your drivers productive on the road.

- Available 4G LTE² and data offers connectivity¹⁷ for up to 7 devices
- Available Chevrolet MyLink¹⁹ radio features support for Android Auto^{TM30} and Apple CarPlay^{TM30}
- Standard Bluetooth^{®17} connectivity for easy access to contacts using voice commands

THE ALL-NEW
CRUZE HATCHBACK

INNOVATIVE LEADING EDGE TECHNOLOGY: THE ELECTRIC FUTURE IS NOW

At Chevrolet, the electric vehicle future is now. The ground-breaking Volt, named 2016 “Green Car of the Year” by Green Car Journal, is already on the road. And later in 2016 it will be joined by the all-new Bolt EV.

2017 CHEVROLET BOLT EV | ALL-ELECTRIC TECHNOLOGY, NOW AN EVERYDAY REALITY

Bolt is an all-electric vehicle expected to offer more than an estimated 200 miles of range per charge^A when fully charged.

Exceptional range plus leading edge connectivity and safety technologies

- More than 200 miles of available range per charge when fully charged (Chevrolet estimated)
- Fully replenish the battery in about 9 hours^B with the available 240-volt charging unit (professional installation required)
- 8” diagonal driver cluster and standard 10.2” diagonal tablet-like display with multi-functional screens
- Advanced ways to connect with support for Apple CarPlay^{TM30} and Android Auto^{TM30}
- Surround Vision uses 4 strategically placed cameras to display a virtual bird’s-eye view on the 10.2” diagonal screen
- Rear Camera Mirror projects a wide-angle view of the area behind the vehicle in the inside rearview mirror

2017 CHEVROLET VOLT | DRIVE ON YOUR TERMS

Volt is an electric car that generates additional energy through a gas-powered generator which Chevrolet expects will let owners drive 1,000 miles between fill-ups^C when charging regularly.

Advanced technology helps you go far, stay connected and drive safer

- Offers range of up to 53 pure electric miles^C and up to 420 miles³³ with a full charge and full tank of gas
- Recharges with a 120-volt portable cord in approximately 13 hours^D, or with an available professionally installed 240-volt charging system in approximately 4.5 hours
- Power Flow screen helps track driving, charging and monitors the battery
- Interactive interior offers Chevrolet MyLink¹⁹ with support for Apple CarPlay^{TM30} and Android Auto^{TM30} along with available 4G LTE Wi-Fi^{®2}
- Available Lane Keep Assist provides gentle steering wheel turns (and Lane Departure Warning alerts if necessary)
- Available Forward Collision Alert and low-speed Front Automatic Braking use camera technology to alert the driver to slowing vehicles in the driver’s path, and even automatically applies brakes to help reduce the collision’s severity

A. Based on GM testing. Official EPA estimate not yet available. Actual range varies with conditions.

B. When using the available 240-volt charger and a 32-amp charge level. Charge time may vary with temperature.

C. EPA-estimated 53-mile EV range based on 106 MPGe combined city/highway (electric) and 42 MPG combined city/highway (gas). Actual range varies with conditions.

D. Using the 120-volt portable charger will take approximately 19 hours at the default 8-amp setting and can be reduced to 13 hours at the 12-amp setting. Charge time may vary with temperature.

GREAT PRODUCTS

OUR FOUR-TRUCK STRATEGY DELIVERS STRENGTH IN ANY SIZE

You need the right truck for the job. Our lineup gives you the choice of strength in any size with — outstanding performance, pulling power, payload, innovation, safety and capability.

CHEVROLET COLORADO | BIG TRUCK CAPABILITY IN A SMALLER PACKAGE

- Best-in-class available fuel efficiency with an EPA Est. Avail. 31 MPG hwy* when equipped with 2.8L Duramax Turbo-Diesel engine
- Exceptional available safety features
- 2.8L Duramax turbo diesel offers the pulling power for bigger jobs

CHEVROLET SILVERADO | UNPRECEDENTED VERSATILITY

- 3 cab configurations
- 3 powertrains
- Corner step rear bumper provides easy cargo access with no mechanical parts to break
- Available box delete makes Silverado 1500 ready for up-fits

CHEVROLET SILVERADO HDs | RAISING THE BAR

- 17 cab/box/drive/rear wheel combinations
- Leading-edge technology that can help improve productivity:
 - Available Chevrolet MyLink¹⁹ audio system with Navigation¹⁴ for fast, accurate routing to job sites or customers

- Available 4G LTE with Wi-Fi[®] hotspot² that can connect up to 7 devices so the entire crew can be productive on the road

CHEVROLET LOW CAB FORWARD TRUCKS | EFFICIENT HAULING

- 3500 and 4500 powered by gasoline 6.0L V8 mated with a 6-speed transmission
- 3500HD, 4500HD, 4500XD, 5500HD, and 5500XD models powered by turbocharged diesel engines mated with a 6-speed transmission
- Available in Regular and Crew Cab configurations with available maximum GVWR¹⁰ range of 12,000 to 19,500 lbs. and available maximum payload¹¹ range of 6,246 to 12,875 lbs. (depending on model selected)

Helping Keep Your Trucks on the Road

Every truck in our lineup comes with a maximum of 2 maintenance²⁴ visits over 2 years or 24,000 miles**, along with other features like Roadside Assistance*** and Courtesy Transportation.**

* EPA estimate for Colorado 2WD with available 2.8L DuraMax diesel engine

** Excludes Low Cab Forward models

*** See dealer for details

INNOVATIVE LEADING-EDGE PROPULSION TECHNOLOGY AND ALTERNATIVE FUELS

General Motors is constantly working to reduce the environmental impact of our vehicles. We are leveraging our expertise in alternative propulsion systems and fuels to bring a new generation of vehicles to market and improve fuel efficiency across our vehicle lineup and facilities. Here's what we're doing:

ELECTRIC VEHICLES

This year the all-new 2017 Chevrolet Bolt EV joins the Chevrolet Volt in our electric vehicle lineup.

CT6 PLUG-IN HYBRID

This year the Cadillac CT6 Plug-In Hybrid joins the lineup.

MALIBU HYBRID

Using many of the components from the Volt, the all-new Malibu is now available in a hybrid model with EPA-estimated 47 MPG city and 46 MPG highway.

START/STOP TECHNOLOGY

This technology saves fuel by turning the engine off when the vehicle is stopped in traffic and seamlessly restarting it when the accelerator is pressed. A number of our vehicles offer Start/Stop technology for 2017 including Cruze, Malibu, Impala, ATS Coupe and Sedan, CTS and CT6.

B20 BIODIESEL

As an alternative fuel option, all of our DuraMax diesel engines are B20 compatible. B20 fuel is a blend of 20% biodiesel and 80% conventional diesel and is primarily domestically produced from renewable resources.

IN-VEHICLE TECHNOLOGY: CONNECTIVITY MATTERS

We live in an age of seamless connectivity. Drivers want to stay connected to the information and entertainment that helps make their lives better, simpler, more in touch. That's why many of our vehicles offer an advanced suite of technology and entertainment services that empower our customers to maximize their enjoyment and customize their in-vehicle entertainment experience.

Text messaging and stereo audio streaming from smart phones¹⁷ — via a wireless Bluetooth[®]17 connection — builds on the usual hands-free phone capabilities already offered in most of our vehicles.

A Gracenote database built into the system makes it easier for drivers to play tracks stored locally on their smart phones or other media devices. And in many vehicles, Apple Car Play[™]30 and Android Auto[™]30 is now available to support compatible smartphones¹⁷ so that apps can be displayed on the touch-screen.

FAST, EFFICIENT ROUTING
TO YOUR CUSTOMERS

INNOVATIVE BUSINESS SOLUTIONS

FLEET CONNECTED SERVICES

HELPING REDUCE COSTS THROUGH IMPROVED SAFETY AND PRODUCTIVITY

We understand the number one objective of every fleet manager is to reduce cost. We're leveraging our leadership in connected technologies to help you achieve this objective. GM vehicles with embedded OnStar^{®4} hardware and a variety of available subscription plans can help improve safety and security, productivity and efficiency and help reduce your fleet's costs. Here are just a few ways:

SAFETY AND SECURITY

No matter what industry you're in, keeping your drivers safe and assets secure is a key concern that can impact your fleet's operating costs.

Turn-By-Turn Directions can help your drivers find their way anywhere conveniently and safely with OnStar navigation features — high-tech guidance with a human touch.

Automatic Crash Response gives you and your drivers the security and peace of mind that comes from knowing that in the event of a crash, the system will automatically connect with an OnStar emergency services certified advisor who can provide help if needed. Your drivers can access a similar level of security and peace of mind themselves by pushing the red **Emergency Services** button on the bottom of their vehicle's rearview mirror.

Stolen Vehicle Assistance works with law enforcement to locate stolen vehicles — sometimes in a matter of minutes — because the quicker a vehicle is recovered, the faster you get your revenue-generating asset back on the road.

PRODUCTIVITY

Having satisfied drivers on the road and reduced vehicle downtime are two factors that can impact your fleet's productivity.

Available 4G LTE with built-in Wi-Fi Hotspot and a companion data plan turns the vehicle into a true mobile office that improves employee satisfaction and productivity:

- Drivers no longer have the "hunt" for free Wi-Fi access on the road
- The connection is always "on" so your drivers can always use the full functionality of their "mobile office"
- The signal is stronger than a mobile device
- Up to seven mobile devices can be connected so every member of a crew working remotely can connect and be productive

Remote Access (RemoteLink App⁶) offers the convenience of being able to remotely control a number of vehicle functions but more importantly it can significantly improve productivity and reduce downtime in two important ways:

- Remote vehicle commands can be sent to lock/unlock doors to eliminate driver productivity losses and the downtime associated with driver lock-outs
- Vehicle telemetry and diagnostic information — location, odometer, fuel level, oil life, tire pressure, diagnostic codes — can be collected to help minimize unexpected downtime by scheduling needed maintenance or repairs

EFFICIENCY

Telematics solutions can provide for more efficient vehicle management and help reduce costs. Whether your company has or wants to develop proprietary solutions or work with a third-party, your GM vehicles equipped with embedded OnStar hardware provides a number of benefits:

- No hardware cost; equipment is built-in at the factory
- Embedded hardware is tamper resistant

VALUE

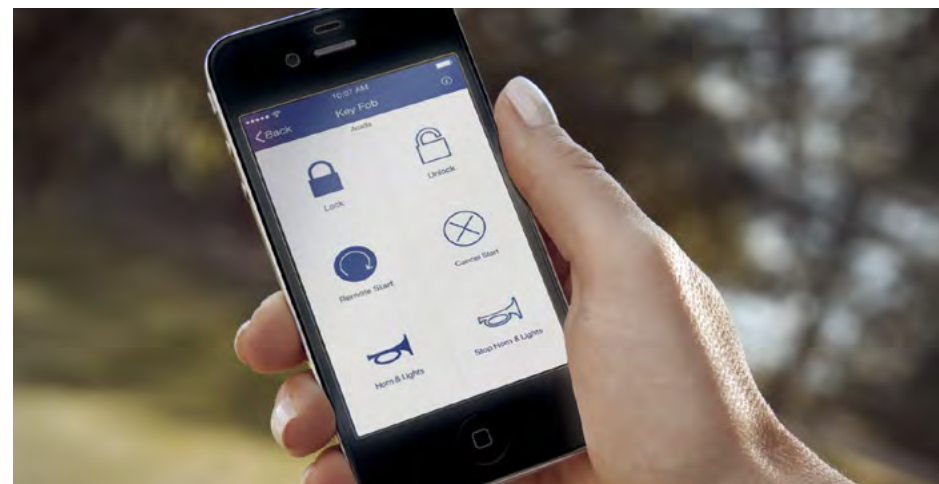

It's really easy to take advantage of the benefits that come from having a fleet of GM vehicles with OnStar embedded hardware and access to OnStar[®] subscription services:

- Order your vehicles with OnStar (UE1)
- Accept OnStar Terms and Conditions and Privacy Statement (TCPS); this enables or maintains your fleet's access to OnStar services
- Select a package — core services, Wi-Fi data plans and telematics — for the term that best meets your needs. One, two or three year terms as well as new pricing plans are available. Visit <http://www.gmfleet.com/technology/connected-vehicle.html> for details.

By accepting the OnStar Terms and Conditions and Privacy Statement (TCPS), you will receive access to the following OnStar services:

- 6 months OnStar Guidance Plan
- OnStar[®] Data Trial for 3GB or 3 months (use for OnStar Wi-Fi capability)
- 5 years OnStar Basic Plan including vehicle diagnostics, dealer maintenance notifications and RemoteLink app (with limited services)

We're there for you too. Our dedicated Fleet Advisors are available 24/7 to answer your questions or help walk your drivers through how the OnStar system in their vehicle works.

ONSTAR ADVISORS ARE
THERE FOR YOU 24/7/365

GENERAL MOTORS
REMARKETING SERVICES

WELCOME TO GM REMARKETING SERVICES

When you run a business, managing and reselling your fleet along with your other responsibilities can be a daunting task. As your professional partner, we are committed to providing services that will help you focus on your business' goals and provide you the right resources at the right time.

GM Remarketing Services is a program set up to make the process of reselling your fleet more convenient so you can save time and resources, remove the uncertainty of remarketing, and increase your returns to help improve your bottom line.

WITH GM REMARKETING SERVICES YOU'LL GET:

- Ability to remarket your Fleet, including non-GM vehicles
- A one-stop shop for all your remarketing needs from start to finish so you can save time and costs
- An average of \$800 more per vehicle in GM closed sales compared with similar vehicles in open sales
- Customized solutions tailored for your needs including remarketing and auction strategy, customized sales reports, analyses, and market insights to help you make the right business decisions
- The ability to utilize more than 40 full-service auctions that support GM and GM Financial closed and open sales across the U.S and Canada.

WE'RE THERE WITH YOU AT EVERY STEP IN THE PROCESS:

- **Consultation:** We will provide consultation on your current fleet (including non-GM vehicles), identify remarketing opportunities and determine the best auctions for vehicle sale.
- **Presale:** We will work with you to determine the appropriate level of repairs and reconditioning your vehicles need, and work out market pricing and planning for strategic lane placement at the auctions to get the best results.
- **Auction:** You will have access to our national network of more than 40 auction locations that support GM and GM Financial closed and open sales, including auction services in Canada, supported by full time GM Financial auction representatives.
- **Postsale:** Our job is not over after the sale is complete and funds have been delivered. We use industry tools and our comprehensive historical data to analyze your remarketing sales to give you better insights into your business.

For convenient remarketing solutions to help your business:

- Call 1-800-FLEETOP (1-800-353-3867)
- Talk to your Fleet Account Executive
- Email us at GMRemarketingServices@gm.com
- Visit gmfleet.com/remarketing

FLEET SERVICE AND PARTS

GM provides quality parts and services for your GM and non-GM vehicles that are designed to keep your vehicles on the road, and drivers safe and productive.

GM PARTS

- Genuine GM Parts deliver OE-quality, long-lasting performance at competitive prices to help keep your GM vehicle on the road
- Your GM dealer carries a full line of Genuine GM Parts — maintenance/repair, collision, powertrain, and GM accessories

ACDELCO PARTS

ACDelco is a global leader in the independent automotive aftermarket and offers over 90,000 quality parts.

- Available for GM and non-GM vehicles
- Parts meet stringent quality standards

ACDELCO KEY FLEET PROGRAM

Available to Fleets that maintain their own vehicles

- Complementary service training
- GM Original Equipment and Premium Aftermarket parts
- Products designed specifically for fleet vehicles
- Access to GM OE Service Information
- Visit: www.acdelcotechconnect.com

ACDELCO CONNECTION

Online parts catalog/ordering link to your local ACDelco parts supplier

- Internet-based solution – no software to install or update
- Multi-parts search options
- Exclusive access to specialty catalogs: GM Illustrated, battery, electrical pig tail and chemical
- For additional information, call 1-800-825-5886, option 3

GM FLEET SERVICE – VALUE FOR YOU!

COVERED AND COMPREHENSIVE

- 100,000-mile/5-year²⁶ Powertrain Limited Warranty on select Fleet purchases, Roadside Assistance and Courtesy Transportation for Chevrolet and GMC; 70,000/6-year²⁶ Powertrain Limited Warranty, Roadside for Cadillac and Buick; See Dealer for exclusions and limitations
- Transferable to subsequent owner
- \$0 deductible

FLEET-FOCUSED SOLUTIONS

- Dedicated Fleet Sales, Service and Parts organization
- Experienced in assisting fleets with maximizing vehicle uptime and driver convenience
- Operating expense consultation
- Fleet Action Center 1-800-FLEETOP (1-800-353-3867)

MAINTENANCE SAVINGS TECHNOLOGY

- Oil Life Monitoring System (available on most models)
- Simplified maintenance
- Tire Pressure Monitoring System²¹ (available on select models)
- OnStar[®] Business Vehicle Manager (available on OnStar[®]-equipped models)

GM TOOLS AND EQUIPMENT

- Fleets may purchase tools and equipment available through GM's authorized source
- Visit: www.gmdesolutions.com or contact 800-GM-TOOLS (800-468-6657)

WE OFFER THE BEST CUSTOMER EXPERIENCE IN THE INDUSTRY!

We want to be your professional partner. No one will work harder to meet your fleet vehicle needs, because our dedicated team of professionals “put the customer first in everything they do every single day.” Our singular focus is: to ensure we keep our customers for life. Thank you for choosing GM!

FLEET ACCOUNT EXECUTIVES – SALES, SERVICE AND GOVERNMENT

Our Fleet Account Executives are located in every region of the country and are focused on building relationships with you to provide insightful solutions that will help you manage your fleet. In addition, our Fleet Account Executives on the service side provide the product and technical support to keep your fleet operating at peak efficiency.

FLEET ACTION CENTER

By calling 1-800-FLEETOP (353-3867), between 8:00 AM to 6:00 PM, Monday-Friday, you can be connected with a professional who is knowledgeable and experienced in the fleet & commercial business. The Fleet Action Center can help with your fleet account inquiries, incentives/programs, order management, vehicle logistics and service questions.

DEALER NETWORK

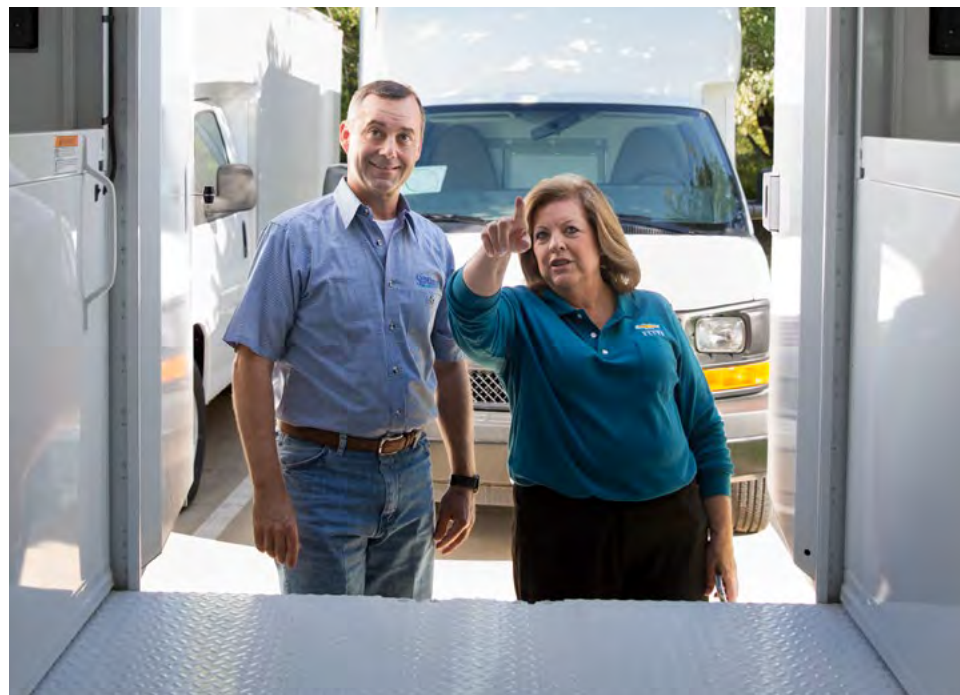

Coast to coast, no matter where you are, we have the largest network of dealers in the industry to serve you. Part of our network includes a select group of dealers who specialize in selling and service commercial vehicles. These are our Chevrolet and GMC Business Elite Dealers. See page 141 for more information on the benefits of working with one of our Business Elite dealers.

DISTRICT MANAGERS – COMMERCIAL

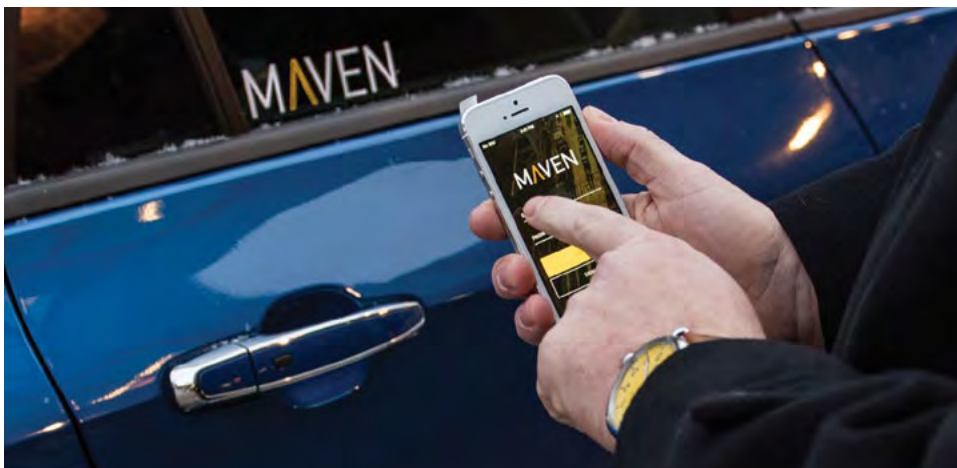

District Sales Managers are available to help you develop your commercial and non-fleet commercial sales volume and share. They will serve as a consultant when it comes to the B2B market, prospecting, and owner communication strategies and product and competitive training needs.

GLOBAL TEAM

Our global specialists, along with the GM regional managers and GM local fleet managers in over 150 countries, offer a one-stop shop for multinational fleets. They provide expert advice and support on your company's current local fleet, vehicle acquisition and legislation. They also help you manage specific regional needs and cultural preferences.

ENVIRONMENT

CARS ARE OUR BUSINESS, BUT THE ENVIRONMENT IS OUR CAUSE

We are on a mission to make our industry more sustainable, from the vehicles we drive to the facilities that make them. Here are some of our environmental commitments and activities.

WHAT POWERS YOU POWERS US

- Only automaker to sign the Ceres BICEP Climate Declaration
- EPA ENERGY STAR Partner of the Year for excellence in energy efficiency
- Global leader of EPA's ENERGY STAR® Challenge for Industry
- Among top U.S. commercial solar users

WE BUILD VEHICLES AND BIODIVERSITY

- More certified habitat programs than any other automaker
- About 4,700 acres of wildlife habitats maintained at facilities
- 12,600 students mentored annually on water issues

VERY LITTLE GOES TO WASTE

- Industry-leading 131 landfill-free sites sending no waste to landfills
- Global recycling rate more than 80 percent
- 2.2 million tons recycled annually
- Up to \$1 billion recycling/reuse revenue in recent years

TRANSFORMING TRANSPORTATION

- Vehicles offering different fuel sources, new propulsion systems, lighter materials
- 10 vehicles with some form of electrification in our global portfolio
- Maven brand dedicated to car- and ride-sharing services

- OnStar[®] Basic Plan³ for 5 years
- OnStar[®] Guidance Plan¹ for 6 months (trial excludes Hands-Free Calling)
- OnStar[®] 4G LTE with a built-in Wi-Fi[®] hotspot² includes OnStar[®] Data Trial for 3GB or 3 months (whichever comes first)
- LED Daytime Running Lamps (standard on LT and Premier)
- Rear Vision Camera, display integrated into Chevrolet MyLink¹⁹ radio

MECHANICAL

- Front-wheel drive and 6-speed transmission
- 1.4L dual-scroll turbo DOHC 4-cylinder DI with Continuous Variable Valve Timing (CVVT) with 153 hp and 177 lb-ft of torque
- Standard Engine Stop/Start system (only with automatic transmission)
- 6-speed automatic transmission (also standard on LT 1SD and Premier 1SF)
- Brakes: 4-wheel disc, 4-wheel antilock, Duralife[™] long-life brake rotors

INTERIOR

- Front bucket seats with reclining seatbacks and adjustable head restraints (Power seat available for fleet on 1LT models)
- 13.9 cu. ft. of trunk space⁹ (compared to 13.2 cu. ft. with 2016 Focus) with additional access provided by versatile 60/40 split-folding rear seats
- Air conditioning with air filter keeps cabin air cleaner, reduces dust and pollen
- Driver Information Center puts vital information in easy view
- Standard Power door locks and Power windows
- Audio system includes Chevrolet MyLink¹⁹ Radio with 7" diagonal color touch screen, AM/FM stereo with SiriusXM[®] (3 month trial), seek-and-scan and digital clock, plus Bluetooth[®] streaming audio for music and select phones¹⁷
- Teen Driver; a system that provides parents a tool to help encourage safe driving habits for their kids

EXTERIOR

- LS model 16" steel wheels, or on LT aluminum wheels (17" standard on Premier: 1SF)
- 205/55R16 all-season, blackwall tires
- Outside power-adjustable, manual-folding mirrors

SELECT OPTIONAL FEATURES

Options available on certain models only. See Ordering Guide for details.

- 2 available audio system options up to and including Chevrolet MyLink¹⁹ radio with 8" diagonal screen and Navigation¹⁴, includes Bluetooth[®] streaming audio for music and select phones¹⁷; voice-activated technology for radio and phone; Apple CarPlay^{TM30} support for compatible phones¹⁷ (late availability Android Auto^{TM30})
- LT Fleet Convenience Package — includes (KA1) heated driver and front passenger seats and (AH5) driver 8-way power seat adjuster (available only on LT Auto 1SD)
- Keyless Entry and Keyless Start (standard on Premier)
- Enhanced Convenience Package — includes single-zone automatic climate control, heated rear seats in outboard seating positions, Wireless Charging³¹ for compatible cell phones¹⁷, 110-volt power outlet, inside rearview auto-dimming mirror, and driver Express-Up/Down power window (Premier Auto 1SF only)
- Sun and Sound Package — includes Technology Package with Chevrolet MyLink¹⁹ Radio, Bose[®] premium 9-speaker system, color Driver Information Center and miles/kilometers speedometer instrumentation; plus the Sunroof Package, which includes power sunroof, driver and front passenger illuminated vanity mirrors/visors and interior ambient lighting (Requires (6K5) Convenience Package, LT Auto 1SD only)
- Rear Cross-Traffic Alert (Included/only available with (WPR) Driver Confidence Package)
- 18" aluminum wheels; machined-face (Premier 1SF only)

Why Buy Cruze?

- Order the base LS and (for Fleets only) add Cruise Control, steering wheel radio controls and a spare tire
- Roomy, comfortable interior with 94 cu. ft. of passenger space compared to 90 cu. ft. with 2016 Focus, increased knee clearance from the previous model (nearly 3" more rear seat leg room than 2016 Focus)
- Available connected technologies include MyLink¹⁹ featuring Apple CarPlay^{TM30} and Android Auto^{TM30} support for compatible phones¹⁷
- Powertrain Covered for 60 months or 100,000 miles²²
- Maintenance covered by Chevrolet Complete Care for 2 years or 24,000 miles²⁴

- OnStar[®] 4G LTE with a built-in Wi-Fi[®] hotspot² to connect to the internet at 4G LTE speeds, includes 3GB or 3 months OnStar[®] Data Trial (whichever comes first)

MECHANICAL

- Rear wheel drive
- 2.0L Turbo, I4, DI, DOHC, VVT with Automatic Stop/Start offering 272 hp and 295 lb-ft of torque
- 8-speed automatic
- 4-wheel antilock, disc brakes
- Independent 4-wheel suspension

INTERIOR

- Front bucket seats with 14-way driver and front passenger seat adjusters, includes 2-way power lumbar and 4-way manual adjustable head restraints
- Memory seat, driver (passenger memory seat standard on Luxury, Premium Luxury and Platinum models)
- Cadillac CUE²³, AM/FM stereo with SiriusXM^{®8} (enjoy a 3-month trial), plus 10.2" diagonal color information display, 3 USB ports¹⁸, auxiliary audio port, Bluetooth^{®17}, Natural Voice Recognition and Apple CarPlay^{™30} support for compatible phones¹⁷, along with Bose[®] premium 8-speaker system
- Dual-zone automatic climate control
- Auto-dimming inside rearview mirror
- 8" diagonal color gauge cluster includes driver personalization, warning messages and vehicle information
- Rear Vision Camera
- Remote start
- Front and Rear Park Assist
- Power rake and telescopic leather-wrapped steering column
- Universal Home Remote
- Wireless Charging³¹
- Rear auxiliary power outlet

EXTERIOR

- LED high beam/low beam headlamps with light pipe
- LED rear tail lamps
- Outside heated power-adjustable, manual-folding mirrors with turn signal indicators
- P235/50R18 all-season, blackwall tires with 18" multi-spoke aluminum with Blade Silver painted finish

SELECT OPTIONAL FEATURES

Options available on certain models only. See Ordering Guide for details.

- Cadillac CUE²³ with embedded Navigation¹⁴
- Bose® Panaray Sound system includes 34 speakers (standard on Platinum model)
- Quad-zone automatic climate control
- Reconfigurable Head-Up Display (standard on Premium Luxury and Platinum models)
- Rear-seat entertainment system
- Seating options include: heated and ventilated driver and front passenger seats, heated rear seats and 20-way driver and front passenger seat adjusters with 4-way power pneumatic lumbar and 4-way manual adjustable head restraints
- Heated steering wheel (standard on Luxury, Premium Luxury and Platinum models)
- UltraView power sunroof with independent front and rear shade control (standard on Premium Luxury and Platinum models)
- IntelliBeam automatic high-beam headlamps
- Magnetic Ride Control (standard on Platinum model)
- 3.6L V6, SIDI, DOHC, VVT with Automatic Stop/Start with 335 hp and 284 lb-ft of torque (standard on AWD models)
- Outside heated power-adjustable, power-folding and driver-side auto-dimming mirrors, body-color with integrated turn signal indicators
- P245/45R19 or 245/40R20 XL all-season, blackwall tires
- Auxiliary 110-volt power outlet located below center rear seat cushion (standard on Luxury, Premium Luxury and Platinum models)
- Driver Awareness and Convenience Package — includes Forward Collision Alert, Cadillac CUE²³ with embedded Navigation¹⁴, Following Distance Indicator, Lane Keep Assist with Lane Departure Warning, Front Pedestrian Detection, Rear Cross-Traffic Alert, Automatic Safety Belt Tightening, heated front seats, Side Blind Zone Alert, IntelliBeam headlamps, outside heated mirrors, Rainsense wipers and low-speed automatic braking (standard on Luxury, Premium Luxury and Platinum models)
- Enhanced Vision and Comfort Package — includes Rear Camera Mirror (inside rearview auto-dimming, streaming video), ventilated front seats, heated rear seats and UltraView power sunroof (standard on Premium Luxury and Platinum models)
- Comfort Package — includes ventilated front seats and heated rear seats

CHEVROLET | BOLT EV

INTRODUCING
THE ALL-ELECTRIC
2017 CHEVROLET
BOLT EV.

Full charge in
9 hours^b
with the available 240-volt charger

Estimated more than
200^a
miles of range

The 2017 Bolt EV — an affordable electric vehicle with a GM-estimated 200-plus miles of range^a on 1 charge.

BOLT EV MAKES IT EASY TO...

Get Connected: Bolt EV easily transforms into a productive mobile office with its OnStar[®] 4G LTE with a built-in Wi-Fi[®] hotspot² (3GB/3-month trial, whichever comes first).

Get Comfortable: Bolt EV's spacious, 5-passenger interior provides up to 56.6-cubic-feet of cargo space⁹ with 60/40 split-folding rear seats.

Get Charged: Bolt EV offers 3 ways to charge:

AC LEVEL 1	AC LEVEL 1	DC FAST CHARGING
120V charge level	240V/32-amp charge level	Charges to 80 percent in about 60 minutes ^b
1 hour of charging = 4 miles ^b	1 hour of charging = 25 miles ^b	1 hour of charging = 160 miles ^b
Standard charge cord set included	Full charge in 9 hours ^b with an available 240V charging system	Customers must order fast-charge option

BOLT EV FEATURES LEADING-EDGE TECHNOLOGIES...

Infotainment:

- Chevrolet MyLink¹⁹ 10.2" diagonal customizable color touch-screen in center stack and 8" diagonal driver's display on IP
- Available Apple CarPlay^{TM30} and Android Auto^{TM30} support for compatible phones¹⁷
- OnStar[®] 4G LTE with a built-in Wi-Fi[®] hotspot² (3GB/3-month trial, whichever comes first)

Safety:

- 10 standard air bags¹³
- Standard Rear Vision Camera
- Available Rear Camera Mirror with wide-angle rearview display
- Available Surround Vision bird's-eye view 4-camera system with display on center screen
- 2 available active safety packages which, for example, include Forward Collision Alert, Low-Speed Forward Automatic Braking, Lane Keep Assist, Front Pedestrian Braking, Side Blind Zone Alert and Rear Cross Traffic Alert

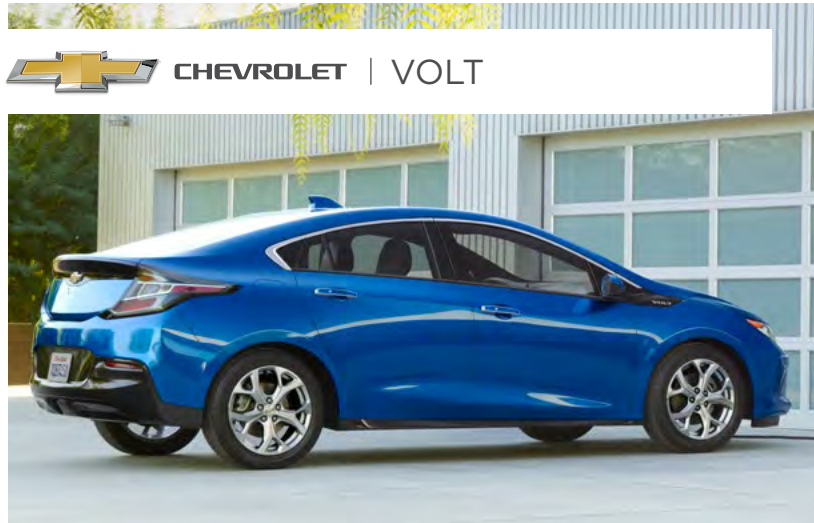

Battery:

- Powered by 60 kWh lithium-ion battery developed with all-new battery technology including a heating and cooling system for long battery life
- Battery is warranted for 8 years or 100,00 miles²²
- Bolt EV's 288 cells are designed to keep the battery pack lean and compact with no "tunnel" in the cabin floor

a. Based on GM testing. Official EPA estimates not yet available.

b. Charge time may vary with temperature.

CHEVROLET | VOLT

SELECT STANDARD FEATURES

Features based on 2LT model unless otherwise noted.

SAFETY AND SECURITY

- 10 total air bags¹³
- OnStar® Guidance Plan¹ for 3 years (trial excludes Hands-Free Calling)
- Available OnStar® 4G LTE with a built-in Wi-Fi® hotspot² includes OnStar® Data Trial for 3GB or 3 months (whichever comes first)
- OnStar® Basic Plan³ for 5 years

POWERTRAIN

- Larger (than previous model) 18.4 kWh lithium-ion battery propulsion system
- 120V or 240V recharging capability includes 24' HD recharging cord
- Programmable recharging by location or by time
- Extended range electric drive unit delivers 149 hp and 294 lb-ft of torque
- Engine, range extender, 1.5L Variable Valve Timing, DI, DOHC 4-cylinder; regular gasoline
- Regen on Demand™ features paddle-enabled Regenerative Braking

INTERIOR

- 5-passenger seating
- Front bucket seats with driver and passenger 6-way manual seat adjuster
- Rear 60/40 split-folding seat
- Air conditioning, single-zone automatic climate control
- Display center, 8" diagonal LCD touch screen, includes energy information screens with programmable charge times
- Chevrolet MyLink¹⁹, with 8" diagonal color touch screen AM/FM/SiriusXM[®] (3-month trial subscription), includes Bluetooth® streaming audio for music and select phones¹⁷, voice-activated technology for radio and phone, Apple CarPlay™³⁰ support for compatible phones¹⁷, plus auxiliary input jack and 2 USB ports¹⁸
- Wireless Charging³¹ for devices (standard on Premier)
- Rear Vision Camera
- Remote Keyless Entry includes remote start
- Keyless ignition, engaged with electronic push button start

EXTERIOR

- 215/50R17 all-season, blackwall, low-rolling resistance tires with 5-spoke painted aluminum wheels
- Headlamps, LED low-beam, halogen reflector high-beam
- 4-wheel disc brakes

SELECT OPTIONAL FEATURES

Options available on certain models only. See Ordering Guide for details.

- Chevrolet MyLink¹⁹, 8" diagonal Color Touch Navigation¹⁴
- 8-speaker Bose® premium audio with subwoofer
- Leather-appointed seats
- IntelliBeam, automatic high-beam headlamps
- Comfort Package — includes heated driver and front passenger seats, heated steering wheel and heated outside power-adjustable, body-color mirrors
- Driver Confidence Package I — includes Side Blind Zone Alert with Lane Change Alert and Rear Cross-Traffic Alert
- Driver Confidence Package II — includes Forward Collision Alert, Lane Keep Assist, Front Automatic Braking, Following Distance Indicator and IntelliBeam headlamps

Why Buy Volt?

- Efficient EREV system that offers battery range of up to 53 electric miles[†] and 420 miles total range³³ using both gas and electricity
- Leading-edge available safety features include Side Blind Zone Alert, Rear Cross-Traffic Alert, Forward Collision Alert, Forward Automatic Braking and Following Distance indicator

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for more important safety information.

- 8 years/100,000 miles²² Hybrid Limited Warranty; includes Propulsion Battery

[†] EPA-estimated 53-mile EV range based on 106 MPGe combined city/highway (electric) and 42 MPG combined city/highway (gas). Actual range varies with conditions.

CHEVROLET | COLORADO

SELECT STANDARD FEATURES

Features based on 2WT equipment group unless otherwise noted.

SAFETY AND SECURITY

- Air Bags¹³: dual-stage frontal and side-impact, driver and front passenger with Passenger Sensing System and head-curtain, and seat-mounted side-impact for front and rear outboard seating
- Theft-deterrent system with engine immobilizer
- Electronic traction control

MECHANICAL

- 4-wheel antilock disc brakes
- Standard engine: 2.5L I4, DI, DOHC, VVT with 4.10 rear axle ratio (Not included on Crew Cab Long Box models)
- Available Fleet Maintenance Credit¹⁶
- 6-speed manual transmission (standard on 2WD extended cab with the 2.5L engine)
- Available 6-speed automatic transmission (depending on model, requires 2.5L I4 engine or 2.8L Duramax Turbo-Diesel engine, standard on Extended Cab models, available on Crew Cab Long Box models)

INTERIOR

- Teen Driver mode, a configurable feature that lets you activate customizable vehicle settings associated with a key fob, to encourage safe driving behavior
- Rear Vision Camera with dynamic guidelines
- Color-keyed carpeting with carpeted front and rear floor mats
- Front bucket seats with driver 4-way power seat adjuster with manual recline, and passenger 2-way manual fore/aft seat adjuster with manual recline
- Rear seats – Extended Cab: dual rear seats with underseat storage; Crew Cab: folding bench seat with underseat storage
- Power windows with driver Express-Up and Down

EXTERIOR

- Chrome CornerStep rear bumper
- Manual-adjust/manual-folding outside mirrors
- 6'2" pickup box (box delete available for Extended Cab WT models only)
- Locking tailgate
- P265/70R16 all-season, blackwall tires with 16" x 7" Ultra Silver Metallic steel wheels

SELECT OPTIONAL FEATURES

Options available on certain models only. See Ordering Guide for details.

- Duramax 2.8L Direct-Injection turbo diesel (Work Truck requires WT Convenience Package, Trailering¹² Package and Fleet or Government order type) includes Exhaust Brake, integrated Trailer Brake controller
- 3.6L DI DOHC V6 engine with VVT (available on Work Truck, LT and Z71 models, standard on Crew Cab Long Box models)
- Available 8-speed automatic Transmission (depending on model, requires 3.6L DI DOHC V6 engine, standard on Crew Cab Long Box models, available on Extended Cab models)
- EZ-Lift and Lower tailgate (available on Work Truck and LT models, standard on Z71 models)

- Spray-on black Bedliner with Chevrolet logo
- Electric 2-speed transfer case (four-wheel drive only)
- Tow/Haul Mode (included and only available with 3.6L V6 engine or 2.8L 4-cylinder Duramax turbo diesel)
- Heavy-duty trailering¹² package with hitch and 7-pin connector (requires 3.6L V6 engine or 2.8L 4-cylinder Duramax turbo diesel and automatic locking rear differential)

OPTIONAL FEATURES CONT'D

- Automatic locking rear differential
- 3 additional audio systems available up to and including Chevrolet MyLink Radio¹⁹ with Navigation¹⁴ and 8" diagonal color touch-screen, with AM/FM/SiriusXM^{®8} (3-month trial), USB port¹⁸, auxiliary jack, Bluetooth[®] streaming audio for music and compatible phones¹⁷, hands-free smartphone integration, Apple CarPlay^{™30} support for compatible phones¹⁷, and Bose[®] premium 7-speaker system
- 2 USB ports¹⁸ located on the rear of the center console
- Full-length black vinyl flooring (WT Extended Cab only)
- Rear seat delete (WT Extended Cab only)
- OnStar[®] Basic Plan³ for 5 years
- OnStar[®] Guidance Plan¹ for 6 months (trial excludes Hands-Free Calling)
- OnStar[®] 4G LTE with a built-in Wi-Fi[®] hotspot² includes OnStar[®] Data Trial for 3GB or 3 months (whichever comes first)
- Spotter mirror located in corner of right and left outside mirrors (included and only available with WT Appearance Package)
- WT Convenience Package — includes Remote Keyless Entry, theft-deterrent system, electronic cruise control and E-Z Lift tailgate

- LT Convenience Package — includes rear window defogger, front fog lamps, remote vehicle starter system, EZ-Lift tailgate and rear-sliding window
- Luxury Package (Chrome) — includes 4-way power front passenger seat adjuster, power lumbar control for driver and front passenger, heated driver and front passenger seats, single-zone automatic climate control, projector-type headlamps, inside rearview auto-dimming mirror, outside heated, power-adjustable, manual folding chrome mirrors, chrome rear bumper and chrome door handles
- Safety Package — includes Forward Collision Alert and Lane Departure Warning (available on 2LT & 4LT equipment groups)

XTS COACHBUILDER LIMO AND EXTENDED SEDAN

Cadillac's distinctive styling is evident in the XTS Limousine, extendable up to 70" by Cadillac Master Coachbuilders. Clients will travel in comfort with the powerful and efficient FWD 3.6L V6 engine under the hood, while luxurious interior features and leather-appointed seating comfortably accommodate up to 7 passengers and a driver.

The XTS-L Extended Sedan, available through Cadillac Master Coachbuilders, redefines passenger comfort with up to an extra 7" of legroom, and optimized suspension and ride control systems for a quiet and smooth riding environment.

Cadillac sells an incomplete vehicle chassis to its certified Cadillac Master Coachbuilders (CMCs) for final vehicle manufacturing and distribution. Each CMC has a different interpretation of the finished product and offers unique interior and exterior features to the industry.

The XTS Limousine and Extended Sedan chassis are engineered for the rigors of the chauffeured transportation industry. All CMC-converted limousines and extended sedans are backed by Cadillac's Professional Vehicle Protection Plan for 3 years or 150,000 miles (whichever comes first). See dealer for details.

XTS COACHBUILDER HEARSE

Cadillac continues its rich heritage in the funeral industry by offering a perfect balance of elegant styling and refined technology to address the industry's unique requirements. The Cadillac Master Coachbuilder-converted XTS hearse imparts a respected presence to the procession while upholding the standard of luxury funeral clients deserve and expect.

Cadillac sells an incomplete vehicle chassis to its certified Cadillac Master Coachbuilders (CMCs) for final vehicle manufacturing and distribution. Each CMC has a different interpretation of the finished product and offers unique interior and exterior features to the industry.

The XTS hearse chassis is engineered for the heavy-duty application and long idle periods of a funeral procession. All CMC-converted hearses are backed by Cadillac's Professional Vehicle Protection Plan for 6 years or 100,000 miles (whichever comes first). See dealer for details.

3. Whichever comes first. A Qualified Fleet User is defined as a company that has purchased and registered or leased five (5) or more new cars/or trucks solely for use in its operation during the current or preceding calendar year, model year, preceding twelve (12) month period, or that owns or leases fifteen (15) or more cars and trucks. Excludes rental customers. See dealer for details.
4. During the 8-year/100,000-mile Hybrid warranty period, towing is covered to the nearest Chevrolet/GMC/Buick/Cadillac servicing dealer if your vehicle cannot be driven because of a warranted Hybrid-specific defect.
5. Tires also covered under the bumper-to-bumper warranty but are prorated based upon mileage. See dealer for warranty details.
6. If warranty repair requires replacement, the high voltage battery may be replaced with either a new or factory refurbished high voltage battery with an energy capacity (kWh storage) level at or within approximately 10% of that of the original battery at the time of warranty repair. Your Electric Propulsion battery warranty replacement may not return your vehicle to an "as new" condition, but it will make your vehicles fully operational appropriate to its age and mileage.
7. Maintenance item after 7,500 miles.
8. Diesel engine powered Low Cab Forward units are covered for 3 years/unlimited miles.
9. Excludes Low Cab Forward models.
10. Gasoline engine powered Low Cab Forward units are covered for 5 years/75,000 miles, whichever comes first. Diesel engine powered Low Cab Forward units are covered for 3 years/unlimited miles.
11. For Low Cab Forward models, see dealer for details.

ESTABLISHING A NEW GM FLEET ACCOUNT NUMBER (FAN)

A. DETERMINE IF A PROSPECT IS QUALIFIED:

Fleet Account Numbers are assigned to qualified fleet companies upon application to General Motors through the GM Fleet Account Number System (GMFANS).

Enrollment Terms and Conditions

A "Qualified Fleet User" is defined as any company which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) solely for business use in its operation during the preceding twelve (12)-month period, or that currently owns or leases fifteen (15) or more cars and trucks used in its company service. Supporting documentation must be retained by the Dealer and made available to GM upon request.

New motor vehicles ordered fleet must be delivered to the same Qualified Fleet User (same GM Fleet Account Number or FAN). In addition, vehicles must be kept in fleet service by the same Qualified Fleet User for a minimum of six (6) months from the date of delivery unless a different fleet service requirement is specified in the official written program guidelines provided by GM.

The Qualified Fleet User, by executing the Enrollment Form, certifies it is a Qualified Fleet User, acknowledges the fleet program eligibility requirements specified therein, and agrees to comply with the requirements. Additional eligibility requirements for specific fleet programs, as issued by GM to its Dealers from time to time, will be made available to Qualified Fleet Users by the selling Dealer as required.

The Qualified Fleet User further agrees to provide, upon request by GM or the selling Dealer, access to original business records confirming that vehicles were registered, used and transferred only in accordance with GM program requirements. In the event (1) a Qualified Fleet User orders new motor vehicles from a Dealer and identifies them as fleet units eligible for GM fleet programs, and (2) the vehicles are not used by Qualified Fleet User in accordance with program requirements, GM will take appropriate action, which may include the disqualification of the Qualified Fleet User and/or Dealer from future participation in fleet programs, and the issuance of a chargeback against the Dealer or identified Qualified Fleet User for any special allowances, incentives, special option packages or other promotional programs which GM paid or credited to the Dealer or identified Qualified Fleet User as a result of inaccurate representations. In

the event of such a chargeback to the Dealer, the Qualified Fleet User agrees to reimburse the Dealer.

B. IF A PROSPECT IS QUALIFIED:

A General Motors Dealer is required to submit an enrollment application through GM GlobalConnect. The enrollment application can be found on the GM Global FANS website. The following information is required:

1. Name of business
2. Both physical and mailing addresses (if different)
3. Phone number

Upon completion of the enrollment application on the website, dealer will submit this document electronically. Upon processing, a General Motors FAN will be issued and the requesting dealer will be advised of the FAN via e-mail.

All supporting documentation of the prospect's fleet eligibility must be retained at the dealership submitting the enrollment application.

STANDARD FLEET ELIGIBILITY GUIDELINES

Unless otherwise indicated, the following eligibility guidelines will apply to all fleet incentive/allowance programs.

- A. The order period will begin with the announcement of the 2017 model year fleet incentive programs and end when dealers are notified that 2017 model year orders are no longer being accepted by the respective GM Divisions.
- B. The delivery period is the start of 2017 production.
- C. Eligible vehicles must remain in service for a minimum of six (6) months (even if the retail alternative incentive is selected). However, if a vehicle has been damaged beyond repair, i.e., fire, frame or water damage, etc., and documentation is available to support the condition, this provision will be waived.
- D. All qualified fleet orders for eligible models received from Dealers must contain a valid fleet order type.
- E. All qualified fleet orders for eligible models received from Dealers must contain the GM Fleet Account Number (FAN) of record and the FAN account name.
- F. Dealer Order Acknowledgments must be checked to verify accuracy of orders submitted.
- G. Dealer orders currently on hand or in the system that qualify under these programs, except that they do not contain the appropriate processing options, can be amended or canceled and reordered if they have not been approved for production (preferenced). This is the ordering Dealer's responsibility.

- H. Vehicles delivered to unqualified customers are ineligible, and the Dealer's open account will be debited for the amount of the credit and any other fleet allowance paid. Failure to comply with these guidelines may also result in the Dealer being disqualified from future participation in Fleet programs and/or termination of the Dealer's Sales and Service Agreement. Failure to report a FAN and valid fleet delivery type on the delivery record, if required by the GM Division, will automatically generate a debit to the Dealer's open account.
- I. Eligible passenger car deliveries must be made to the ultimate customer through a dealership representing the GM marketing division. Passenger car deliveries made through any entity or individual other than the General Motors Dealer are ineligible for payment. Eligible light-duty truck orders may be delivered through body builders if the end user is a qualified fleet or political subdivision, including the federal government.
- J. Dealers must take full responsibility for including the proper processing option on the orders. No additions or changes will be accepted after orders are approved for production (preferenced).
- K. Fleet orders submitted with both a fleet processing option and any ineligible fleet or retail incentive option will be rejected with an error message.
- L. Acceptance of an order on any vehicle line does not constitute a commitment to build or to build in a requested time frame.
- M. Those orders not produced during the 2017 model production period will be canceled. There are no provisions for Dealers to receive any allowance for those canceled orders.
- N. Order Workbench delivery codes reported by Dealers must be the same as the Order Workbench codes provided in incentive program guidelines.

IMPORTANT

Information contained in this reference guide is intended to be a quick reference digest only. In no way does it supersede program Dealer letters or guidelines. To assure accuracy, check official documents before placing any orders. Specific questions or requests for assistance should be addressed to GM Fleet.

GM Fleet Action Center
1-800-FLEETOP (800-353-3867)

a Based on comparison of GM Sale data to comparable vehicles in NADA AuctionNet data.
b Based on current portfolio.

COMMERCIAL SOUNDING BOARD

The mission of the GM Commercial Sounding Board is to create a forum for Commercial Fleet Professionals and GM Fleet and Commercial management to candidly discuss all issues of importance to the entire fleet industry. The Commercial Sounding Board welcomes your ideas to improve the way GM Fleet and Commercial Operations does business with you. Please submit your ideas via e-mail to the CSB member nearest your location. Your questions and concerns will be sent directly to GM. For general fleet questions, please call the GM Fleet and Commercial Action Center at 1-800-FleetOp (1-800-353-3867).

SMALL BUSINESS RESOURCES

CHEVROLET/GMC BUSINESS ELITE

When you're an expert in your field, you know the meaning of hard work. Your Chevrolet and GMC Business Elite Dealers do, too. It's more than simply selling you a vehicle; it's taking the time to get to know your business to help you find the right vehicle for your needs. And more than that, it's about remaining a partner throughout the life cycle of your fleet.

Business Elite is more than just a name, it's a suite of products and services you won't get from anyone but your Business Elite Dealer:

DEDICATED DEALER REPRESENTATIVE

- Individual help so you get the exact vehicle you need for your job
- Recommendations for appropriate upfits

EXTENDED SERVICE HOURS

- Get the equipment and services you need outside of a 9-5 day
- Ensure your business doesn't miss a beat

WORK-READY LOANERS

- Stay on task with available loaner vehicles

COVERAGE THAT HELPS KEEP YOUR VEHICLES ON THE ROAD

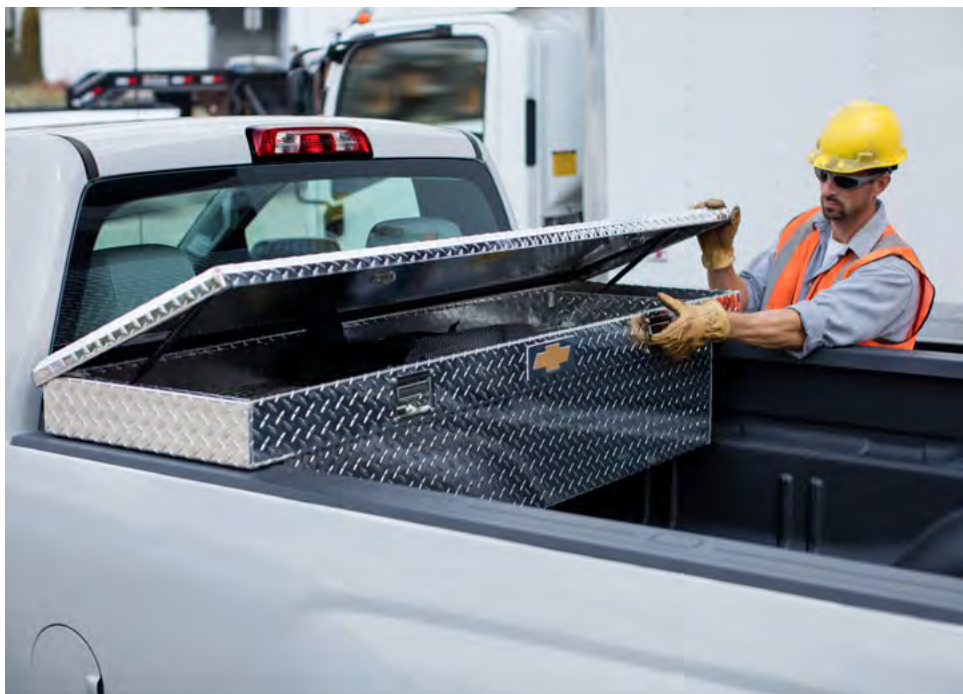

- Your 2016 vehicle is covered by 2 years/24,000 miles of included maintenance,^a which includes two maintenance visits. Included services are:
 - Oil and filter change
 - Four-wheel tire rotation (single axle only)^b
 - Multi-Point Vehicle Inspection
- 3-year/36,000-mile^c Bumper-to-Bumper Limited Warranty
- 5-year/60,000-mile^c Powertrain Limited Warranty
- 5-year/100,000-mile^c Powertrain Limited Warranty for HD diesel pickups
- 5-year/60,000-mile^c 24-Hour Roadside Assistance, including round-the-clock towing and Courtesy Transportation
- 5-year/100,000-mile^c 24-Hour Roadside Assistance, including round-the-clock towing and Courtesy Transportation for HD diesel pickups
- 8-year/100,000-mile^c 24-Hour Roadside Assistance, including round-the-clock towing and Courtesy Transportation for Chevrolet hybrids

a. Maintenance visits must occur within 2 years or 24,000 miles of vehicle delivery, whichever comes first. Does not include air filters. See participating dealer for other restrictions and complete details.

b. Excludes all Corvette models and Camaro ZL1 1LE due to their unidirectional tires. See the Owner's Manual for details.

c. Whichever comes first. See dealer for limited warranty details.

SMALL BUSINESS RESOURCES

BUSINESS CHOICE OFFERS

FLEXIBLE SOLUTIONS FOR YOUR BUSINESS

The 2016 CHEVROLET BUSINESS CHOICE OFFERS provide you the best value on the vehicles that run your business.^a

From Upfit Cash Allowance,^b which now includes vehicle wraps, to GM Accessory Cash Allowance^c or the Chevrolet Commercial Powertrain Protection Plan,^d you have more options than ever to save.

You can also add current retail offers on top of these impressive options for a deal you can't pass up.

To get the latest information available, visit
gmfleet.com/businesschoice

- a. 2016 GM BUSINESS CHOICE PROGRAM REQUIREMENTS: The 2016 GM Business Choice Program is valid from October 1, 2015, through September 30, 2016. You must purchase or lease your vehicle during the program period and be prepared to provide proof of your business. Vehicle must be used in the day-to-day operation of the business and not solely for transportation purposes. This program may not be compatible with other offers or incentive programs. Consult with your Chevrolet dealer for program compatibility and other restrictions. For complete program requirements, including information regarding offers, vehicles, equipment, options, warranties, and ordering, consult your Chevrolet dealer.
- b. To qualify, vehicle must be used in the day-to-day operations of your business and not solely for personal/non-business-related transportation purposes. Must provide proof of business. Not available with some other offers. For complete program requirements, including information regarding offers, vehicles, equipment, options, warranties, and ordering, consult your Chevrolet dealer. Take delivery by 9/30/16.
- c. Fully backed by GM. GM Accessories permanently installed at the time of new-vehicle delivery are covered under the New-Vehicle Limited Warranty. If installed after delivery, coverage on parts and labor is for the balance of the new-vehicle warranty or a minimum of 12 months or 12,000 miles, whichever comes first. GM Accessories not requiring installation or purchased over the counter carry a 12-month limited warranty on parts only. Does not apply to licensed products. Take delivery by 9/30/16.
- d. Offer limited to 2016 model year Retail Small Business Delivery Types (018 or 029). See dealer for details. Take delivery by 9/30/16. The Chevrolet Commercial Powertrain Protection Plan total coverage is 5 years or 100,000 miles, whichever comes first. Please see the terms and conditions for full coverage details. This plan is provided and administered by AMT Warranty Corp., P.O. Box 927, Bedford, TX 76095, (877) 265-1072 (except in Florida, the vehicle service contract obligor/provider and administrator is Wesco Insurance Company, 59 Maiden Lane, 43rd Floor, New York, NY 10038, (866) 327-5818, LICENSE #01913.) AMT Warranty Corp. and Wesco Insurance Company are not related entities of GM or its dealerships.

SMALL BUSINESS RESOURCES

COMMERCIAL LINK

Your business needs to run at its peak all day, every day. Commercial Link is an easy-to-use vehicle management system that will help keep your business running at maximum efficiency. And Commercial Link leverages OnStar® hardware, so you'll know the information you get for your vehicles is safe, reliable and trustworthy. Here's the information Commercial Link provides that will help you manage your vehicles:

Location — GPS Location Tracking

Tracking your vehicles and their location history can help you plan more efficient routes or re-route vehicles already in the field. Plus, you have the convenience of being able to do this from your mobile device or computer.

Fuel — Fuel Efficiency

Monitoring your vehicles' fuel consumption over time can help you get the most out of what you spend on fuel.

Speed — Average Speed for a Trip

Monitoring your vehicles' speed and speed alerts can help improve driver safety, and reduce operating cost (i.e., insurance, tickets, etc).

Maintenance — One Step Ahead

Receiving service and maintenance notifications can help you schedule needed maintenance or repairs and improve efficiency by minimizing unexpected downtime. These alerts can also help you optimize your time because there's no more need for manual driver checklists.

Reporting — The Right Answers

Customizing threshold notifications and alarms helps ensure you receive the reports you want and need to manage your vehicles. At the end of the year, you'll also be able to get consolidated reporting, which will help simplify your year-end analysis and help you plan for the future.

PUT COMMERCIAL LINK TO WORK FOR YOUR BUSINESS

Commercial Link can help you keep your business running at peak efficiency for pennies a day with the activation of your vehicle's OnStar® Basic Plan³ (which is included for 5 years from the original new-vehicle delivery date on most vehicles). All you have to do is accept the OnStar® Terms and Conditions and Privacy Statement (TCPS) and set up an OnStar account when you take delivery of your new vehicle, then go to gmcommerciallink.com and get Commercial Link for your business.

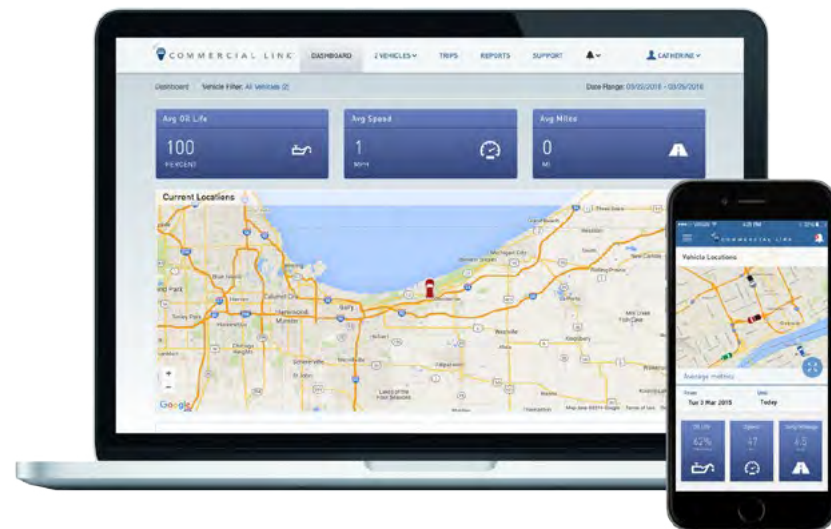

COMMERCIAL LINK

CHECK OUT COMMERCIAL LINK!

Visit gmcommerciallink.com today to sign up and start Commercial Link for your business!

KEY FEATURES:

- No account set up fee
- No OnStar paid subscription required
- No term commitment
- No additional hardware needed
- Cancel service at any time
- Available on most 2015 model year and newer vehicle GM vehicles

SMALL BUSINESS RESOURCES

GM FINANCIAL

GM FINANCIAL SERVICES

At GM Financial, we understand the needs of commercial borrowers and the intricacies and complexities of commercial vehicle lending. Our suite of Commercial Vehicle Lending (CVL) products can help provide the financing options you need to get the job done, including establishing lines of credit. Here's a brief look at some of our products:

TRADITIONAL FINANCE (APR)

Our program is the perfect option if you prefer to own your new or used commercial vehicles. We also offer the ability to customize your commercial-use vehicle with various upfit options to meet your business needs. Plus, various payment options are available, including monthly, quarterly, semi-annual and annual.

THE RIGHT TRACSM LEASE

This open-ended lease program features unlimited mileage and no wear-and-tear restrictions, which enables you to customize the payment and residual based on your unique business needs.

MUNICIPAL LEASE

This product enables a public entity to purchase essential-use vehicles by making lease payments over the useful life of the asset. This is done with: low, tax-exempt rates, easy and convenient documentation, and flexible payment options (annual, semi-annual or quarterly).

COMMERCIAL LINE OF CREDIT

This accommodates all GM Financial commercial products and allows you to conveniently purchase vehicles without the need for continually reviewing financial statements, by providing a specific source of funds solely for acquiring company vehicles.

COMBINED BILLING

This product provides the ability to consolidate all commercial vehicle accounts on a single invoice with a common due date.

ABOUT THIS GUIDE

We have tried to make this guide comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this guide and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings, prototypes and laboratory tests.

Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of release, please check with your GM dealer for complete details. Competitive comparison claims are based on most current competitive information. GM reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

The vehicles described in this guide are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly. Some of the equipment shown or described throughout this guide may be available at extra cost, and/or supplied by an independent supplier.

See your local General Motors Fleet Account Executive or Dealer Fleet/Commercial Sales Manager for up-to-date information, or see the GM Online Order Guide at gmfleet.com.

COPYRIGHT AND TRADEMARK

All text, images, graphics and other materials in this Guide are subject to the copyright and other intellectual property rights of General Motors LLC. These materials may not be reproduced, distributed or modified without the express written permission of General Motors LLC.

The marks appearing in this guide including, but not limited to: (i) GM and the GM Logo; (ii) Chevrolet, Buick, Cadillac and GMC and their respective logos, emblems, slogans and vehicle model names and body designs; and (iii) other marks such as GM Fleet and Commercial, Ally, ACDelco, StabiliTrak, Rainsense and QuietTuning are trademarks and/or service marks of General Motors LLC, its subsidiaries, affiliates or licensors. The SiriusXM name and related logos are registered trademarks of SiriusXM Satellite Radio, Inc. OnStar and the OnStar emblems are registered trademarks of OnStar LLC. Bose is a registered trademark of the Bose Corp.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials, or workmanship of any alterations by such suppliers.

DETAILED NOTES, AS APPLICABLE TO REFERENCES ON INDIVIDUAL VEHICLE PAGES

1. Visit onstar.com for coverage map, details and system limitations.
2. Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations.
3. Does not include emergency or security services. Visit onstar.com for coverage map, details and system limitations.
4. Visit onstar.com for vehicle availability, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data.
5. Available on select Apple, Windows, Android and BlackBerry devices. Services vary by device, vehicle and conditions.
6. Requires compatible mobile device and active OnStar subscription. Visit onstar.com for details and system limitations.
7. Visit onstar.com for vehicle availability, details and system limitations.
8. If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change.
9. Cargo and load capacity limited by weight and distribution.
10. Gross Vehicle Weight Rating (GVWR). When properly equipped, includes vehicle, passengers, cargo, and equipment.
11. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb.
12. Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo, and options or accessories may reduce the amount you can tow.

13. Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.
14. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Map coverage available in United States, U.S. Virgin Islands, Puerto Rico and Canada.
15. E85 FlexFuel capability is not available in AZ, CA, CT, DE, MA, MD, ME, NJ, NY, OR, PA, RI, VT, and WA. E85 is a combination of 85% ethanol and 15% gasoline. Go to www.afdc.energy.gov/afdc/fuels to see if there is an E85 fuel station near you.
16. Requires one of the following Fleet or Government order types: FBC, FBN, FCA, FCN, FLS, FNR, FRC or FGO. Not available with FDR order type.
17. Go to appropriate divisional site to find out which phones are compatible with the vehicle.
