

Your portable scanning solution up to legal size

Features:

- Scan document up to Legal size (8.5 x 14 in., 216x 356 mm)
- Scan all documents in color mode
- LED light source requires no warm-up time
- Scan documents (60~120 g/m²,) and plastic cards (up to 0.8mm)
- Auto power off after inaction for 15 minutes

Small and lightweight

Measuring only 291 x 67 x 40 mm(11.5 in x 2.6 in x 1.6 in.) and weighing a mere 370 grams, the ScanQ X series pushes the limits of size and weight for extreme mobility while delivering smooth full page document scanning.

ScanQ X series are small enough to be packed with your laptop and share your documents from just about anywhere, anytime.

Start a scan as long as a photo is inserted

Simply insert a page up 14" (356 mm) in length or a plastic card up to 0.8 mm in thickness and press the scan button of your application, the scan can be started immediately . You will be delighted to find the scanned images in color mode appropriately cropped, deskewed (automatically straightened) .

Find Your Document Quickly

Why wait until you get back to the office to organize that stack of paper in your briefcase? ScanQ X includes a powerful suite of bundled software designed to help you organize and find the information important to you.

Earth-Friendly LED Technology

The ScanQ X series deliver outstanding performance. However, it is earth-friendly at the same time. The LED technology requires

no warm up time and is lower power consumption. In addition, the ScanQ X series provide auto shutdown after inaction for 15 minutes to save your power.

Share Information Simultaneously with Your Team Members or Clients

Once all of your documents are scanned and organized, you can easily send them and share the valuable information they contain with your team, clients or headquarters. When you scan documents into a searchable PDF format, that information can be shared with anyone and quickly found later when it is needed. Much easier and faster than sorting through that stack of crumpled paper in the bottom of your

What we have bundled

The ScanQ X series come with Avison Button Manager V2.

Avision's Button Manager V2

-Completes your scan with a single step

The Button Manager V2 main screen

Button Manager V2 makes it easy for you to scan and send your image to your favorite destinations with a press one button. Now the new version comes with an innovative feature to let you scan and automatically upload the scanned document to popular cloud repositories such as Google Docs, Microsoft SharePoint, or FTP. In addition, the iScan feature allows you to insert the scanned image or recognized text after optional OCR (Optical Character Recognition) process to your text editor such as Microsoft Word to get your job done easily and quickly.

Advanced TWAIN Driver

Avision's easy-to-use TWAIN driver provides various useful features such as auto color detection, color matching, to enhance your image quality and improve your productivity.

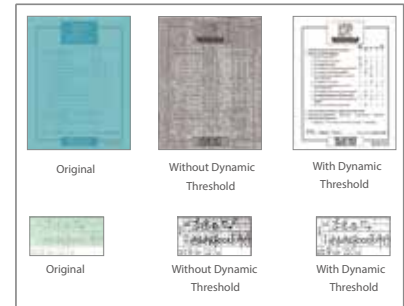

Color Drop Out

Not only R/G/B 3 channel color drop out, but any specific color can be selected as a color filter.

Binarization – Dynamic Threshold

When the original documents are contaminated or damaged, containing marks, white fonts, etc., the intelligent image enhancement tool helps you create sharp and crisp image.

Invert / Mirror

Invert: Reverse the brightness and the colors in the image.

Mirror: Reverse the right and left side of your image.
