Mouse Specifications

Working current	≤8mA
Working range	Within 10m (33ft)
DPI of the mouse	800-1200-1600 dpi
Key lifespan	3 million strokes
Batteries	2 AAA batteries for the mouse (Battery not included)
Sleep mode	Mouse will turn to sleep mode after 10 minutes of inactivity

Keyboard Specifications

Working current	≤8mA
Working range	Within 10m (33ft)
Key lifespan	3 million strokes
Batteries	2 AAA batteries required for the keyboard (Battery not included)
Sleep mode	Keyboard will turn to sleep mode after 5 seconds of inactivity

Package Contents

- ▶ 1 * Wireless Keyboard
- ▶ 1 * Wireless Mouse
- ▶ 1 * USB Receiver(Stored in the mouse's battery compartment)
- ▶ 1 * User Manual

FAQ

Keyboard & Mouse won't work properly

The keyboard and mouse are not working properly.
- Ensure that the batteries in the keyboard and mouse are not low. If they are, replace them with new ones.
- Make sure that both the keyboard and mouse are turned on.
- Confirm that the USB receiver is properly inserted into the computer. Check if the computer recognizes the receiver. If not, try plugging the USB receiver into another USB port on the computer. If it still doesn't work, you can also test the receiver on a different device to check its functionality.

How to wake up the keyboard and mouse from sleep mode

To conserve battery life, the keyboard will enter sleep mode after 5 seconds of inactivity, and the mouse will enter sleep mode after 10 minutes of inactivity. To wake them up, simply press any key on the keyboard and click the left or right button on the mouse, and they will be ready for use within 3 seconds.

For any other issues while using, please do not hesitate to contact our customer service for assistance.

Sleep Mode

To conserve battery life, the keyboard will enter sleep mode after 5 seconds of inactivity, and the mouse will enter sleep mode after 10 minutes of inactivity. To wake them up, simply press any key on the keyboard and click the left or right button on the mouse, and they will be ready for use within 3 seconds.

Safety Warning

IMPORTANT: To reduce risk of fire, electric shock, or injury, follow the safety instructions.

- ⚠ Heat Exposure: Avoid leaving the item in high-temperature environments or in direct sunlight, which could result in a fire hazard.
- ⚠ Liquid Exposure: Keep the item away from water and liquids. Do not use it until thoroughly dried.
- ⚠ Damage and Leakage: Cease usage and consult customer service if the item is damaged or the battery leaks.
- ⚠ Correct Disposal: Follow local regulations for disposing of electronic devices and batteries. Do not dispose of with household waste.
- ⚠ Radio Frequency Interference: This device may cause interference with other electronics. Keep a safe distance from sensitive devices.
- ⚠ Child Safety: Keep the item and its components out of reach of children to avoid choking or battery ingestion hazards. Never allow children to handle the item unsupervised.

CAUTION: Non-compliance with the above warnings can lead to serious injury or property damage.
