

Hat Weave Rattan Pendant Lamp

DESCRIPTION

This chandelier marries the earthy texture of hand-woven rattan with the sleek durability of metal, creating a piece that's both playful and refined. The wide brim of the 'hat' is crafted from interlaced rattan, allowing light to peek through and cast a warm, mottled glow that is reminiscent of dappled sunlight through a straw hat. The metal elements provide a contemporary contrast, ensuring that the chandelier holds a sense of balance and modernity.
