 - b. Slightly click the switch to switch between brightness modes Low-High-Strobe
7. Power indicator
 - a. Green led $\geq 10\%$ charge
 - b. Red led $< 10\%$ charge

Caution

The lamp has a high brightness output and can potentially generate heat during continuous usage. Please follow carefully the below mentioned instructions:

1. Do not operate the lamp unattended
2. Do not leave the lamp at children reach
3. Do not aim the lamp directly into eyes
4. Allow the lamp to cool down after usage before storage
5. Do not charge the battery unattended
6. Do not leave the battery empty or partially charged for extended periods of time
7. Clean the screw threads every six months with a clean tissue and apply silicon-based lubricant to maintain water tightness
8. Do not use petroleum-based lubricants and/or cleaning agents on the lamp that could impair the water tightness
9. Suitable for use under natural rain but not suitable for water immersion and/or strong jets
