

404544 Cat.6A U/FTP Installation Cable, Eca, LSZH, 305m

Product Images

Short Description

- AWG 23/1
- Solid bare copper conductor
- Transmission Frequency 500MHz
- 10GBit Ethernet
- CPR Certified, Fire protection Class: Eca (EN 50575:2014 + A1:2016)
- PoE Power over Ethernet support
- Jacket: Low Smoke Zero Halogen (LSZH/LSOH)
- RoHS compliant
- Color: RAL5012 (Blue)

- Package: Wooden Drum

Description

The Cat.6A U/FTP Bulk Cable is designed for high-performance networking, offering excellent data transmission capabilities and robust protection against interference. With a length of 305 meters, this cable is ideal for medium to large-scale installations, ensuring reliable connectivity in demanding environments. The U/FTP (Unshielded Foiled Twisted Pair) construction provides individual shielding for each twisted pair, minimizing crosstalk and reducing electromagnetic interference (EMI). Featuring an Eca fire-resistance rating, this cable meets European safety standards for use in a variety of commercial and industrial applications. The PVC (Polyvinyl Chloride) jacket offers durability and flexibility, making it suitable for both indoor and outdoor installations. Supporting 10Gbps speeds, this cable is perfect for high-speed networking in data centers, offices, and other professional settings.

Additional Information

Harmonized System (HS) code.	854449
Customs product code (TARIC).	8544499100
Color.	Blue
EAN.	4015867239384
Model Number.	404544
Shielded.	No
Approval and Compliance.	RoHS
Package Contents.	Cat.6A U/FTP Installation Cable
Cable Length.	305m
Dimensions (W x D x H).	0.56 x 0.56 x 305000 mm
Product weight (kg).	16
Category.	Cat.6A
Conductor material.	Copper
Conductor size (AWG).	23AWG
Cable Jacket material.	LSZH
