

# DISCOVER THE ADVANTAGES OF THE ZONEMIX SOLUTION

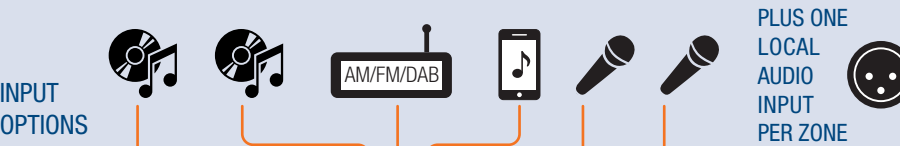

Zoning • Paging • Control – 4 Zone ZONEMIX4 and 8 Zone ZONEMIX8

## A FLEXIBLE ZONING SOLUTION

A zoning solution sharing 2 mic/line and 4 line inputs to 4 or 8 zone outputs. Each output zone also has an additional local input for added flexibility.

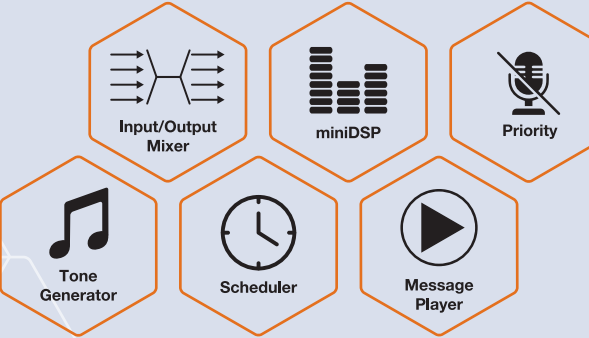

**ZONEMIX4** – 4 mono or stereo outputs  
**ZONEMIX8** – 8 mono outputs

Connect to Power amplifier, e.g. ESP, HSP or ISP series.

## MULTIPLE BUILT IN FEATURES

## A COMPREHENSIVE PAGING SOLUTION

Use either the ZONEMIX4 or ZONEMIX8 as a paging solution with up to 8 paging stations, custom message activation priority and scheduling.

UP TO 16 ZMPS PAGING STATIONS CAN BE CONNECTED TO EITHER THE ZONEMIX4 OR ZONEMIX8

SIX SHARED INPUTS. 2 MIC/LINE AND 4 LINE INPUTS PLUS ONE LOCAL INPUT PER ZONE

Connect to Power amplifier, e.g. ESP, HSP or ISP series.

The **ZMPS paging station** includes 13 programmable buttons. Buttons can be configured as zone or group selection or to activate pre-recorded message playback

## MULTIPLE CONTROL OPTIONS

Multiple control options include five wall panels models as well as USB, RS232 and Ethernet connectivity.

Wall panel options provide programmable buttons, contact closure outputs, volume control knobs and a Bluetooth receiver.

USE ONE OR MULTIPLE WALL PANELS IN EACH ZONE. (Only one audio wall panel supported per zone)

CONTROL VIA ETHERNET, RS232 OR USB
