Power, Pair & Charge

Hold to power on

The 39g automatically enters Bluetooth pairing when you first power on.

Pair the 39g to a device via Bluetooth

Pairing mode is indicated by the LED flashing blue and red

- On the device you are pairing to, open the Bluetooth menu
- Locate your Noxgear 39g in the Bluetooth menu and connect
- When connected the 39g will announce "connected" and is ready to play audio

Charge the 39g

- Connect the micro USB charging cable to a power source
- Plug USB cable in to the 39g's charging port
- While charging the LED glows solid red
- LED illuminates green when fully charged

Charge time is approximately 3 hours. May not arrive with full charge.

FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTICE: This product is not responsible for any changes or modifications not expressly approved by the party responsible for compliance. Such modifications could void the user's warranty to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and if not properly used or installed, it may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try the following measures to correct the interference:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Canadian Compliance Statement

This device complies with Innovation, Science and Economic Development Canada's technical radio standards. Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. Operation in the band 2156-2250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

Le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Magnetic Mount

Mount the 39g to any magnetic surface.

Note: Do not remove magnetic clip when mounting.

Wear with Magnet

PRODUCT GUIDE

39[™]_g

noxgear[®]

The magnetic clip can securely hold the speaker during vigorous activity through a shirt, rain jacket, hoodie, fleece and more.

Slide the magnetic clip downward with your thumb to remove

Position the magnetic clip on the inside of your clothing

Align the 39g to the magnetic clip for a secure hold

NOTE: Always point the magnetic clip back on the 39g when not in use.

Magnet should face outward

Wear with Clip
