PHILIPS

Highlights

NeoPix 122 in True HD 720p

Dive into the captivating world of True 720p HD with the NeoPix 122, perfect for enjoying your favorite movies and TV shows on an a 65" screen in your bedroom. Benefit from the short throw engine, designed to minimize projection distance and create an even larger picture when just 2 meters away from the wall. The NeoPix 122 comes equipped with an integrated stand screw, ready for effortless ceiling mounting.

Smart Wi-Fi screen mirroring

Connect your mobile devices such as a tablets, smartphones or even computers wirelessly to mirror and share your contents. Videos on your phones? No worries, just cast it through Wi-Fi! (IOS, Android, Mac and PC). With the Dual band (2.4 and 5GHz), your connection will get even more stable and faster for smoother playback.

2.1 Powerful sound system

Thanks to its 2.1 audio system (two speakers and a subwoofer), immerse yourself in an

exceptional sound sensation. Thanks to its 3.5mm jack output, connect your earphones or even bigger sound with speakers.

Super silent

Fully engineered to improve airflow and heat dissipation while maintaining a compact design. Enhanced by the use of high-performance fans, it offers an unprecedented silence.

Extended image correction

Position the product where you prefer! Keystone correction and digital zoom technology will enable you to fine-tune the image to your exact need and place the projector at almost any distance. With the noise reduction technology, adjust your image for lifelike videos or cinema motion pictures

Built-in media player

Thanks to the integrated media player, you have everything at your fingertips: browse and watch all your videos, listen to your music or project your latest holiday photos. Just plug

your USB Stick or hard drive to enjoy all your local content.

Advanced LED Light Source

The powerful LED light source displays rich, vivid colors and will last up to 30,000 hours. You won't need to replace it since it lasts 20 years with an average usage of 4 hours per day! Additionally, the power consumption is far lower than a regular lamp based projector, which means you benefit from a bigger screen and fully immersive experience, all through an eco friendly device!

NeoPix 122 Connection

Connect any media device: set-top boxes, computers, game consoles and streaming boxes such as Fire Stick or Apple TV thanks to its built-in USB, HDMI. Enough of wires! Connect your smart dongles (Amazon Fire Sticks, Roku...) to the USB power out (5V2A) and get rid of an external adapter.
