AC/DC AIR PUMP USER MANUAL

INTRODUCTION

Thank you for purchasing the AstroAI Air Pump.

To ensure the best performance and safety, please read and follow these instructions before use. Keep this manual for future reference. We hope you enjoy your new pump.

Thank you again for choosing AstroAI, if you have any questions or concerns regarding your product, please contact us via **support@astroai.com**.

Please fully read and understand this manual before using this product and keep this manual for future reference.

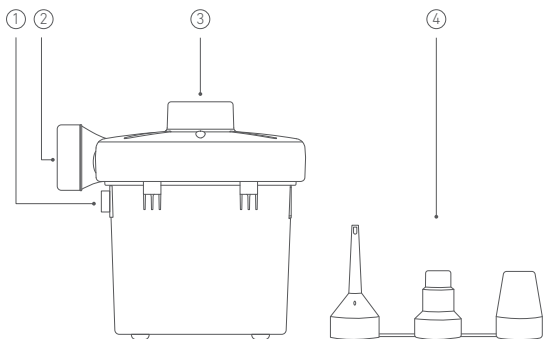

WARNING

- Please carefully read all the instructions before use.
- Always store this product in a dry place away from direct sunlight.
- DO NOT modify this product in any capacity.
- Please keep this product away from fire, corrosive liquid, and strong acid.
- DO NOT use or store in a humid environment.
- DO NOT use this product for unintended purposes.
- Please do not use this product continuously for more than 10 minutes. If the product is used for 10 minutes, allow at least a 3-minute interval for it to cool down.
- DO NOT let the hair, gravel, or dirt into the pump. These materials cause the pump to malfunction or burn out.
- Protect the eyes by maintaining a safe distance from the product's inflation/deflation nozzles during use.
- DO NOT put your fingers into any of the pump's holes. Doing so will hurt your fingers.
- When powering this product with a car's DC power supply, ensure the car's engine is running.
- DO NOT block the heat dissipation port while the pump is working.
- Accidents may occur during shipping, please contact our customer support team if there are any accessories missing or quality-related issues.

PACKAGE CONTENTS

Air Pump	x 1	DC Cigarette Lighter	x 1
3 Interlocking Nozzles	x 1	User Manual	x 1
AC Adapter	x 1	Warranty Card	x 1

DIAGRAM

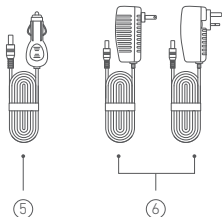

① Switch

② Inflatable Nozzle

③ Deflatable Nozzle

④ 3 Interlocking Nozzles

⑤ Cigarette Lighter

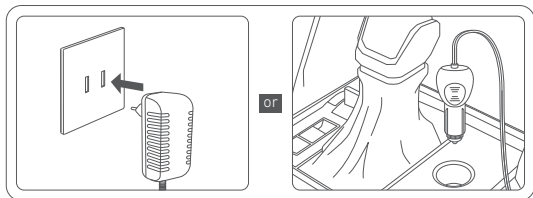

⑥ AC Adapter

(Note: This product only contains one AC adapter.

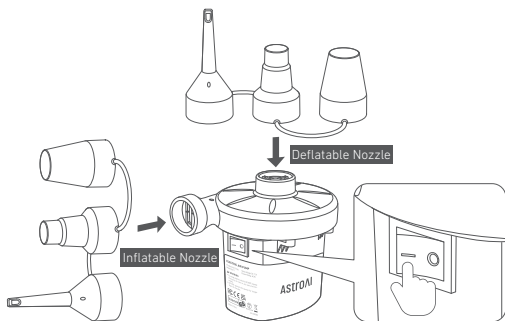

The adapter shape may differ slightly based on local standards.)

INSTRUCTIONS

1. Before starting, please press the "0" Switch. Then, plug the adapter into the pump's cylindrical power port and the appropriate AC/DC outlet (based on if you're using AC home power or DC car power).

2. Choose the appropriate nozzle and inflation/deflation port to use based on the type of item being inflated or deflated. Then, securely insert the nozzle into the inflatable and press the “—” Switch. The air pump will start work.

3. When the inflatable is filled to the appropriate pressure or sufficiently deflated, please press the “0” Switch. Then, unplug the power adapter.

TROUBLESHOOTING/FAQ

Q: The pump is not working

A: Please ensure that the outlet has power and the switch “—” is on.

Q: The pump is not inflating/deflating well

A: Please ensure nothing is blocking the air vent or nozzle.
